Where possible, this statement of reasons shall be provided before the departure occurs. This explanation shall outline the decision of the majority of the faculty, the decision of the department or faculty chair, or school director, or dean and director of the regional campus, whichever is the case, and the reasons the decisions differ. See paragraph (C) of rule 3335-3-56 of the Administrative
Code, for definition of non-academic centers. Academic centers are of two broad types: university centers and college centers.

University center typically will have a substantial research/scholarship component to their mission, but also may be involved in instruction, and/or related service. Their internal funding (initial and continuing) is drawn fully, or in large part, from central university funds (i.e. office of the president, office of academic affairs, office of research, colleges of the arts and sciences). The leadership of the center will report to one or more of those offices.

College centers typically will have some mix, with variable emphases, of research/scholarship, instruction, service, clinical or outreach missions. Internal funding (initial and continuing) is drawn fully, or in large part, from one college or a small set of colleges. The leadership of the center will report to one dean or a small set of deans.

(B) Establishment, reporting, and oversight.

(1) Establishment of university centers

Proposals for university centers will be developed following the “guidelines for the establishment and review of academic centers” and submitted to the office of academic affairs for action.

The chair of the council on academic affairs (CAA), the provost’s designee to that council, and the chair of the university research committee (URC) will review the proposal to ensure adherence to the guidelines and determine if it includes a substantial research component.

If so, a “centers subcommittee” of the council, supplemented with membership from URC, will review the proposal and bring a recommendation for action to CAA. If a substantial research component does not exist, the special subcommittee of the council (without URC involvement) will review the proposal and bring a recommendation for action to CAA.

If approved by CAA, the proposal will be sent to the university senate for final approval. That action will be communicated to the board of trustees.

(2) Establishment of college centers.

Each college will have a template for the establishment and review of centers that will be included in the college pattern of administration. Copies of college templates also will be maintained in the office of academic affairs (OAA). Proposals will be developed with adherence to the template, and submitted to the dean(s) of the college(s).

No review/action by CAA is required. The dean(s) will inform the OAA of the establishment of such a center. OAA will inform CAA, resulting in official institutional notification.

The office of academic affairs shall maintain a register of all academic centers and appropriate records concerning each one.

(3) Curricula and faculty affiliation.

Although neither university nor college centers may establish independent course offerings and degree programs, they may participate in cooperative programs involving course offerings and degree programs within existing academic units. With the approval of the council on academic affairs, the faculty of a school or college may delegate to an academic center the authority to offer courses or degree programs established under the auspices of that school or college. Proposals for any such courses or programs must be forwarded to the office of academic affairs with the
signature approval of the appropriate school or college which must retain ultimate authority and responsibility for the courses or degree programs.

University faculty and staff may affiliate with the academic center under procedures approved by its oversight committee. Academic centers shall not serve as tenure initiating units.

(4) Administration.

An academic center shall be administered by a director who shall be appointed by and report to the dean, relevant vice president(s) or deans of the pertinent college(s).

(5) Oversight.

Each university and college center shall have an oversight committee, at least two-thirds of whose members are regular faculty from the academic units involved in the center. The director shall consult regularly with the oversight committee.

The director of each academic center shall develop in conjunction with the oversight committee a pattern of administration for the center.

(6) Review process.

All university centers will be reviewed two years after initial establishment and at four-year intervals thereafter. The centers subcommittee of CAA will conduct the review following the “guidelines for the establishment and review of centers” and bring a recommendation for action to CAA. The range of actions include: continuation, conditional continuation with a follow-up in less than four years, and termination.

All college centers will be monitored through annual reports to the college dean(s). Should significant change to a center occur, or a decision be made to abolish a center, notification of that decision will be made to the office of academic affairs and through it to CAA.

(7) Previously established centers.

All existing academic centers established outside of this rule shall be reviewed under the requirements of this rule. Those not in compliance with the rule shall be allowed one additional year to make appropriate adjustments to allow for their continuation.

Note: the request of any established center seeking to move from one type to another must be reviewed and approved by CAA.

(C) Conditional use of the term “center.”

Start-up centers are permitted. Following submission of a formal request by a vice president or dean and expedited review and approval by CAA, the term “center” may be used related to external or central funding possibilities. That action will be communicated directly to the board of trustees. Should funding not be secured within one year, the unit must request from CAA an extension of the use of the term. Once funding is secured, the appropriate process for establishment of a university or college center must be initiated within one year. (B/T 9/8/61, B/T 6/4/93, B/T 8/1/97, B/T 12/4/98, B/T 6/7/2005, B/T 6/6/2008)

3335-3-37 Alteration or abolition of units.

(A) Definitions.

(1) The term unit refers to departments, schools and colleges.
(2) For purposes of this rule, the term alteration shall refer to the consolidation or reconfiguration of units. Consolidation shall refer to the combining of two or more units, with little or no additional change. Reconfiguration shall refer to the breaking apart of existing units and their academic programs and recombining the faculty and programs into new units.

(3) For the purposes of this rule, the term abolition shall refer to the complete elimination of a unit and the academic programs it provided.

(4) Alteration or abolition described herein may be initiated without a declaration of financial exigency.

(B) Procedure for alteration or abolition of departments and schools.

(1) A proposal to alter or abolish a unit may be initiated by any of the following:

(a) The dean of the college administratively responsible for the unit(s) for which alteration or abolition is proposed,

(b) The executive vice president and provost,

(c) The council on academic affairs, or

(d) Faculty from the affected unit(s).

(2) A proposal for alteration or abolition of a unit must include an analysis with the following elements. It shall be the responsibility of the party making the proposal to provide this analysis.

(a) A rationale for alteration or abolition of the unit which includes a history of the formation, activities and evaluation of the performance of the unit.

(b) An enumeration of all faculty affected by the alteration or abolition of the unit.

(c) A person-by-person analysis of the proposed reassignment or other accommodation of the faculty identified in paragraph (B)(2)(b) of this rule, including a statement of the impact on promotion and tenure. No tenured faculty member shall be involuntarily terminated as a result of this process. However, faculty may be transferred to another unit in accordance with paragraph (C)(2) of rule 3335-6-06 of the Administrative Code and with regard to the teaching, research, and service expertise of the individual.

(d) An analysis of the academic courses now taught by the unit and provisions for their reassignment to other units, if relevant.

(e) An analysis of the students affected by the proposal, including majors, non-majors, professional and graduate students.

(f) Specific proposals regarding support for currently enrolled students until degree completion.

(g) An analysis of the budgetary consequences to all relevant units as a consequence of the proposal.

(h) An analysis of the services lost to the rest of the university as a consequence of the proposal.
(i) An analysis of impact on constituencies external to the university, including alumni.

(j) An analysis of the impact on governance at all relevant levels as a consequence of the proposal.

(k) An analysis of the impact upon diversity.

(l) An analysis of the impact on the academic freedom and responsibility of all affected faculty.

(3) The proposal must be discussed with affected faculty, students, and staff, who may provide written and verbal feedback. The proposal may be modified by the proposal’s initiator in response to feedback. Following a thorough consultative process with affected faculty, students, staff, and others as appropriate, the college faculty shall vote on the proposal. The proposal, along with the numerical vote of the college faculty, shall then be forwarded to the council on academic affairs.

(4) The proposal will be judged by the assessment parameters developed by the council on academic affairs and published in its guidelines. The council on academic affairs will review the proposal and will also evaluate the consultation process. It will then return the proposal to the initiator for additional work if the proposal or the consultation has been judged inadequate, or approve the proposal and send it to the university senate for consideration, or disapprove the proposal, which ends the process.

(5) If the council on academic affairs approves the proposal, a memorandum of understanding will be developed and signed by all relevant parties.

(6) The university senate shall vote on the proposal. If it approves the proposal, the recommendation shall be forwarded to the president. A negative vote ends the process.

(7) The president shall review the proposal. If in favor, the president will forward it to the board of trustees. If the board of trustees approves the proposal, then the executive vice president and provost will appoint an oversight committee to monitor the implementation of the process. The chair of faculty council or designee; the secretary of the faculty; one member of the committee on academic freedom and responsibility; and three members of faculty council shall be appointed to the oversight committee, the purpose of which is to safeguard the interests of affected faculty, students, and staff. Through the chair of faculty council, the oversight committee will periodically report to the university senate, review and assess outcomes, suggest changes where targets are not being met, and assure that the memorandum of understanding is upheld. The oversight committee will present a final report to the senate.

(C) Procedure for alteration or abolition of colleges.

(1) The council on academic affairs, the executive vice president and provost, the dean, or faculty from the affected unit may initiate a proposal to alter or abolish a college.

(2) A proposal for alteration and abolition of a college must include an analysis with all of the elements outlined in paragraph (B)(2) of this rule. It shall be the responsibility of the party making the proposal to provide this analysis.

(3) The council on academic affairs shall appoint an ad hoc committee to evaluate the proposal. The ad hoc committee shall have a majority of regular faculty. The charge to the ad hoc committee and the composition of that committee must be agreed upon by the council on academic affairs, the executive committee of faculty council, and the executive vice president and provost.
(4) The ad hoc committee shall evaluate the proposal, which will include extensive consultation with affected faculty, students, and staff, and relevant parties external to the university.

(5) The recommendation of the ad hoc committee will be forwarded to the council on academic affairs and the executive vice president and provost.

(6) Prior to accepting or rejecting the ad hoc committee’s recommendation, the council on academic affairs will consult with faculty council and the executive vice president and provost. The faculty council response, including its vote, and a letter of recommendation from the executive vice president and provost shall be considered by the council on academic affairs. The council on academic affairs will then either terminate the process or forward its positive recommendation to the university senate.

(7) If the council on academic affairs approves the proposal, a memorandum of understanding will be developed and signed by all relevant parties.

(8) The university senate shall vote on the proposal. If it approves the proposal, the recommendation shall be forwarded to the president. A negative vote ends the process.

(9) The president shall review the proposal. If in favor, the president shall forward it to the board of trustees. If the board of trustees approves the proposal, then the executive vice president and provost will appoint an oversight committee to monitor the implementation of the process. The chair of faculty council or designee; the secretary of the faculty; one member of the committee on academic freedom and responsibility; and three members of faculty council shall be appointed to the oversight committee, the purpose of which is to safeguard the interests of affected faculty, students, and staff. Through the chair of faculty council, the oversight committee will periodically report to the university senate, review and assess outcomes, suggest changes where targets are not being met, and assure that the memorandum of understanding is upheld. The oversight committee will present a final report to the senate. (B/T 6/1/2001, B/T 6/4/2004)

Chapter 3335-5

THE OHIO STATE UNIVERSITY
RULES OF THE UNIVERSITY FACULTY
FACULTY, GOVERNANCE, AND COMMITTEES

General Matters

3335-5-01 Academic freedom and responsibility.

(A) The Ohio State University endorses full academic freedom as essential to attain the goal of the free search for truth and its free exposition. Academic freedom and academic responsibility are twin guardians of the integrity of institutions of higher learning. This integrity is essential to the preservation of a free society and explains the willingness of society historically to accept the concept of academic freedom and, in addition, to protect it through the institution of academic tenure.

(B) The principal elements of academic freedom include the freedom of teachers to:

1. Teach, conduct research, and publish research findings;
2. Discuss in classrooms, in their own manner, any material that is relevant to the subject matter as defined in the course syllabus;
3. Exercise their constitutional rights as citizens without institutional censorship or discipline;
4. Seek changes in academic and institutional policies through lawful and peaceful means.

(C) Academic freedom carries with it correlative academic responsibilities. The principal elements include the responsibility of teachers to:

1. Meet their defined teaching, research, and service obligations;
2. Pursue excellence, intellectual honesty, and objectivity in teaching, in conducting research, and in publishing research findings;
3. Encourage students and colleagues to engage in free discussion and inquiry;
4. Evaluate student and colleague performance on a scholarly basis;
5. Refrain from persistently introducing matters that have no bearing on the subject matter of the course;
6. Work with appropriate individuals and bodies to provide optimal conditions conducive to the attainment of the free search for truth and its free exposition;
7. Differentiate carefully between official activities as teachers and personal activities as citizens, and to act accordingly. (B/T 9/14/65, B/T 5/2/75, B/T 3/1/85)

3335-5-02 Appointments and continuing employment; conditions upon.

(A) Upon nomination and recommendation by the president of the university, the board of trustees shall make all appointments to all positions within the university and approve the salaries therefor.

(B) In defense of the freedom of those who teach and those who learn, and of the governmental system upon which such freedom is dependent, the conditions hereinafter set forth shall govern all initial appointments and continuing employment by the university.
(C) It shall be sufficient cause for the removal of any officer, teacher or employee of the university, pursuant to the procedures set forth in rule 3335-5-04 of the Administrative Code, that such officer, employee, or teacher advocate, or have membership in an organization which is generally known to advocate the overthrow of the government of the United States, or of the state of Ohio, by force, violence or other unlawful means. (Reference is made to the provisions of section 124.36 of the Revised Code.)

3335-5-02.1 Financial exigency.

(A) Definition. "Financial exigency" is an imminent financial crisis which seriously jeopardizes the ability of the university as a whole to survive as an institution of excellence in teaching, research, and public service. Projections of enrollment, of instructional subsidies, and of other sources of revenues must demonstrate that the shortage of funds will be both severe and persistent and cannot be alleviated by temporary or voluntary measures, as specified in paragraph (B)(2) of this rule.

(B) Mechanism of determination.

(1) In the event of an imminent financial crisis, as announced and defined by the president to the university senate, the president will solicit the recommendations of the fiscal committee, as provided for under rule 3335-5-48.11 of the Administrative Code, to ascertain whether a determination of financial exigency is warranted.

