Anonymous Reporting Line
Open Issues

1. How do we insure protection of identity of persons who use the anonymous reporting line?

2. How do we protect the privacy and reputation of persons who may be accused?

3. What is our plan if the reporting line is flooded with complaints?

4. Should the line deal with issues other than suspected financial fraud? If so, which ones and why?

5. How do we handle public records requests to protect everyone involved?

6. How do we roll this out to campus – e.g. high profile v low key, phased v all at once?

7. How do we assure appropriate consultation with faculty and other stakeholders? And how do we do so in a way that is appropriately deliberative yet timely?

8. How will this be evaluated? When and by who?