(2) The fiscal committee, acting in accordance with rule 3335-5-48.11 of the Administrative Code, shall have the responsibility to:

(a) Review the budgetary documentation of the crisis, having full access to that documentation.

(b) Assess whether the crisis would reduce the quality of the academic programs of the university as a whole to an unacceptable degree and would render the university unable to meet its obligations to the public.

(c) Ascertain the extent to which consolidation or elimination of some administrative offices and services or reductions in operating and equipment budgets would alleviate the crisis.

(d) Ascertain the extent to which voluntary retrenchment mechanisms, including early retirement or resignation or other economic incentive plans, would alleviate the crisis.

(e) Make a recommendation based upon the above considerations of the need for a determination of financial exigency.

(f) Report the results of its deliberations to the university senate.

(g) Monitor the financial condition of the university during a state of financial exigency.

(3) Upon receipt of the report of the fiscal committee, the university senate shall make its recommendations as to whether there should be a determination of financial exigency.

(4) Upon receipt of the recommendations of the fiscal committee and the university senate, the president will notify the university community and the university senate of the administration's analysis and proposed response to the financial situation, allowing an opportunity to respond to questions and to solicit advice and opinions.

(5) In the event that the recommendations of the university senate and the president differ substantially on recommending determination of financial exigency to the board of trustees, recommendations of both shall be forwarded to the board, which has final
responsibility for the determination of financial exigency. No further establishment of financial exigency will be required for one year at which time the full procedures must be invoked again.

(C) Review of administration proposals for alleviating financial exigency.

(1) Upon determination of a state of financial exigency and upon receipt from the executive vice president and provost of proposals, prepared in consultation with the college faculties, for curtailment of academic programs to alleviate financial exigency, the council on academic affairs shall review the proposals.

(2) For the purpose of this review, the council is to be an advisory committee to the president and is to report the results of its review both to the president and to the university senate.

(3) For this review, the council shall be chaired by a faculty member of the council. If neither the chair nor the vice chair of the council is a faculty member of the council, then a faculty member of the council shall be elected to act as chair of the council for the review of these proposals and for the submission of results to the president and to the university senate.

(4) In the conduct of its review, the council is authorized to:

(a) Obtain explanations of the proposals or provisions thereof;

(b) Request or initiate changes in the proposals and seek concurrence of appropriate administrators. In the event of non-concurrence, the council will note any points of disagreement.

(5) All proposals are to be reviewed both individually and as a coordinated set.

(6) In the review, the council shall:

(a) Consider alternatives to those proposals which would result in involuntary termination of tenured faculty members or regular faculty members in the probationary period;

(b) Determine that the proposals are consistent with established educational and academic policies of the university;

(c) Determine that there has been appropriate consultation with administrators, faculty, and students in the preparation of the proposals;

(d) Determine the extent to which the proposals affect the affirmative action commitment of the university;

(e) Determine that the proposals consider the effect upon students whose faculty advisers are reassigned or terminated and students whose field of study would be eliminated;

(f) Determine that the reassignment, economic incentive, and retraining provisions under rule 3335-5-02.2 of the Administrative Code have been considered;

(g) Determine that the proposals take into account the quality of relevant programs.

(7) The council shall conduct a hearing or hearings at which appropriate administrators, faculty members, and students are invited to testify.

(8) Within sixty days of the receipt of the proposals or such time as the president may designate, the council shall submit its report to the president and the university senate.
Ending a state of financial exigency. A state of financial exigency ends one year after determination, unless ended sooner by the board of trustees. (B/T 10/1/82, B/T 5/1/86, B/T 11/2/90, B/T 5/3/96, B/T 6/6/97, B/T 12/4/98)

3335-5-02.2 Treatment of tenured faculty members during financial exigency.

(A) Definitions and construction.

(1) "Academic program" or "program" means:
   (a) A college, school, department, division, or instructional unit headed by an academic administrator;
   (b) A research or service unit (which may or may not educate students) headed by an academic administrator;
   (c) A coherent set of courses, or program of study, which leads to an academic degree; or
   (d) A coherent set of courses, or program of study, which does not lead to an academic degree but which serves to educate or train students (e.g., a professional certification program or a remedial program).

(2) "Curtailed" means reduced or eliminated, while "preserved" means not eliminated.

(3) "Tenured faculty member" means a regular tenured member of the faculty.

(4) "Tenure initiating unit" (TIU) means the specific academic unit responsible for making the initial recommendation on a regular faculty member's tenure status as recorded on the university tenure audit list available at the office of academic affairs. For purposes of this definition, the university tenure audit list of March 12, 1982, shall be retained, except as subsequently modified in accord with paragraph (C) of rule 3335-5-14 of the Administrative Code.

(B) Involuntary termination of tenured faculty.

(1) Hiring of faculty during financial exigency. The university shall not appoint new faculty while terminating tenured faculty appointments because of financial exigency unless a serious distortion in academic programs would otherwise result.

(2) Preservation of tenure initiating unit. A tenured faculty member whose TIU is preserved shall not be involuntarily terminated because of the curtailment of academic programs to which the faculty member is assigned.

(3) Administrative restructuring of tenure initiating unit. A tenured faculty member whose TIU is restructured by an administrative reorganization (e.g., by consolidation or merger with other TIU's, or by dispersal into several TIU's) shall not be involuntarily terminated for that reason. The faculty member shall be transferred to the appropriate reorganized TIU in accordance with the provisions of paragraph (C)(4) of this rule.

(4) Reinstillation of tenure initiating unit. If an eliminated TIU is substantively reinstated or established within a remaining TIU within three years, the university shall offer to reappoint all terminated tenured faculty members at their previous ranks.

(5) Elimination of tenure initiating unit. A tenured faculty member whose TIU is scheduled for elimination shall not be involuntarily terminated for that reason until the reassignment provision of paragraph (C) of this rule and the economic incentives of paragraph (D) of this rule have been offered to all eligible faculty members in the TIU.
(6) Notice of termination. A termination of appointment because of the elimination of a tenure initiating unit shall become effective no sooner than June thirty of the first full academic year following the academic year in which the appointment is terminated.

(7) Eligibility for termination compensation. A tenured faculty member who has been involuntarily terminated because of the elimination of his or her tenure initiating unit shall be entitled to accrued benefits and such compensation as authorized by the board of trustees.

(C) Reassignment of tenured faculty members.

(1) Change of tenure initiating unit. If a tenured faculty member's TIU is scheduled for elimination, then the university shall offer to transfer the faculty member to any suitable authorized position in the remaining TIU's provided that a simple majority of all tenured faculty in a TIU are willing to accept the faculty member. The evaluation of the professional qualifications of the faculty member shall be made by the faculty in the new TIU, based on considerations of the faculty member's potential contributions to the needs of the program according to the prevailing standards of the new TIU.

(2) Reassignment to new position. A tenured faculty member whose tenure initiating unit is scheduled for elimination shall not be reassigned to another position unless that reassignment includes a change of TIU and retention of tenure. This requirement shall not preclude the possibility of employing in a non-faculty position a faculty member who has lost tenure because of resignation or involuntary termination. A faculty member shall not be obligated to accept an offer of reassignment.

(3) Eligibility for economic incentives. A tenured faculty member who accepts an offer of reassignment according to the provisions of paragraphs (C)(1) and (C)(2) of this rule and who voluntarily resigns from the reassigned position within six months, shall be entitled to any of the economic provisions of paragraph (D) of this rule that were applicable at the time of reassignment.

(4) Rate of compensation. Reassignment of a tenured faculty member to a different tenure initiating unit shall not be at a reduced rate of compensation. If reassignment necessitates a change of compensation base (e.g., conversion between nine-month and eleven-month appointments), then the change shall be calculated according to standard university accounting procedures.

(5) Displacement of other employees. A tenured faculty member who is reassigned to a new tenure initiating unit shall not displace an incumbent in an existing position (e.g., a tenured faculty member in a program which is curtailed shall not be assigned to a position in another TIU held by an untenured faculty member, or to a position held by an administrative and professional employee).

(6) Retraining of faculty. Where reassignment of a tenured faculty member according to the provisions of paragraphs (B)(1), (C)(1), or (C)(2) of this rule would be facilitated by or contingent upon a period of retraining, the faculty member shall be eligible for a reassignment training leave.

(D) Economic incentives and retraining programs.

(1) Early retirement program. The university shall invoke the provisions of the Ohio state university early retirement program to facilitate the voluntary reduction of tenured faculty members in a curtailed academic program.

(2) Reassignment training leave program. The university shall invoke the provisions of a reassignment training leave program to facilitate reassignment of tenured faculty members to other programs or tenure initiating units.
Other programs. The university shall invoke any other feasible methods to reduce by voluntary means the number of tenured faculty members in a curtailed academic program. Such methods could include a voluntary resignation program (e.g., a "buy-out" plan), among other possibilities. (B/T 10/1/82, B/T 4/3/96)

3335-5-02.3 Appeal procedures for tenured faculty because of termination of appointments during financial exigency.

(A) Scope and construction.

(1) A tenured faculty member who has received a notice of termination because of financial exigency shall have the right to a hearing before a faculty hearing panel.

(2) The responsibility for presenting the formal appeal and for responding to the hearing panel's requirements at all stages rests with the faculty member bringing the complaint ("the complainant").

(3) The determination of financial exigency or the decision to eliminate a tenure initiating unit shall not constitute grounds for an appeal.

(4) An appeal may be made only on the basis of a complaint over the interpretation or implementation of paragraphs (B) to (D) of rule 3335-5-02.2 of the Administrative Code. In considering complaints over implementation of the aforementioned rules, the hearing panel shall consider only whether those individuals making the decisions followed the appropriate procedures and considered the important evidence material to a fair determination.

(B) The faculty hearing committee.

(1) Written notice of intention to appeal shall be given by the complainant within thirty days of the receipt of a termination notice. An additional thirty days will be allowed for the complainant to submit the formal appeal. The notice of intention to appeal and the formal appeal will be submitted to the executive vice president and provost and to the chair of the faculty hearing committee.

(2) In response to each notice of intention to appeal, the faculty hearing committee shall select a hearing panel of tenured faculty members according to the provisions of rule 3335-5-48.10 of the Administrative Code. The hearing panel shall begin its review of the case not earlier than thirty days and no later than sixty days from receipt of the notice of intention to appeal, except by mutual consent of the complainant and the chair of the faculty hearing committee.

(3) The hearing panel shall conduct an investigatory proceeding in accordance with the following provisions:

(a) The proceeding shall not be adversarial in nature. The proceeding shall be an investigation leading to a report on whether or not those individuals making the decision followed the appropriate procedures and considered the important evidence material to a fair determination.

(b) The complainant shall have the right to be present at any hearing before the panel where testimony is taken concerning the complainant's case and to bring an adviser. No formal transcript of the hearing need be made unless requested by the complainant.

(c) The complainant shall state the case in writing and shall have the opportunity to present the case in person to the hearing panel and to offer any evidence in support of the claim.
(d) The person or persons responsible for the decision may be called upon by the hearing panel to demonstrate that the important and material evidence was considered.

(4) At the conclusion of the hearing, the hearing panel shall either dismiss the complaint or support the complaint. In either case, the panel shall record its findings in writing, providing specific responses to each charge made by the complainant, summarizing the evidence and rationale which led the panel to its decision. These findings shall be reported to the administrative officer of the tenure initiating unit, to the dean of the college in which the complainant is a member, to the executive vice president and provost, and to the complainant.

(5) The hearing panel shall recommend to the executive vice president and provost and to the president either that the complaint be dismissed or that corrective action be taken.

(6) Within thirty days of the receipt of the panel's decision, the executive vice president and provost shall respond in writing to the hearing panel and to the complainant stating what action has been recommended and the reasons therefor.

(7) All written documents and recorded testimony obtained by the hearing panel shall be made available to the complainant upon request.

(C) The president.

(1) After receipt of the hearing panel's recommendations under paragraph (B)(5) of this rule, and the executive vice president and provost's recommendations under paragraph (B)(6) of this rule, the president shall review the matter and take whatever action is deemed appropriate.

(2) All decisions of the president under this procedure shall be provided in writing to the hearing panel, the executive vice president and provost, and the complainant. (B/T 10/1/82, B/T 6/7/84, B/T 5/1/86, B/T 11/2/90, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98)

3335-5-03 Appointment of faculty and staff; tenure.

(A) The board of trustees shall appoint the president and all employees of the university not in the classified civil service, subject to the laws of the state of Ohio, and in the case of regular tenure-track faculty, to the rights and protection of tenure as provided for in these rules.

(B) Tenure is a commitment by the university and may be earned by all individuals with regular tenure-track faculty status subject to successful completion of a probationary period. Regular tenure-track faculty status is defined in rule 3335-5-19 of the Administrative Code.

(C) The protections of tenure and academic freedom extend to all levels of faculty responsibility within the university in accordance with rule 3335-5-01 of the Administrative Code and are not restricted to activities identified with specific instructional, research or public service programs.

(D) Tenure is lost only by formal resignation, by voluntary reduction of appointment below fifty per cent of service to the university except in the case of an approved leave of absence, by retirement, by transfer to regular clinical, regular research, or auxiliary faculty status, or may be terminated by reason of proved incompetence or grave misconduct in accordance with rule 3335-5-04 of the Administrative Code, for causes set forth in rule 3335-5-02 of the Administrative Code, or under the conditions of bona fide financial exigency, as specified in rule 3335-5-02.1 of the Administrative Code.

(E) Tenured members of the regular faculty who serve the university as administrators do not lose tenure by virtue of being administrators. (B/T 8/1/97, B/T 6/7/2005)
Hearing procedures for complaints against regular tenure-track, regular clinical, regular research, and auxiliary faculty members.

(A) Definitions and construction.

(1) This rule shall apply to all formal complaints against regular tenure-track, regular clinical, regular research, and auxiliary faculty members. Complaints may be filed under this rule against administrators who hold faculty appointments.

(2) As appropriate, department chairs, deans, or the executive vice president and provost (hereinafter "provost") will attempt, through the use of informal consultation, to resolve complaints to their satisfaction and that of the complainant, and the faculty member against whom the complaint is made (hereinafter "respondent").

(3) Financial fraud is defined as a deliberate act or deliberate failure to act that is contrary to law, rule or policy with intent to obtain unauthorized financial benefit from the university for oneself, one’s family or one’s business associates. Financial fraud includes, but is not limited to, misappropriation of university funds or property, authorizing or receiving compensation or reimbursement for goods not received or services not performed or hours not worked, or unauthorized alteration of financial records.

(4) Department chairs, deans, or the provost shall not act in their administrative capacities in the consideration of any complaint naming them as respondent. If a complaint names a department chair or a dean as respondent, the provost shall appoint an equivalent rank administrator from another department or college to perform the responsibilities of the named official under this rule. If a complaint names the provost as respondent, the chair of the steering committee of the university senate shall perform the responsibilities of this official under this rule.

(5) All records of proceedings under this rule shall be maintained in the office of academic affairs. Such records shall remain confidential to the extent permitted by law.

(6) At the time of their initial appointment and when they receive their annual review, faculty members shall be given notice of their right to review their personnel file maintained by their tenure initiating unit (hereinafter "primary personnel file"). A member of the faculty may place in his or her primary personnel file a response to any evaluation, comment or other material contained in the file.

(7) Documents related to the performance of a faculty member which are received by his or her tenure initiating unit prior to the filing of a complaint may not be introduced in proceedings under this rule unless they have been placed in the faculty member's primary personnel file, and the faculty member has been so informed, or copies have otherwise been provided to the faculty member.

(8) The designation "department chair" in this rule includes division chair, school director, deans of colleges without departments, and regional campus deans and directors.

(9) The term "day" as used in this rule means "calendar day." If the last day of a designated time period falls on a weekend or a day on which the university is closed, the time period shall expire at the close of business on the next succeeding business day.

(10) If at any time the provost determines that a faculty member poses a clear and present danger to persons or property, the provost may temporarily and immediately reassign the faculty member or, in the event of allegations of nontrivial financial fraud, suspend the faculty member with pay pending completion of investigation of a complaint under this rule. The provost shall be responsible for assuring that a complaint is filed promptly.
(11) Allegations of gross or serious incompetence shall be judged by a faculty member’s failure to meet obligations with respect to teaching, service, and research.

(12) Allegations of grave misconduct shall be judged on the basis of acts or omissions which seriously impair a faculty member’s effectiveness in meeting teaching, research, and service obligations.

(13) Respondents shall be given written notice of decisions required by this rule. Any notice shall be sent by certified mail, and a copy shall be sent by regular mail. The time period for any action to be taken after delivery of the notice shall begin to run on the date on which the notice is mailed.

(14) Complainants shall be given written notice of decisions of the department chair and the dean, and the final disposition of the case. Any notice shall be sent by certified mail, and a copy shall be sent by regular mail.

(B) Initial proceedings.

(1) A complaint may be filed by any member of the faculty, students, post doctoral fellows, and post-professional fellows. In addition, complaints alleging any form of discrimination or sexual harassment may be filed by any university employee.

(2) The complaint shall be set forth in writing. A copy shall be furnished to the respondent by the administrator with whom the complaint is filed.

(3) A complaint shall state facts to support an allegation that a faculty member has failed to meet his or her teaching, service, or research obligations, has committed acts or omissions which otherwise impair his or her effectiveness in meeting these obligations, has committed financial fraud or has otherwise violated university rules.

(4) Only allegations stated in the complaint shall be considered at the various stages of deliberation.

(5) A complaint may be filed with a department chair, a dean, the provost or the president. If a complaint is filed with the dean, provost, or president, it shall be immediately referred to the appropriate department chair for initial review. A complaint against a faculty member in a college without departments shall be referred directly to the dean of the college. If a complaint is filed against a regional campus faculty member, the regional campus dean shall serve jointly with the department chair in the initial review. The regional campus dean and the department chair must agree that there is probable cause for the case to go forward.

(C) Review by the department chair.

(1) The department chair shall review the allegations in the complaint and discuss the matter with the complainant and with the respondent.

(2) If the chair determines that there is probable cause to believe that the allegations are true and that it is not appropriate to reach an informal resolution, the chair shall refer the matter to the dean.

(3) If the chair determines that there is not probable cause to believe that the allegations are true, the chair shall dismiss the complaint. In this event, the complainant may appeal the dismissal to the dean. The appeal must be in writing and must be filed with the dean within twenty-one days after the notice of the chair’s decision was mailed. In the event of an allegation of financial fraud, the chair shall refer the matter to the dean.

(4) The chair shall make every effort to complete the review in fourteen days.
(D) Review by the dean.

(1) Upon receipt of an appeal or a referral of a complaint from a department chair, the dean shall review the allegations in the complaint and discuss the matter with the complainant and the respondent.

(2) If the dean determines that there is probable cause to believe that the allegations are true and that it is not appropriate to reach an informal resolution, the dean shall refer the matter to the college investigation committee.

(3) If the dean determines that there is not probable cause to believe that the allegations are true, the dean shall dismiss the complaint. The proceedings shall terminate at this point except in cases involving faculty members in colleges without departments or in the event of an allegation of financial fraud. In the case of colleges without departments, the complainant may appeal a dismissal by the dean to the college investigation committee. The appeal must be in writing and must be filed with the dean within twenty-one days after the dean's decision was mailed to the complainant. Upon receipt of an appeal the dean shall immediately forward the appeal to the college investigation committee, which shall proceed in accordance with paragraph (E) of this rule. In the case of an allegation of financial fraud, the matter shall be forwarded to the college investigation committee.

(4) The dean shall make every effort to complete the review in fourteen days.

(E) The college investigation committee.

(1) Each college shall establish a procedure for the creation of a standing college investigation committee, which shall consist of tenured faculty members. A college may include on its college investigation committee tenured faculty members from other colleges.

(2) Upon receipt of a referral of a complaint from the dean, the college investigation committee shall meet with the complainant and the respondent and shall review any documentary evidence provided by these parties. The respondent shall be given copies of any documentary evidence provided to the committee by the complainant. The committee may also obtain relevant information from other persons, but shall protect the confidentiality of the proceedings. At the conclusion of its investigation, the committee shall deliver to the dean its findings, a recommendation concerning the merits of the complaint and, if the complaint is judged to have merit, a proposed sanction. Findings of the committee shall be based on clear and convincing evidence.

(3) Any proposed sanctions shall be commensurate with the nature of the complaint. Sanctions of a continuing nature must include time limitations and an annual review. Sanctions include but are not limited to:

(a) Verbal reprimand;
(b) Written reprimand;
(c) Mandatory counseling or other rehabilitation;
(d) Reimbursement for damages to or destruction of university property, or for misuse or misappropriation of university property, services or funds;
(e) Reassignment of duties or other restrictions on duties or privileges;
(f) Restriction of access to university property or services, the abuse of which led to the complaint;
(g) Reduction of salary base not to exceed thirty-three percent for one-year;
(h) Reduction of twelve-month appointment to nine-month appointment;

(i) Combination of above sanctions;

(j) Dismissal of non-tenured faculty; and

(k) Dismissal of tenured faculty.

(4) The committee may recommend termination of employment of tenured faculty members only in demonstrated cases of gross or serious incompetence or grave misconduct or nontrivial financial fraud.

(5) The committee shall make every effort to complete its investigation and submit its report within forty-five days.

(F) Decision by the dean.

(1) After reviewing the report and recommendation of the college investigation committee, the dean may:

(a) Dismiss the complaint;

(b) Uphold the committee’s recommendation and proposed sanction;

(c) Uphold the committee’s recommendation with what would reasonably be interpreted as an equivalent or lesser sanction.

(2) If the college investigation committee has recommended a sanction other than termination of employment, the dean may not increase the sanction to termination of employment except in the case of nontrivial financial fraud

(3) The dean shall make a decision in thirty days.

(4) If the dean dismisses the complaint, the proceedings shall be terminated and the matter closed. In cases of nontrivial financial fraud, the dean shall refer the matter to the provost.

(5) The respondent may appeal any decision or sanction to the provost.

(6) An appeal by the respondent must be in writing and must be filed with the provost within twenty-one days after notice of the dean's decision was mailed.

(G) Review of appeals by the provost.

(1) After reviewing the record of a case appealed by a respondent or referred by the dean, the provost may:

(a) Dismiss the complaint;

(b) Uphold the dean's decision and proposed sanction;

(c) Uphold the dean's decision with what would reasonably be interpreted as an equivalent or lesser sanction.

(d) In the case of nontrivial financial fraud, increase the sanction.

(e) In the case of nontrivial financial fraud, reverse the dean’s decision and impose a sanction.
The provost shall make every effort to reach a decision within fourteen days.

If the provost upholds the dean's decision and proposed termination of employment, or if the provost modifies a sanction that is less than termination, the respondent may appeal to the faculty hearing committee. In all other cases, the provost's decision shall be final.

An appeal by the respondent must be in writing and must be filed with the faculty hearing committee within twenty-one days after notice of the provost's decision was mailed.

The faculty hearing committee.

Within thirty days of receipt of an appeal from a respondent the faculty hearing committee which is established by rule 3335-5-48.10 of the Administrative Code, shall convene a hearing panel to consider the complaint. The respondent and the provost or designee may each make one peremptory challenge to the seating of one person on the hearing panel and one peremptory challenge to the selection of a presiding officer.

The hearing panel may restrict the attendance of persons at the proceedings. However, the respondent and the provost shall have the right to have one observer of their choosing present at all times.

Respondents shall have the right to be represented by legal counsel or any other person of their choice, to examine the witnesses and evidence against them, to present witnesses and evidence on their own behalf, and to refuse to testify or be questioned in the proceedings without prejudice to their cause.

The provost, or designee, shall present the case to the hearing panel. In presenting the case, the provost may be advised by the general counsel.

The hearing panel shall receive testimony and other evidence as it deems to be material and relevant to the issues before it.

An electronic recording shall be kept of all proceedings.

At the conclusion of the proceedings, the hearing panel shall make separate written findings of fact with respect to each substantive issue raised at the hearing and a recommendation as to a sanction, if any, to be imposed. Such findings of fact and recommendation, together with a record of the proceedings, shall be transmitted to the president of the university and to the respondent. Findings of the hearing panel shall be based on clear and convincing evidence.

The hearing panel will not be bound by the findings of the college investigation committee.

The hearing panel may recommend termination of employment of tenured faculty members only in demonstrated cases of gross or serious incompetence, grave misconduct or nontrivial financial fraud.

The hearing panel shall make every effort to conclude the proceedings within sixty days.

The president.

Upon receipt of the written findings of fact and recommendation and a record of the proceedings from a hearing panel, the president shall review the matter. The president may:

(a) Dismiss the complaint;
(b) Impose any sanction less than termination of employment whether or not it accords with the recommendation of the hearing panel;

(c) Recommend to the board of trustees termination of employment on such terms and conditions as the president may deem advisable;

(d) Remand the case to the hearing panel for reconsideration.

(2) Any decision of the president shall be communicated in writing to the hearing panel and to the respondent.

(J) Board of trustees.

The board of trustees, in reviewing and deciding upon a case in which termination of employment has been recommended, has the ultimate authority to take that action necessary to promote the best interest of the university and to protect the rights of the individual. In such cases, the board shall give the respondent an opportunity to present to it arguments in writing, or in person, or both. (B/T 4/4/97, B/T 12/4/98, B/T 2/4/2000, B/T 6/7/2005, B/T 7/8/2005)

3335-5-05 Procedures concerning faculty complaints about promotion, tenure and renewal decisions.

(A) Definitions and construction.

(1) Complaints concerning promotion, tenure, or renewal decisions may be made to the committee on academic freedom and responsibility by tenured or probationary faculty.

(2) In all formal proceedings under this rule, the burden of going forward and the burden of establishing proof shall be on the complainant.

(3) "Improper evaluation," as used in this rule, shall mean:

(a) That a decision affecting the complainant was based upon an inadequate consideration of the pertinent facts by the individual(s) making the decision, or

(b) That such decision was based upon reasons or considerations that infringe a constitutional right of the complainant.

(4) In considering complaints alleging an improper evaluation under this rule, the review should consider only whether those individual(s) making the decision followed the appropriate procedures, considered the important evidence material to a fair determination, and acted in a responsible manner. When reviewing complaints, neither the committee on academic freedom and responsibility nor the faculty hearing panel shall substitute its judgment on the merits of the individual's performance for that of the academic unit.

(5) If a complaint is dismissed by either the committee on academic freedom and responsibility or a hearing panel pursuant to this rule, no appeal may be taken by the complainant.

(6) All records of the proceedings under this rule shall be kept in the office of the executive vice president and provost and shall not be open to public inspection without the written permission of the complainant and the executive vice president and provost.

(B) The committee on academic freedom and responsibility.

(1) Complaints alleging improper evaluation shall be presented in writing to the faculty members of the committee on academic freedom and responsibility (hereinafter
"committee") and to the executive vice president and provost within thirty days (whenever practical) after a faculty member has been notified of the decision the faculty member wishes to challenge.

(2) Upon receipt of a written complaint alleging improper evaluation, the committee shall have sixty days to review the complaint, and evidence relating to it (including evidence on behalf of the academic unit) to determine whether reasonable and adequate grounds exist for asserting improper evaluation.

(3) By means of informal procedures, the committee shall review the complaint, and evidence relating to it (including evidence on behalf of the academic unit) to determine whether reasonable and adequate grounds exist for asserting improper evaluation.

(4) If the committee determines that no reasonable and adequate grounds exist for asserting improper evaluation, it shall dismiss the complaint and forward all files on the matter to the executive vice president and provost.

(5) If the committee determines that reasonable and adequate grounds may exist for asserting improper evaluation, it shall forward the complaint and all additional materials gathered during examination of the complaint to the faculty hearing committee and to the complainant, established pursuant to rule 3335-5-48.9 of the Administrative Code.

(6) If the committee is unable to reach a decision in the allotted sixty days, the complaint shall be forwarded to the faculty hearing committee.

(C) The faculty hearing committee.

(1) Upon receipt of a complaint alleging improper evaluation, the chair of the faculty hearing committee shall meet with the complainant to discuss the issues in the complaint and to inform the complainant about the procedures to be followed in the hearing.

(2) The faculty hearing committee shall select a hearing panel according to the method provided in rule 3335-5-48.10 of the Administrative Code, to conduct proceedings in order to determine whether there is validity in the complaint.

(3) Actions being challenged under this rule shall be responded to by the executive vice president and provost or designee.

(4) In matters involving allegations under paragraph (A)(3)(b) of this rule, the hearing panel shall conduct its proceedings in a collegial manner in accordance with the following guidelines:

(a) The complaint shall be set forth in writing and a copy furnished to the party or parties that are alleged to have committed the infringement.

(b) The hearing panel may restrict the attendance of persons at the proceedings, provided that the complainant shall not be denied the right to have one observer of his or her choosing present at all times.

(c) Both complainant and respondent shall have the right to be accompanied and advised by any person of their choice, to present witnesses and evidence on their own behalf, and to examine witnesses and evidence.

(d) The hearing panel shall receive such testimony and other evidence as it deems to be material and relevant to the issues before it.

(e) An electronic recording shall be kept of all proceedings before a hearing panel.
(5) In matters involving complaints under paragraph (A)(3)(a) of this rule, the hearing panel shall conduct an investigatory proceeding in accord with the following guidelines:

(a) The proceeding shall not be adversarial in nature. The proceeding is an investigation leading to a report on whether or not adequate consideration was accorded.

(b) The complainant should be given opportunity to address the hearing panel in writing and in person, and offer any evidence substantiating the claim.

(c) If the complainant appears before the hearing panel, the complainant may bring an advisor. No formal transcript of the proceedings need be kept.

(d) The hearing panel shall request an oral or written report on the procedures followed and the evidence considered in reaching the decision that led to the complaint. The person or group who makes the decision may be called upon to demonstrate that all important and material evidence was considered.

(6) At the conclusion of a hearing, the hearing panel shall:

(a) Dismiss the complaint if it determines that there has been no improper evaluation.

(b) When it has found that an improper evaluation has been made, submit its findings to the dean of the college in which the complainant is a member and to the executive vice president and provost. The executive vice president and provost, in consultation with the hearing panel and the chair of the faculty hearing committee, shall take such steps as may be deemed necessary to assure a new, fair, and impartial evaluation. A copy of the hearing panel's findings shall also be sent to the president.

(7) If a decision is remanded under paragraph (C)(6)(b) of this rule, it shall be reconsidered promptly. Within thirty days of the receipt of the hearing panel's decision, the executive vice president and provost shall respond in writing to the hearing panel and the president, stating what action has been taken and the reasons therefor.

(8) All findings and recommendations of a hearing panel shall be made in writing and a copy shall be provided to the complainant.

(D) The president.

(1) Upon receipt of a report under paragraph (C)(7) of this rule, the president shall review the matter and take whatever action the president deems appropriate.

(2) All decisions of the president under this rule shall be provided in writing to the hearing panel and the complainant. (B/T 5/2/75, B/T 6/7/84, B/T 5/1/86, B/T 11/2/90, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98, B/T 6/4/99, B/T 6/1/2001)

3335-5-06 Guest speakers.

It is the policy of the university to foster a spirit of free inquiry and to encourage the timely discussion of a broad range of issues, provided that the views expressed are stated openly and are subject to critical evaluation. Within our prevailing standards of decency and honesty, this policy shall be construed to mean that no topic or issue is too controversial for intelligent discussion on the campuses. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which change is accomplished by peaceful, democratic means. To this end, registered student organizations, faculty, and others entitled to sponsor a meeting involving the use of university facilities (see rule 3335-13-03 of the Administrative Code) may invite guest speakers to the campuses. The sponsors must take reasonable steps necessary to ensure that the meeting is conducted in an orderly manner.
3335-5-07 Term of duty.

All members of the teaching staff on duty during a given quarter, semester, or session, are expected to report for duty and to be available for consultation and organization at least one day preceding the day designated in the calendar as the day for classes to begin. They are also expected to remain on duty through the convocation and examinations which conclude the work of the quarter, semester, or session.

3335-5-08 Absence from duty.

Absence of any member of the teaching staff from ordinary service in the university, for any cause other than sickness, must be with the knowledge and approval of his or her chair or director and of the dean of the college and, if for longer than ten days, with the approval of the executive vice president and provost. For faculty assigned to a regional campus, the dean and director of that campus and the coordinating dean for regional campuses must also be notified and approve the absence. Sick leave is granted on approval of the appropriate administrative official when notification is given as soon as practicable, presumably on the first day of absence. (B/T 4/4/97, B/T 12/4/98)

3335-5-09 Communication with the dean.

(A) All members of the department shall have the right to transmit, through their chair or director, to the dean of their college, any communications bearing upon the work in which they are personally engaged, and the chair or director shall promptly transmit to the dean any communication so received. For faculty with the rank of professor, this usual method of communication may be altered in an individual case.

(B) This rule shall in no way limit the dean in communicating with members of his or her faculty.

3335-5-09.1 Communication with the executive vice president and provost.

(A) Each faculty member assigned to a regional campus shall have the right to transmit, through the dean and director, to the executive vice president and provost or designee, any communication bearing upon the work in which he or she is personally engaged, and the dean and director shall promptly transmit to the executive vice president and provost or designee any communication so received. For faculty with the rank of professor, this usual method of communication may be altered in an individual case.

(B) This rule shall in no way limit the executive vice president and provost or designee in communicating with the regional campus faculty. (B/T 2/1/80, B/T 7/8/83, B/T 10/4/85, B/T 12/5/86, B/T 11/2/90, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98)

3335-5-10 Communication with the president.

The usual method of communication between a member of the faculty and the president shall be as described in paragraph (F) of rule 3335-1-04 of the Administrative Code. (B/T 6/7/2005)

3335-5-11 Communication with the board of trustees.

The ordinary method of communication between the employees of the university and the board of trustees shall be as described in paragraph (G) of rule 3335-1-04 of the Administrative Code. (B/T 6/7/2005)

3335-5-12 "Rules of the University Faculty"; incorporated in contracts.

These "Rules of the University Faculty" shall be incorporated by reference as a part of every contract or agreement for employment with the Ohio state university as though expressly incorporated in said contract or agreement.
College Faculties

3335-5-13 Membership.

Every member of the university faculty shall be a member of the college faculty or faculties to which he or she is assigned regardless of the location of his or her primary duty. In cases involving doubt as to the proper college to which the university faculty member is assigned, assignment will be made by the executive vice president and provost after obtaining the recommendation of the deans and/or dean and directors concerned. Chapter 3335-6
Rules of the university faculty
concerning tenure-track faculty appointments, reappointments, promotion and tenure

3335-6-01 General considerations.

(A) Peer review provides the foundation for decisions regarding faculty appointment, reappointment, and promotion and tenure (except when the provisions of paragraph (H) of rule 3335-6-03 of the Administrative Code are invoked.) Peers are those faculty who can be expected to be most knowledgeable regarding an individual's qualifications and performance--normally tenure initiating unit colleagues. Because of the centrality of peer review to these review processes, faculty vested with responsibility for providing peer review have an obligation to participate fully and knowledgeably in review processes, to exercise the standards established in faculty rule 3335-6-02 of the Administrative Code and other standards specific to the academic unit and discipline, and to make negative recommendations when these are warranted to maintain and improve the quality of the faculty. Recommendations by the faculty vested with the responsibility for providing peer review will be accepted unless they are not supported by the evidence presented regarding how the candidate meets the standards established in faculty rule 3335-6-02 of the Administrative Code and other standards specific to the academic unit and discipline. When, for the reasons just stated, a decision regarding faculty appointment, reappointment, or promotion and tenure differs from the recommendation of the faculty, the administrator or body making that decision will communicate in writing to the faculty body that made the recommendation the reasons that the recommendation was judged not to be supported by the evidence.

(B) In accordance with a policy of equality of opportunity, decisions concerning appointment, reappointment, and promotion and tenure shall be free of discrimination as to race, creed, religion, national origin, age, sex, disability, or Vietnam-era veteran status, or sexual orientation. (B/T 10/5/84, B/T 4/8/88, B/T 11/2/90, B/T 5/3/96, B/T 6/4/2004)

3335-6-02 Criteria for appointment, reappointment, and promotion and tenure of tenure-track faculty.

(A) The Ohio state university has as its stated mission "the attainment of international distinction in education, scholarship, and public service." For purposes of faculty performance reviews under these rules "public service" is broadly defined to include administrative service to the university, professional service to the faculty member's discipline, and the provision of professional expertise to public and private entities beyond the university and shall be referred to simply as "service" for the remainder of this chapter. For purposes of faculty performance reviews under these rules "scholarship" is broadly defined to include "research, scholarly, and creative work."

Each tenure initiating unit is responsible for establishing criteria for appointment, reappointment, and promotion and tenure that are consistent with this mission and for ensuring that every faculty appointment, reappointment, and promotion and tenure recommendation is consistent with this mission.

Appointment decisions for regular faculty positions, as defined in rule 3335-5-19 of the Administrative Code, must be based on criteria that reflect strong potential to attain tenure and advance through the faculty ranks. A minimum requirement for appointment at or promotion to the rank of assistant professor or a higher rank is an earned doctorate or other terminal degree in the relevant field of study or possession of equivalent experience. Appointments at the rank of instructor should normally only be made when the offered appointment is that of assistant professor but the appointee has not completed the required terminal degree at the onset of the appointment.

(B) No faculty member attains tenure automatically. Tenure may be acquired either in the original appointment to the regular tenure-track faculty rank of associate professor or professor or upon promotion from within the university to the rank of associate professor, or following a successful
probationary period at the rank of associate professor or professor (as specified in rule 3335-6-03 of the Administrative Code). Tenure will not be awarded below the rank of associate professor.

(C) The awarding of tenure and promotion to the rank of associate professor must be based on convincing evidence that the faculty member has achieved excellence as a teacher, as a scholar, and as one who provides effective service; and can be expected to continue a program of high quality teaching, scholarship, and service relevant to the mission of the academic unit(s) to which the faculty member is assigned and to the university. Promotion to the rank of professor must be based on convincing evidence that the faculty member has a sustained record of excellence in teaching; has produced a significant body of scholarship that is recognized nationally or internationally; and has demonstrated leadership in service.

(D) In evaluating the candidate's qualifications in teaching, scholarship, and service, reasonable flexibility shall be exercised, balancing, where the case requires, heavier commitments and responsibilities in one area against lighter commitments and responsibilities in another. In addition, as the university enters new fields of endeavor, including interdisciplinary endeavors, and places new emphases on its continuing activities, instances will arise in which the proper work of faculty members may depart from established academic patterns. In such cases care must be taken to apply the criteria with sufficient flexibility. In all instances superior intellectual attainment, in accordance with the criteria set forth in these rules, is an essential qualification for promotion to tenured positions. Clearly, insistence upon this standard for continuing members of the faculty is necessary for maintenance and enhancement of the quality of the university as an institution dedicated to the discovery and transmission of knowledge.

(E) Each tenure initiating unit shall have an appointments, promotion, and tenure document. The document shall describe, in qualitative terms, the unit's criteria for appointments, promotion, and tenure and evidence to be provided to support a case within the context of the unit's mission and the standards set forth in this rule as well as the mission and standards of the college. The document should indicate with some specificity how the quality and effectiveness of teaching, the quality and significance of scholarship, and the quality and effectiveness of service are to be documented and assessed. The document of a tenure initiating unit with regional campus faculty must establish criteria for appointments, promotion, and tenure for these faculty within the context of the regional campuses' mission as well as that of the tenure initiating unit. The document shall also describe the unit's procedures for conducting annual performance reviews of probationary faculty and reviews for promotion and tenure.

The document must be drawn up or amended through broad faculty consultation with all voting members of the tenure initiating unit according to the principles articulated in paragraph (C)(3) of rule 3335-3-35 of the Administrative Code and must be approved by the dean of the college and the executive vice president and provost.

(F) Each college shall have an appointments, promotion, and tenure document. The document shall describe, in qualitative terms, the college's criteria for appointments, promotion, and tenure within the context of the college's mission and the standards set forth in this rule. The document shall also describe the college's procedures for conducting college level reviews for promotion and tenure.

3335-6-03 Probationary service, and duration of appointments for tenure-track faculty.

(A) Probationary periods are established for regular tenure-track faculty members. During a probationary period a faculty member does not have tenure and is considered for reappointment annually.

(B) Length of probationary period.
(1) An appointment as professor or associate professor will generally entail tenure. However, a probationary period not to exceed four years may be granted by the office of academic affairs upon petition of the tenure initiating unit and college. For the petition to be approved, a compelling rationale must be provided regarding why appointment at a senior rank is appropriate but tenure is not. All appointments to the rank of associate professor or professor require prior approval of the executive vice president and provost.

An appointment to the rank of instructor is always probationary and may not exceed three years. An instructor must be approved for promotion to assistant professor by the beginning of the third year of appointment or the appointment will not be renewed beyond the end of the third year. When an instructor is promoted to the rank of assistant professor, prior service credit will be granted for time spent as an instructor unless the faculty member indicates in writing at the time of the promotion that he or she does not wish such credit. This written request must be forwarded to the office of academic affairs through the dean of the college so that tenure records may be adjusted accordingly.

An appointment to the rank of assistant professor is always probationary and may not exceed six years, including prior service credit. An assistant professor is reviewed for promotion and tenure no later than the sixth year of appointment as an assistant professor and informed by the end of the sixth year as to whether promotion and tenure will be granted at the beginning of the seventh year.

(2) Promotion and tenure may be granted at any time during the probationary period when the faculty member's record of achievement merits tenure and promotion. Similarly, a probationary appointment may be terminated at any time subject to the notice provisions of rule 3335-6-08 of the Administrative Code and the provisions of paragraphs (G), (H), and (I) of this rule.

(3) Probationary tenure-track faculty members will be informed no later than the end of the year in which their mandatory review for tenure takes place as to whether tenure will be granted by the beginning of the following year. If tenure is not granted, a one year terminal year of employment is offered.

(C) Annual review of probationary tenure-track faculty members.

(1) At the time of appointment, probationary tenure-track faculty members shall be provided with all pertinent documents detailing tenure initiating unit, college, and university promotion and tenure policies and criteria. If these documents are revised during the probationary period, probationary tenure-track faculty members shall be provided with copies of the revised documents.

(2) During a probationary period a tenure-track faculty member shall be reviewed annually in accordance with this rule and with policies of the tenure initiating unit, college and university. The annual review should encompass the faculty member's performance in teaching, in scholarship, and in service; as well as evidence of continuing development. The involvement of tenure initiating unit faculty in annual reviews is strongly encouraged. External evaluations of the faculty member's work, required for tenure and promotion reviews, may be obtained for any annual review if judged appropriate by the faculty review body or tenure initiating unit chair. The tenure initiating unit chair shall inform probationary faculty members at the time of initial appointment, and in a timely fashion each year thereafter, when the annual review will take place and provide a copy of the office of academic affairs dossier outline to be completed by the faculty member in reporting accomplishments to date. At the completion of the review the tenure initiating unit chair shall provide the faculty member and the dean of the college with a written assessment of the faculty member's performance and professional development. The assessment should include both strengths and weaknesses, as appropriate. If the chair's recommendation is to reappoint the faculty member to another probationary year of service, that recommendation shall be final. A recommendation from the chair to not reappoint the faculty member to another probationary year requires a review that follows fourth year
(3) When probationary tenure-track faculty receive their annual review, the tenure initiating unit chair shall inform them of their right to review their primary personnel file maintained by their tenure initiating unit and to place in that file a response to any evaluation, comment or other material contained in the file (see rule 3335-3-35 of the Administrative Code).

(4) The fourth year review of probationary tenure-track faculty shall follow the same process as the review for tenure and promotion at the tenure initiating unit and college levels with two exceptions: Solicitation of external letters of evaluation may or may not be required by the tenure initiating unit and review by the college promotion and tenure committee shall be optional in all cases where both the tenure initiating unit and the dean approve the renewal of the appointment. Renewal of the appointment of a probationary assistant professor for the fifth year requires the approval of the dean of the college. Before reaching a negative decision or a decision contrary to the tenure initiating unit's recommendation, the dean must consult with the college promotion and tenure committee.

(D) Exclusion of time from probationary periods.

(1) An untenured regular tenure-track faculty member will have time excluded from the probationary period in increments of one year to reflect the caregiving responsibilities associated with the birth of a child or adoption of a child under age six. Department chairs or school directors will inform the office of academic affairs within one year of the birth of a child or the adoption of a child under age six of a probationary faculty member unless the exclusion of time is prohibited by paragraph (D)(3) of this rule. The probationary faculty member may choose to decline the one-year exclusion of time from the probationary period granted for the birth or adoption of a child under six years of age by so informing her/his TIU head, dean, and the office of academic affairs in writing before August 1 of the new mandatory review year following granting of the declination. The exclusion of time granted under this provision in no way limits the award of promotion and tenure prior to the mandatory review year (see paragraph (D)(2) of this rule). The maximum amount of time that can be excluded from the probationary period per birth event or adoption of children under age six is one year.

(2) A probationary tenure-track faculty member may apply to exclude time from the probationary period in increments of one year because of personal illness, care of a seriously ill or injured person, an unpaid leave of absence, or factors beyond the faculty member's control that hinder the performance of the usual range of duties associated with being a successful university faculty member, i.e., teaching, scholarship, or service. Requests to exclude time from the probationary period made under the terms of this paragraph must be submitted to the chair of the tenure initiating unit. Requests shall be reviewed by the tenure initiating unit promotion and tenure committee which shall advise the tenure initiating unit chair regarding their appropriateness. Such requests require approval by the tenure initiating unit chair, dean, and executive vice president and provost. A request to exclude time from the probationary period for any of these reasons must be made prior to October 1 of the year in which the mandatory review for tenure must occur. The extent to which the event leading to the request was beyond the faculty member's control, the extent to which it interfered with the faculty member's ability to be productive, and the faculty member's accomplishments up to the time of the request will be considered in the review of the request.

(3) A request to exclude time from the probationary period for any reason will not be granted after a nonrenewal notice has been issued nor will previously approved requests to exclude time from the probationary period in any way limit the university's right not to renew a probationary appointment.

(4) Except in extraordinary circumstances a maximum of three years can be excluded from the
probationary period for any reason or combination of reasons for an instructor, assistant professor or associate professor. Exceptions require the approval of the tenure initiating unit chair, dean, and executive vice president and provost.

(5) Tenure-track faculty members will be reviewed annually during their probationary periods regardless of whether time is excluded from that period for any of the above reasons unless their absence from campus during an excluded period makes conduct of such a review impractical.

(6) For purposes of performance reviews of probationary faculty, the length of the probationary period is the actual number of years of employment at this university less any years of service excluded from the probationary period under the terms of this rule. Expectations for productivity during the probationary period cannot be increased as a consequence of exclusions of time granted under the terms of this rule.

(E) Service credit of up to three years may be granted for prior work experience at the time of the initial appointment and requires the approval of the tenure initiating unit chair, dean, and executive vice president and provost. Prior service credit shortens a probationary period by the amount of the credit and once granted cannot be revoked except through an approved request to exclude time from the probationary period. Prior service credit will not be granted for employment in any auxiliary title (such as adjunct, visiting, clinical, or lecturer), special title (such as graduate associate) or part-time position (less than fifty per cent service).

(F) Probationary regular tenure-track faculty members on less than full-time service for part or all of their probationary period may request an extension of the probationary period. The extension must be requested prior to the beginning of the year in which the normally scheduled mandatory review for tenure would take place and requires approval of the tenure initiating unit chair, dean, and executive vice president and provost. The extension shall be for an integral number of years based on the principle that the usual probationary period represents full-time service. The maximum permissible extension of a probationary period under this paragraph is one year for a probationary instructor, three years for a probationary assistant professor (including time spent at the rank of instructor) and one year for a probationary associate professor or professor.

(G) Probationary appointments may be terminated during any probationary year because of inadequate performance or inadequate professional development. At any time other than the fourth year review or mandatory review for tenure, a nonrenewal decision must be based on the results of a formal performance review conducted in accord with fourth year review procedures as set forth in paragraph (C)(3) of this rule. Notification of nonrenewal must be consistent with the standards of notice set forth in rule 3335-6-08 of the Administrative Code.

(H) Probationary appointments may be terminated for fiscal or programmatic reasons. When nonrenewal is based on fiscal or programmatic reasons, the faculty member should be advised that such nonrenewal is a possibility and formal notice of nonrenewal should be provided as soon as possible after the need for nonrenewal is established. Nonrenewal of a probationary appointment for fiscal or programmatic reasons does not entail a performance review and requires the prior approval of the executive vice president and provost. Because hiring decisions should be based on informed assumptions regarding the future availability of resources and of programmatic needs, approval of such nonrenewals will be based on the extent to which convincing evidence is provided that the fiscal or programmatic reasons for the nonrenewal could not be anticipated when the appointment was made and are expected to be long lasting.

(I) Decisions affecting the nonrenewal of a probationary appointment may not be arbitrary or capricious or carried out in violation of a faculty member’s right to academic freedom. Faculty rule 3335-5-05 of the Administrative Code provides a procedural mechanism under which an aggrieved probationary faculty member can challenge a nonrenewal decision believed to have been improper. In that instance, however, the burden of proof is on the probationary faculty member to establish that the nonrenewal decision was improper. (See also rule 3335-6-05 of
3335-6-04 Promotion and tenure review procedures for tenure-track faculty.

(A) General considerations.

(1) In consultation with the rules committee or its designee, the office of academic affairs shall develop and promulgate procedural guidelines for promotion and tenure reviews to supplement Chapter 3335-6 of the Administrative Code. These guidelines shall include a dossier outline to be used for the documentation of accomplishments by all candidates to be reviewed for promotion and tenure and by all probationary tenure-track faculty for annual reviews. The guidelines shall also include general information about the review process at the college and university level, information about any legal considerations affecting promotion and tenure evaluations, examples of criteria by which candidates for promotion and tenure are evaluated, and other information intended to assist academic units in carrying out reviews.

(2) All candidates for promotion and tenure are reviewed by the eligible faculty and by the chair of their tenure initiating unit. Candidates will also be reviewed at the college and university levels. The tenure initiating unit chair is responsible for informing the candidate in writing of the provost's final decision (if negative) or recommendation to the board of trustees (if positive).

(3) The review for tenure during the final year of a probationary period is mandatory and must take place.

A faculty member may ask to be considered for nonmandatory promotion and tenure review or for promotion review at any time; however, the tenure initiating unit promotion and tenure committee may decline to put forth a faculty member for formal nonmandatory promotion and tenure review or promotion review if the candidate's accomplishments are judged not to warrant such review. The promotion and tenure committee may not deny a tenured faculty member a formal review for promotion more than three consecutive years.

(4) Only the candidate may stop any review for promotion and tenure once external letters of evaluation have been sought. The candidate may withdraw from review at any stage of the process by so informing the tenure initiating unit chair in writing. If the review process has moved beyond the tenure initiating unit, the tenure initiating unit chair shall inform the dean or the executive vice president and provost, as relevant, of the candidate's withdrawal. Withdrawal from the mandatory tenure review during the final probationary year means that tenure will not be granted.

(B) Review procedures at the tenure initiating unit level.

(1) Each tenure initiating unit shall establish a mechanism such as a promotion and tenure committee, for presenting the case of a candidate for promotion and tenure to the eligible faculty for consideration and for preparing a report for the tenure initiating unit chair providing the eligible faculty's assessment of quality and effectiveness of teaching, quality and significance of scholarship, and quality and effectiveness of service. With the exception noted below, eligible faculty are tenured faculty of higher rank than the candidate excluding the tenure initiating unit chair, the dean and assistant and associate deans of the college, the executive vice president and provost, and the president. For tenure reviews of probationary professors, eligible faculty are tenured professors excluding the tenure initiating unit chair, the dean and assistant and associate deans of the college, the executive vice president and provost, and the president.

(2) The candidate shall have primary responsibility for preparing, according to office of academic affairs guidelines, a dossier documenting his or her accomplishments.
(3) The tenure initiating unit chair or chair of the promotion and tenure committee shall be responsible for gathering internal evidence of the quality and effectiveness of teaching, quality and significance of scholarship, and quality and effectiveness of service from students and peers, as appropriate, within the tenure initiating unit. The tenure initiating unit chair or chair of the promotion and tenure committee shall also be responsible for obtaining letters from external evaluators and from other units at this university in which the candidate has appointment or substantial professional involvement, whether compensated or not. Some of the external evaluators should be suggested by the candidate and some by the department chair or promotion and tenure committee; no more than one-half of the letters contained in the final dossier should be from persons suggested by the candidate. All solicited letters that are received must be included in the dossier. Unsolicited letters of evaluation or letters of evaluation solicited by anyone other than the above authorized persons may not be included in the dossier.

(4) The eligible faculty shall review the candidate's dossier describing accomplishments in teaching, scholarship, and service and shall vote on the candidate. A report of the faculty assessment, including both strengths and weaknesses, and the numerical vote of the faculty shall be forwarded to the tenure initiating unit chair for inclusion in the dossier.

(5) The chair shall prepare a separate written assessment of the case and recommendation for the dean for inclusion in the dossier. As soon as the faculty report and chair's letter have been completed, the candidate should be notified in writing of the completion of the tenure initiating unit review and of the availability of these reports. The candidate may request a copy of these reports. The candidate may provide the tenure initiating unit chair with written comments on the tenure initiating unit review for inclusion in the dossier within ten calendar days of notification of the completion of the review. The promotion and tenure committee and/or chair may provide written responses to the candidate's comments for inclusion in the dossier. Only one iteration of comments on the departmental level review is permitted.

(6) The tenure initiating unit chair shall forward the dossier with all internal and external evaluations, candidate comments on the tenure initiating unit review and promotion and tenure committee and/or chair responses to those comments, if any, to the dean of the college.

(C) Review procedures at the college and university level.

(1) The purposes of promotion and tenure reviews beyond the tenure initiating unit shall be:

(a) To determine whether the tenure initiating unit has conducted its review and reached a recommendation consistent with university, college, and tenure initiating unit standards, criteria, policies, and rules. A faculty review body or administrator at the college or university level may make a recommendation that is contrary to that of the tenure initiating unit if, in its judgment, the tenure initiating unit recommendation is not consistent with those standards, criteria, policies, and rules.

(b) To determine where the weight of the evidence lies in cases in which there is not a clear or consistent recommendation from lower levels of review.

(2) The dean of a college shall have a standing faculty promotion and tenure committee which is advisory to the dean. Members shall not participate in the review of cases from their own departments. The college promotion and tenure committee shall prepare a written report of its assessment and vote for inclusion in the dossier. The dean shall prepare a separate written assessment of the case and recommendation for the provost for inclusion in the dossier. As soon as the college promotion and tenure committee report and dean's letter have been completed, the candidate should be notified in writing of the completion of the college level review and of the availability of these reports. The candidate may request a copy of these reports. The candidate may provide the dean with written comments on the college review for inclusion in the dossier within ten calendar days of notification of the
completion of the review. The college promotion and tenure committee and/or dean may provide written responses to the candidate’s comments for inclusion in the dossier. Only one iteration of comments on the college level review is permitted. The dean shall forward the dossier, along with all evaluations and reports, to the provost.

(3) The executive vice president and provost shall have a standing faculty promotion and tenure committee which is advisory to the provost. Members shall not participate in the review of cases from their own departments. Normally, the provost shall refer cases to this committee for advice only when there is concern regarding the appropriateness of lower level recommendations, when there are unclear or inconsistent recommendations from previous levels of review, or when all previous recommendations are negative. The university promotion and tenure committee shall prepare a written report of its assessment and vote for inclusion in the dossier.

(D) Modification of review processes for alternative administrative structures.

(1) Regional campus faculty shall be reviewed by the faculty and dean and director on the appropriate campus using procedures established on each campus. This review shall focus primarily on the faculty member’s contributions in teaching and service. The dean and director shall forward the report of the regional campus faculty and his or her recommendation to the chair of the faculty member’s tenure initiating unit and inform the candidate of his or her recommendation. The review shall proceed as described in paragraphs (A) through (C) of this rule with the understanding that the relative weight of teaching and service is ordinarily greater on regional campuses.

(2) If the college is the unit responsible for initiating tenure and promotion recommendations, it should follow the annual review and promotion and tenure procedures described for tenure initiating units. The dean shall forward the annual review letter or promotion and tenure dossier to the executive vice president and provost.

(3) Schools follow the procedures established for tenure initiating unit reviews unless they contain departments that are tenure initiating units. In the latter case, the tenure initiating unit chair shall forward dossiers to the school director. The director shall forward the dossier, with his or her recommendation, to the dean of the college.

(4) A subdivision within a tenure initiating unit may contribute to the evaluation of faculty members as provided for in the tenure initiating unit’s appointments, promotion, and tenure document, but this review may not substitute for a review by the tenure initiating unit eligible faculty and chair. (B/T 10/5/84, B/T 11/2/90, B/T 5/3/96, B/T 4/4/97, B/T 6/5/98, B/T 12/4/98, B/T 7/12/2002, B/T 6/4/2004, B/T 6/7/2005)

3335-6-05 Criteria and procedures for appeals of negative promotion and tenure decisions and reappointment nonrenewals and for seventh year reviews for tenure-track faculty.

(A) Appeals. It is the policy of the Ohio state university to make decisions regarding the renewal of probationary appointments and promotion and tenure in accordance with the standards, criteria, policies, and procedures stated in these rules, supplemented by additional written standards, criteria, policies, and procedures established by tenure initiating units and colleges. If a candidate believes that a nonrenewal decision or negative promotion and tenure decision has been made in violation of this policy and therefore alleges that it was made improperly, the candidate may appeal that decision. Procedures for appealing a decision based on an allegation of improper evaluation are described in rule 3335-5-05 of the Administrative Code.

(B) Seventh year reviews. Every effort should be made to consider new information about a candidate’s performance before a final decision is made if the new information becomes available before a decision is rendered. In rare instances, a tenure initiating unit may petition the dean to conduct a seventh year review for an assistant professor who has been denied promotion and tenure. Both the eligible faculty of the unit and the chair must approve proceeding with a petition for a seventh year review. The petition must provide documentation
of substantial new information regarding the candidate's performance that is germane to the reasons for the original negative decision. Petitions for seventh year reviews must be initiated before the beginning of the last year of employment because the seventh year review, if approved, would take place during the regular university review cycle of the assistant professor's seventh and last year of employment.

If the dean concurs with the tenure initiating unit's petition, the dean shall in turn petition the provost for permission to conduct a seventh year review. If the provost approves the request, a new review will be conducted equivalent to the one that resulted in the nonrenewal of the appointment. The conduct of a seventh year review does not presume a positive outcome. In addition, should the new review result in a negative decision, the faculty member's last day of employment is that stated in the letter of nonrenewal issued following the original negative decision.

A tenure-track faculty member may not request a seventh year review, appeal the denial of a seventh year review petition initiated by his or her tenure initiating unit, or appeal a negative decision following a seventh year review, since the faculty member has already been notified that tenure has been denied at the conclusion of the sixth year review. (B/T 10/5/84, B/T 11/2/90, B/T 5/3/96, B/T 7/12/2002, B/T 6/4/2004, B/T 6/7/2005)

3335-6-06 Tenure initiating unit.

(A) A tenure initiating unit is a division, department, school, or college approved by the council on academic affairs, the university senate, and the board of trustees. A tenure initiating unit has the following responsibilities for all faculty members assigned to it: to assist in professional development; to evaluate; to maintain official personnel records; and to initiate promotion, tenure, reappointment, and nonrenewal recommendations. The office of academic affairs shall be responsible for maintaining the official list of tenure initiating units.

(B) A single division, department, school, or college must serve as the tenure initiating unit for each tenure-track faculty member, including individuals with multiple appointments. Multiple appointments to the tenure-track faculty totaling fifty per cent or more of service to the university shall be considered to be the same as a single appointment of fifty per cent or more for the purpose of determining eligibility for tenure.

(C) A faculty member may change from one tenure initiating unit to another voluntarily; or as a result of the restructuring of academic units, including consolidation, reorganization, or abolishment; or as a result of the abolishment of a tenure initiating unit during conditions of financial exigency. The following provisions govern such changes:

(1) A faculty member may voluntarily move from one tenure initiating unit to another upon approval of a simple majority of all tenured faculty members in the receiving tenure initiating unit and, following consultation with the appropriate dean(s), the executive vice president and provost. Administrative approval will be dependent on whether satisfactory fiscal arrangements for the change have been made.

(2) A faculty member's tenure initiating unit may be changed as a result of structural changes in academic units, including consolidation or reorganization of units, or abolition of units, that are approved by the university senate and board of trustees.

(a) When academic units are to be consolidated or reorganized, resulting in the creation of one or more new tenure initiating units, the plan for relocating faculty to the new tenure initiating units shall be part of the approved restructuring proposal. Change in tenure initiating unit resulting from the consolidation or reorganization of academic units shall not require the consent of individual faculty members whose tenure initiating unit is changed. In addition, since a receiving unit does not exist when new units are being created, no vote of such a unit will be required in relocating faculty.
(b) When a tenure initiating unit is to be abolished and is not part of a plan to consolidate or reorganize two or more units into new tenure initiating units, every effort shall be made by the executive vice president and provost to transfer each tenure-track faculty member in that tenure initiating unit to another tenure initiating unit, in accordance with the provisions of paragraph (C) of this rule. Should such agreement be impossible, the person's tenure responsibility shall reside with the executive vice president and provost. The executive vice president and provost shall assign the faculty member appropriate duties. If the faculty member's previous assignment has been at a regional campus, the executive vice president and provost shall consult with the dean and director of the regional campus regarding an appropriate assignment.

(3) A tenure-track faculty member whose tenure initiating unit is abolished during conditions of financial exigency, as described in rule 3335-5-02.1 of the Administrative Code, may be reassigned to a new tenure initiating unit under the terms of paragraph (C)(1) of rule 3335-5-02.2 of the Administrative Code.

(D) When tenure-track faculty members change tenure initiating units under paragraphs (C)(2) and (C)(3) of this rule, the new tenure initiating units shall make reasonable efforts to assist faculty members in adjusting to the expectations of the new unit. Faculty members who believe that some other unit may be more appropriate than their new tenure initiating unit may also explore the possibility of further relocation under the terms of paragraph (C)(1) of this rule. (B/T 10/5/84, B/T 11/2/90, B/T 2/1/91, B/T 2/4/94, B/T 5/3/96, B/T 4/4/97, B/T 3/6/98, B/T 12/4/98, B/T 7/12/2002, B/T 6/4/2004, B/T 6/7/2005)

3335-6-07 Campus assignment.

(A) Every member of the faculty shall be assigned to serve on one of the university's campuses: the central campus in Columbus, the regional campuses in Lima, Mansfield, Marion, and Newark, or the agricultural technical institute (Wooster).

(B) Decisions regarding the selection, assignment, responsibilities, salary, assessment, and promotion of a regional campus faculty member should involve full cooperation between the tenure initiating unit and the regional campus administration. All formal personnel recommendations must bear the signatures of the chair of the tenure initiating unit, the dean of the college of the tenure initiating unit, the dean and director of the regional campus, and the executive vice president and provost or designee.

(C) Campus reassignment may occur only with the voluntary consent of the faculty member, and with the approval of the executive vice president and provost and that of a simple majority of all tenured faculty members in the transferee's tenure initiating unit when the reassignment is from a regional campus to the Columbus campus or all tenured faculty members on the receiving regional campus when the transfer is to a regional campus. Administrative approval will be dependent on whether satisfactory fiscal arrangements for the change have been made. (B/T 10/5/84, B/T 10/4/85, B/T 2/6/87, B/T 11/2/90, B/T 2/1/91, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98, B/T 6/4/2004)

3335-6-08 Standards of notice.

(A) In cases of nonrenewal of an appointment to a regular tenure-track faculty rank, the university will, insofar as possible, observe the following standards of notice:

(1) Not later than March first of the first academic year of probationary service, if the appointment expires at the end of that year; or if a one-year appointment expires during an academic year, at least three months in advance of its expiration;

(2) Not later than December fifteenth of the second academic year of probationary service, if the appointment expires at the end of that year; or if an appointment expires during the second academic year, at least six months in advance of its expiration; and
(3) At least twelve months before the expiration of an appointment after two or more years in the institution.

(B) These standards of notice need not apply in cases of termination for cause.

(C) In the event of a decision resulting in nonrenewal, the chair shall notify the faculty member in writing of that decision and the reasons for it.

(D) Decisions regarding renewal of members of the auxiliary faculty (adjunct, clinical, visiting titles, or lecturers) are made annually in accordance with criteria and procedures of the appointing instructional unit and in accordance with university policies relative to auxiliary faculty positions. (B/T 10/5/84, B/T 7/10/87, B/T 5/3/96, B/T 6/4/2004, B/T 6/7/2005)

3335-6-09 Exceptions.

Any unit which believes that there is a reason for it to have policies and procedures differing from those set out in this chapter may request an exception. The request must be approved by the procedures established in the unit’s pattern of administration and by the dean of the college, after broad and meaningful consultation with the unit’s tenure-track faculty. The request will then be submitted to the executive vice president and provost and, if approved, to the university senate for approval. (B/T 10/5/84, B/T 5/4/89, B/T 7/6/90, B/T 11/2/90, B/T 3/6/92, B/T 4/8/94, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98, B/T 7/12/2002, B/T 6/4/2004)

Rules of the university faculty concerning regular clinical track faculty appointment, reappointment and nonreappointment, and promotion

3335-7-01 Definition.

Regular clinical track faculty appointments are fixed term contract appointments that do not entail tenure. Regular clinical track faculty are teacher/practitioners and shall be engaged primarily in teaching activities related to: a) courses or instructional situations involving live patients or live clients, b) courses or instructional situations involving the simulation of live patients or live clients, or c) courses or instructional situations involving professional skills. (B/T 7/12/2002, B/T 6/4/2004)

3335-7-02 Titles.

The term "regular clinical track faculty" exists for the purpose of recording this type of appointment in the university's employment system data base.

If individual colleges, schools, and departments with regular clinical track faculty wish to provide clinical faculty with faculty-rank titles, then whatever title is used must be distinct from tenure-track titles (see paragraph (A) of rule 3335-5-19 of the Administrative Code). Examples include, but are not limited to, professor of clinical (name of college, school, or department) and associate professor of professional practice. (B/T 7/12/2002, B/T 6/4/2004, B/T 6/1/2007)

3335-7-03 Appointment cap.

Unless an exception is approved by the university senate and the board of trustees, regular clinical track faculty may comprise no more than forty percent of the total regular tenure-track faculty (as defined in rule 3335-5-19 of the Administrative Code) in each of the departments, schools, and colleges of the health sciences and no more than twenty percent of the tenure-track faculty in other departments, schools, and colleges. (B/T 7/12/2002, B/T 6/4/2004, B/T 6/7/2005)

3335-7-04 Proposals and approval process.

(A) Proposals to establish or amend a regular clinical faculty track in a college or school reporting directly to Office of Academic Affairs (OAA) must be submitted to the provost by the dean of the college or director of the school reporting directly to OAA.. Proposals must include a clear rationale for establishing a regular clinical faculty track and address how the terms and conditions of the appointments will be consistent with the rules set forth in Chapter 3335-7 of the Administrative Code, what titles will be given to regular clinical track faculty, and what department and college governance rights will be extended to regular clinical track faculty. Regular clinical track faculty may not participate in the promotion and tenure reviews of tenure-track faculty. In addition, proposals must include the following components:

1. A definition of the role in teaching and scope of professional practice duties of clinical track faculty, identifying specifically how those differ from duties of tenure-track faculty;

2. Identification of the requirements for a clinical track faculty appointment, including appropriate terminal degrees and any credential or licensure requirements; and

3. A list of courses that could be taught by clinical track faculty and the relationship of those courses to the general curriculum. The expectation would be that clinical track faculty should teach primarily courses involving professional practice in the clinical setting or courses designed to teach professional skills.

Proposals must comply with any additional guidelines promulgated by the council on academic affairs and will be reviewed according to criteria specified by the council on academic affairs.

(B) With the exception of changes to existing titles, proposals from a college or school
reporting directly to OAA to establish or amend a regular clinical faculty track must be approved by a majority of the tenure-track faculty of the college or school reporting directly to OAA proposing to have a regular clinical faculty track, by the dean of the college or school reporting directly to OAA, by the executive vice president and provost, by the university senate, and by the board of trustees. The executive vice president and provost will transmit all proposals to the council on academic affairs, which will review proposals and make a recommendation to the university senate. Title changes must be consistent with rule 3335-7-02 of the Administrative Code, but need only be approved by a majority of the regular tenure track faculty and dean of the college of director of the school reporting directly to OAA proposing the amendment. (B/T 7/12/2002, B/T 6/4/2004, B/T 6/7/2005, B/T 6/1/2007)

3335-7-05 Criteria for appointment, for reappointment and nonreappointment, and for promotion.

Regular clinical track faculty may be appointed by colleges that do not have schools or departments and by schools and departments in colleges that have such subunits. The criteria for appointment, for reappointment and nonreappointment, and for promotion for regular clinical track faculty shall be established by the college, school, or department making such appointments and shall be set forth in that unit's appointments, promotion, and tenure document. The criteria must be consistent with the rationale for having a regular clinical faculty track in the unit in question and must be distinct from the criteria for tenure-track faculty appointments. However, normally regular clinical track faculty will have an earned doctorate or other terminal degree in the relevant field or equivalent experience. The criteria for appointment, for reappointment and nonreappointment, and for promotion should reflect the importance of the responsibilities of regular clinical track faculty. (B/T 7/12/2002, B/T 6/4/2004, B/T 6/7/2005)

3335-7-06 Procedures for appointment.

Procedures for appointment of regular clinical track faculty shall be established by the college, school, or department making such appointments and shall be set forth in that unit's appointments, promotion, and tenure document. Appointments at the rank of associate professor or professor require prior approval of the office of academic affairs. (B/T 7/12/2002, B/T 6/4/2004)

3335-7-07 Term of appointment.

(A) Contracts must be for a period of at least three years and for no more than five years.

(B) The initial contract is probationary and a faculty member will be informed by the end of each probationary year as to whether he or she will be reappointed for the following year. By the end of the second to final year of the probationary contract, the faculty member will be informed as to whether a new contract will be extended at the conclusion of the probationary contract period. In the event that a new contract is not extended, the final year of the probationary contract is the terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.

(C) During and until the end of the second and subsequent contract periods, regular clinical track faculty appointments may only be terminated for cause (see rule 3335-5-04 of the Administrative Code) or financial exigency (see rule 3335-5-02.1 of the Administrative Code) and the termination decision for either of these reasons shall result from procedures established by faculty rules. In addition, a contract may be renegotiated during a contract period only with the voluntary consent of the faculty member. By the end of the penultimate year of each contract period, the faculty member will be informed as to whether a new contract will be extended at the conclusion of the current contract period. If a new contract is not extended, the final year of the current contract is a terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.

3335-7-08 Annual review, reappointment/nonreappointment, and promotion review procedures.

The procedures for reviewing regular clinical track faculty annually and for reappointment/nonreappointment and promotion shall be set forth in the relevant college, school or department appointments, promotion, and tenure document and shall be consistent with review procedures established for tenure-track faculty, including those set forth in rules 3335-6-03 and 3335-6-04 of the Administrative Code with the following exceptions:

(A) The college dean's decision shall be final with respect to reappointment and nonreappointment and with respect to denial of promotion; and

3335-7-09 Transfers from the tenure track to the regular clinical track.

A college, school, or department may provide for the possibility of transfers from the tenure faculty track to the regular clinical faculty track if appropriate to its circumstances. A unit that permits transfers must abide by the following:

(A) The request for transfer must be initiated by the faculty member in writing and must state clearly how the individual's career goals and activities have changed;

(B) When a tenured faculty member transfers to the regular clinical faculty track, tenure is lost; and

(C) All transfers must be approved by the school director or department chair, the college dean, and the executive vice president and provost. (B/T 7/12/2002, B/T 6/4/2004)

3335-7-10 Transfers from the regular clinical faculty track to the tenure-track.

Transfers from the regular clinical track faculty track to the tenure-track are not permitted. Regular clinical track faculty may apply for tenure-track positions and compete in regular national searches for such positions. (B/T 7/12/2002, B/T 6/4/2004, B/T/ 6/7/2005)

3335-7-11 Participation in governance by regular clinical track faculty.

(A) A college or academic unit that appoints regular clinical track faculty determines the level of participation in college and departmental structures.

(B) A college or academic unit that appoints regular clinical track faculty and elects senators may, by vote of at least a majority of all of its regular tenure track faculty, determine that the regular clinical track members of its faculty are eligible for election to the university senate.

(C) Following approval by a college or academic unit of eligibility of its regular clinical track faculty for election to the senate under the foregoing paragraph:

(1) For purposes of selection of university senators, the electorate for the college or academic unit shall be composed of all regular tenure track and regular clinical track faculty.

(2) Any regular clinical track faculty member appointed by the college or academic unit may stand for election to serve as a representative in the senate.

(3) The minimum and maximum numbers of clinical track faculty from each college or academic unit that may serve as representatives in the senate shall be determined by majority vote of regular tenure track and regular clinical track faculty appointed by that college or academic unit within the limits provided for in paragraph 4 of this section.

(4) One senator or not more than 45% of the senators representing that college or academic unit, whichever is greater, may be regular clinical track faculty of the college or academic unit. (B/T 4/4/2008)
Rules of the university faculty concerning research track faculty appointment and nonreappointment, and promotion

3335-7-30 Definition.

Regular research track faculty appointments are fixed term contract appointments that do not entail tenure. Research track faculty are researchers and shall be engaged in research related to the mission and goals of the academic unit. (B/T 6/4/2004)

3335-7-31 Titles.

The term “regular research track faculty” will exist solely for the purpose of recording this type of appointment in the university’s employment system database. Titles will be research professor of (name of college, school or department), research associate professor, research assistant professor. (B/T 6/4/2004)

3335-7-32 Criteria for appointment, for reappointment and non-reappointment, and for promotion.

With tenure track faculty majority approval, regular research track faculty may be appointed by colleges that do not have schools or departments and by schools and departments in colleges that have such subunits. Unless otherwise authorized by a majority vote of the tenure-track faculty in a unit, regular research track faculty must comprise no more than twenty per cent of the number of tenure-track faculty in the unit. In all cases, however, the number of regular research track faculty positions in a unit must constitute a minority with respect to the number of tenure-track faculty in the unit.

The criteria for appointment, reappointment and nonreappointment, and for promotion for regular research track faculty shall be established by the college, school or department making such appointments and shall be set forth in that unit’s appointments, promotion and tenure document and approved by a majority vote of the regular tenure-track faculty of the unit and approved by the office of academic affairs. The criteria must be distinct from the criteria for tenure-track faculty appointments and cannot require classroom teaching. Regular research track faculty will have an earned doctorate or other terminal degree in the relevant field. The criteria for appointment, for reappointment and nonreappointment, and for promotion should reflect the preponderance of responsibilities being in research activities. (B/T 6/4/2004)

3335-7-33 Procedures for appointment.

Procedures for appointment of regular research track faculty shall be established by the college, school or department making such appointments and set forth in that unit’s appointments, promotion, and tenure document and approved by a vote of the regular tenure-track faculty of the unit and the office of academic affairs. Appointments at the rank of research associate professor or research professor require prior approval of the relevant college and the office of academic affairs. (B/T 6/4/2004)

3335-7-34 Duties and responsibilities.

The primary duty of regular research track faculty is to conduct research. A research track faculty member may, but is not required to, participate in limited educational activities in the area of his or her expertise. However, teaching opportunities for each research track faculty member must be approved by a majority vote of the TIU’s regular tenure-track faculty. Under no circumstances may a member of the research track faculty be continuously engaged over an extended period in the same instructional activities as tenure-track faculty. An appointment to a research track faculty position should not be made to displace or make unnecessary an appointment to a tenure-track faculty position. (B/T 6/4/2004, B/T 6/7/2005)

3335-7-35 Term of appointment.
(A) Contracts will be for a period of at least one year and for no more than five years.

(B) Contracts must explicitly state the expectations for salary support and generally will require one hundred per cent salary recovery. It is expected that salary recovery/support will be derived from extramural funds.

(C) The initial contract is probationary, and a faculty member will be informed by the end of each probationary year as to whether he or she will be reappointed for the following year. By the end of the penultimate year of the probationary contract, the faculty member will be informed as to whether a new contract will be extended at the conclusion of the probationary contract period. In the event that a new contract is not extended, the final year of the probationary contract is the terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.

(D) During and until the end of the second and subsequent contract periods, regular research track faculty appointments may be terminated for not meeting the terms of the contract (e.g. failure to obtain extramural support for the research). Appointments may also be terminated during a contract period for cause (see rule 3335-5-04 of the Administrative Code), or financial exigency (see rule 3335-5-02.1 of the Administrative Code), and the termination decision for either of these reasons shall result from procedures established by faculty rules. In addition, a contract may be renegotiated during a contract period only with the voluntary consent of the regular research track faculty member. By the end of the penultimate year of each contract period, the regular research track faculty member will be informed as to whether a new contract will be extended at the conclusion of the current contract period. If a new contract is not extended, the final year of the current contract is a terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.

3335-7-36 Annual review, reappointment/nonreappointment, and promotion review procedures.

The procedures for reviewing regular research track faculty annually and for reappointment/nonreappointment and promotion shall be set forth in the relevant, tenure-track faculty approved, college, school or department appointments, promotion and tenure document and shall be consistent with review procedures established for tenure-track faculty including those set forth in rules 3335-6-03 and 3335-6-04 of the Administrative Code except that the college dean’s decision shall be final with respect to reappointment and non-reappointment and with respect to denial of promotion. (B/T 6/4/2004)

3335-7-37 Governance rights.

Governance rights within a tenure-initiating unit (TIU) at the local level will be determined by the TIU and will require a vote of its eligible faculty. Research track faculty will be eligible to serve on university committees and task forces but not on university governance committees.

Research track faculty will also be eligible to advise and supervise graduate and postdoctoral students and to be a principal investigator on extramural research grant applications. Approval to advise and supervise graduate students must be obtained from the graduate school as set forth in rule 3335-5-29 and detailed in the graduate school handbook.

Research track faculty will not be eligible to vote on the promotion and tenure of tenure-track faculty or regular clinical track faculty. (B/T 6/4/2004)

3335-7-38 Transfers from the tenure track to the regular research track.
A college, school or department may provide for the possibility of transfer from the tenure faculty track to the research track if appropriate to its circumstances and if provided for in the unit’s appointments, promotion and tenure document. A unit that permits transfers must abide by the following:

(A) The request for transfer must be initiated by the tenure-track faculty member in writing and must state clearly how the individual’s career goals and activities have changed.

(B) When a tenured faculty member transfers to the regular research track, tenure is relinquished.

(C) The school director or department chairperson, the college dean, and the executive vice president and provost must approve all transfers. (B/T 6/4/2004)

3335-7-39 Transfers from the regular research track to the tenure track.

Transfers from the regular research track to the tenure track are not permitted. However, regular research track faculty may apply for tenure-track positions and compete in regular national searches for such positions. (B/T 6/4/2004)

3335-7-40 Oversight.

The office of academic affairs will submit an annual report to the university senate detailing the number, funding source, and TIU of regular research track appointments that have been made the previous year. Also included in the report will be the conditions of the appointments including fiscal arrangements. In unusual circumstances, salaries of research track faculty may be paid on a temporary basis from funds other than those generated from tuition and subsidy. (B/T 6/4/2004, B/T 6/7/2005)

RULES OF THE UNIVERSITY FACULTY
INSTRUCTION
Courses and Curricula

3335-8-01 Courses and curricula; definition.

(A) A course is the unit of instruction or research through which the educational program of the university is offered to its students.

(B) A curriculum is a program of courses leading to a certificate, a degree, or to entry into a professional college, school or a professional division of a college or a school.

3335-8-02 Courses and curricula; establishment, alteration or abolition.

(A) All proposals for the establishment, alteration and abolition of courses and curricula must be submitted to the council on academic affairs. Such proposals shall follow the procedure outlined in rule 3335-5-48.1 of the Administrative Code and shall be subject to review by the president and the board of trustees.

(B) If any change in courses or curricula requires an addition to the teaching staff, it shall not be authorized until approved in writing by the executive vice president and provost. (B/T 4/4/97, B/T 12/4/98)

3335-8-03 Procedure.

Proposals for establishing new courses or curricula for alterations in existing courses or curricula shall originate in the departments or schools and, in the case of departments, shall be subject to acceptance, revision, or rejection by the college or school of which those departments are a part. Proposals of departments, if approved by the college, and those of schools shall be submitted to the council on academic affairs. The council on academic affairs shall refer all courses involving graduate credit to the curriculum committee of the graduate school, which shall subsequently notify the council on academic affairs of the action taken in respect to acceptance of such proposed courses for credit toward graduate degrees. The council on academic affairs shall then take final action on the proposals in accordance with rule 3335-8-02 of the Administrative Code, keeping in mind the entire program of the department, the school, the college, and the university.

3335-8-04 Adoption of approved courses.

In determining credit for the degrees for which they are individually responsible, the several colleges, schools, and the graduate school shall have full authority to accept or to reject courses approved pursuant to rule 3335-8-03 of the Administrative Code. In the event that a college, school, or the graduate school determines to accept a course so approved, that course shall carry those conditions and credits which have been prescribed by the council on academic affairs.

3335-8-05 University classification and course numbering system.

(A) Courses numbered 000-099 are non-credit courses (except certain seminars and colloquia) for orientation, remedial, or other noncollege-level experiences. These are courses with credit added to graduation requirements.

(B) Courses numbered 100-199 are basic courses providing undergraduate credit, but not to be counted on a major or field of specialization in any department. Courses at this level are beginning courses, required or elective courses that may be prerequisite to other courses.

(C) Courses numbered 200-299 are basic courses providing undergraduate credit and may be counted on a major or field of specialization.
(D) Courses numbered 300-499 are intermediate courses providing undergraduate or basic professional credit that may be counted on a major or field of specialization.

(E) Courses numbered 500-599 are intermediate courses providing undergraduate or professional credit that may be counted on a major or field of specialization and may provide graduate credit only in other departments.

(F) Courses numbered 600-699 are courses providing undergraduate or professional credit that may be counted on a major or field of specialization, and may provide graduate credit (in all departments).

(G) Courses numbered 700-799 are advanced courses providing undergraduate, graduate, or professional credit.

(H) Courses numbered 800-999 are courses providing graduate credit and are open to undergraduates only with the consent of the dean of the graduate school.

(I) Courses for which graduate credit is anticipated must be taught by a member of the faculty approved by the graduate committee of the department offering the course. Eight hundred and 900 level courses must be taught by members of the graduate faculty.

University Required Courses

3335-8-06 Curricular requirements.

Every undergraduate curriculum must provide for a minimum of fifteen hours of free electives. (B/T 1/10/75, B/T 3/2/79)

3335-8-07 Basic education.

Every undergraduate student must complete forty-five hours selected to ensure acquaintance with the three basic areas of academic study; the humanities, the social sciences, and the natural sciences. A minimum of fifteen hours is required in each of the three areas. (B/T 1/10/75)

3335-8-10 Academic publications.

All official bulletins of the university shall be published from the copy furnished by the council on academic affairs; but mere editorial changes, as defined by the council on academic affairs, may be made in such copy by the appropriate designated individual in the office of academic affairs after receiving the approval of the department or school concerned.

Class Scheduling

3335-8-11 Precedence of scheduled hours.

Regularly scheduled class appointments shall have precedence over any special examinations or exercises not provided for on the calendar or by faculty action.

3335-8-12 Interval between classes.

The interval between the close of one class period and the beginning of the next shall be twelve minutes.

3335-8-13 Class rosters.

Instructors shall make their class rosters solely from the rosters issued by the office of the university registrar, except that each department or school is authorized to change the hour assignment of a student for courses offered in more than one section. The department or school shall notify the office of the university registrar of all such changes.
3335-8-14 Approval of student schedules.

The deans or secretaries of the several colleges and schools, or designees, shall approve the schedules of classes of students in their colleges and schools but the assignment to hours and all changes in such assignment shall be made by the office of the university registrar.

3335-8-15 Changes of schedules.

(A) No instructor shall change the hour or place of meeting of any class to which a student has been assigned except with the approval of the office of the university registrar.

(B) Instructors who deviate from regular university schedules by holding special sessions or examinations must have received approval from their department chair, regional campus dean and director or college dean to hold such special sessions or examinations. Such instructors shall accommodate students who may have conflicts because of required attendance in regularly scheduled classes. This rule does not apply to policies for the scheduling of final examinations which are provided in rule 3335-8-20 of the Administrative Code. (B/T 6/3/88, B/T 5/3/96)

3335-8-16 Cancellation of elective courses.

As promptly as possible and appropriate, the office of the university registrar shall report to the dean of the college or director of the school having charge of the department or program concerned all elementary elective courses (those numbered below 300) in which fewer than twelve students are enrolled and all elective advanced undergraduate courses (those numbered 300 and above) in which fewer than eight students are enrolled. The dean or director shall cancel every such course unless the department or program can show adequate reason why it should be given. When such a course is cancelled, the dean or director shall notify the office of the university registrar, who shall insert in the official bulletin a notice of its cancellation. (B/T 6/7/2005)

3335-8-17 Regulations for the control of course offerings.

(A) The regulations applicable to classes in the 000, 100, and 200 groups are:

(1) A course offered only once during the three quarters of the regular academic year which has failed to secure an average enrollment of fifteen for the last two times it was given shall be withdrawn from the catalogue or limited to alternate years.

(2) A course offered during two quarters of the regular academic year which has failed during the preceding year to secure a total enrollment of forty shall be offered during one quarter only.

(3) A course offered during three quarters of the regular academic year which has failed during the preceding year to secure a total enrollment of seventy-five shall be withdrawn for one quarter, and, if the total enrollment is less than forty, it shall be withdrawn for two quarters.

(4) If an elective course during a current quarter fails to secure an enrollment of twelve, it shall be withdrawn for that quarter despite the fact that its record of enrollment during the preceding year permits its listing under paragraph (A)(1), (A)(2), or (A)(3) of this rule. (See rule 3335-8-16 of the Administrative Code.)

(B) The regulations applicable to classes in the 300, 400, 500, 600, and 700 groups are:

(1) A course offered only once during the three quarters of the regular academic year which has failed to secure an average enrollment of ten for the last two times it was given shall be withdrawn from the catalogue or limited to alternate years.

(2) A course offered during two quarters of the regular academic year which has failed during the preceding year to secure a total enrollment of twenty-five shall be offered during one quarter only.
(3) A course offered during three quarters of the regular academic year which has failed during the preceding year to secure a total enrollment of forty-five shall be withdrawn for one quarter, and if the total enrollment is less than twenty-five, it shall be withdrawn for two quarters.

(4) If an elective course during a current quarter fails to secure an enrollment of eight, it shall be withdrawn for that quarter despite the fact that its record of enrollment permits its listing under paragraph (A)(1), (A)(2), or (A)(3) of this rule. (See rule 3335-8-16 of the Administrative Code.)

(C) A course withdrawn or suspended under these rules may be restored by following the procedure for introduction of new courses.

(D) This rule does not apply to minor and major research problem courses, to honors courses, or to courses in which special types of instruction or equipment, or limited laboratory facilities, require that, without reference to expense, classes be smaller than those provided for by this rule. All exceptions of these types must be authorized by the council on academic affairs each year.

(E) Courses for which there is inherently a limited demand, but which are essential to the university's program, may be exempted from these regulations, in whole or in part, by the council on academic affairs. Each such course shall be considered annually upon its individual merits.

(F) The graduate professional colleges may formulate rules to govern the control of their course offerings, subject to the approval of the council on academic affairs.

3335-8-18 Standards for number of class sections.

The standards to be applied to the formation of class sections in a course are:

(A) When the registration in a course for a particular quarter is less than twenty-five students, it shall be taught in one section only.

(B) When the registration in a course for a particular quarter is less than fifty and more than twenty-five students, it shall be taught in not more than two sections.

(C) When the registration in a course for a particular quarter exceeds fifty students, the sections into which it is divided must be so formed that no section has less than twenty students.

(D) Where specialized methods of instruction are employed or where there are peculiar difficulties in student schedules, the application of these rules may be modified by the chair of the department and the dean of the college or the director of the school upon approval of the executive vice president and provost.

(E) The graduate professional colleges may formulate rules to govern the formation of class sections, subject to the approval of the council on academic affairs. (B/T 4/4/97, B/T 12/4/98)

Examinations and Marks

3335-8-19 Course examinations.

At the close of each course as defined in rule 3335-8-01 of the Administrative Code, an examination will be given on the student's capabilities relative to the stated course objectives, the method of examining to be determined by the instructor or supervisor of the course. Examinations in laboratory and seminar courses shall be optional with the instructor concerned.

3335-8-20 Schedules for final examinations.

(A) Examinations for classes taught on the regional campuses and for classes whose enrollment is exclusively of students registered in the colleges of dentistry, law, medicine, optometry, pharmacy, and veterinary medicine will be scheduled by the offices of the regional campuses.
and of the colleges respectively. All examination schedules prepared outside the office of the university registrar shall, before publication, be cleared with the office of the university registrar which shall have the power to resolve all conflicts.

(B) All other final examinations shall be centrally scheduled by the office of the university registrar. The official examination schedules shall be strictly adhered to by all instructors. Any deviation must first be approved by the appropriate university official (department chair, regional campus dean and director, or college dean) in consultation with the office of the university registrar, which shall have the power to resolve all conflicts. Final grades for graduating students must be submitted electronically to the office of the university registrar by the deadlines established by that office.

(C) In performing its scheduling function the office of the university registrar shall limit individual examinations to two-hour duration and the total examination period to no more than five days. (B/T 8/1/97, B/T 12/5/2003, B/T 12/2/2005)

3335-8-21 Marks.

(A) "A," "A-"

The instructor judged the student to have satisfied the stated objectives of the course in an excellent manner. The student's performance was judged to be in this range of high quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

(B) "B+," "B," "B-"

The instructor judged the student to have satisfied the stated objectives of the course in an above-average manner. The student's performance was judged to be in this range of above-average quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

(C) "C+," "C," "C-"

The instructor judged the student to have satisfied the stated objectives of the course in an average manner. The student's performance was judged to be in this range of average quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

(D) "D+," "D"

The instructor judged the student to have satisfied the stated objectives of the course in a low but acceptable manner. The student's performance was judged to be in this range of below average but acceptable quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.
(E) "E"

The instructor judged the student not to have satisfied the stated objectives of the course. Credit for a course in which the mark "E" has been received can be obtained only by repeating and passing the course in class (see rules 3335-8-23 to 3335-8-28 of the Administrative Code).

(F) "EM" - examination

(1) This mark indicates credit given to students registered in the university on the basis of examinations taken prior to or after admission to the university. The level of achievement which must be demonstrated by the student on these examinations in order to receive "EM" credit shall be determined by the department or school in which the course is offered for credit, in accord with the criteria for the award of letter grades. This credit, up to a maximum of forty-five credit hours, shall be assigned only upon the authorization of the chair of the department or the director of the school and with the approval of the authorized representative of the dean or director of the student's enrollment unit. Additional examination credit hours may be assigned specific curricular programs with the prior approval of the council on academic affairs.

(2) Examination credit shall not be given to a student for a course in which the student has received a mark at this university or for which the student has transfer credit from some other college or university. Conversely, no course for which "EM" credit has been received can be taken later for a grade or credit. No credit points are allowed for courses in which a mark of "EM" is given.

(G) "I" - incomplete

(1) An "I" indicates that the student has completed a major portion of the work in the course in a satisfactory manner, but for reasons judged by the instructor to be legitimate, a portion of the course requirements remains to be completed.

(2) The mark "I" shall be reported to the office of the university registrar together with the mark which the university registrar is authorized to enter on the student's official record unless a different mark is reported to the office of the university registrar in the manner and within the time described below.

(3) The student must complete the work so that the instructor of the course may report the final mark at the earliest possible time, but not later than noon of the sixth Saturday of the quarter, semester, or session, following that in which the "I" was received. For legitimate reason the instructor may establish a deadline for the completion of the work which is within the maximum time permitted. Upon petition of the student within this period, the instructor or, if the instructor is unavailable, the chair of the department involved, may for good reason allow a student additional time in which to complete the work. An extension beyond the date grades are due for the quarter, semester, or session following that in which the "I" was received requires concurrence of the instructional unit's dean, director, or college secretary. Any decision extending the period shall set forth the time in which the student shall complete the work and a copy of the decision shall be forwarded to the office of the university registrar.

(4) As soon as the incomplete work has been made up, the instructor, or in the case of the instructor's absence from the university, the department chair or the director of the school, shall file the proper mark in the office of the university registrar. Until such time as a final mark is recorded the credit for the mark "I" shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.

(5) In no case shall a student who has received the mark "I" be permitted to repeat the course in which such mark was received until such time as the "I" has been removed and then only in such cases as fall within rule 3335-8-28 of the Administrative Code.
(H) "K" - credit

This mark shall be used for work credited from other institutions by the director of undergraduate admissions only. "K" credit shall be counted as hours only and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.

(I) "EN" – E, non-attendance

This mark shall be used to indicate that the student was properly registered for the course, but failed to complete the course because of non-attendance. It does not differentiate between the student who never attended or stopped attending at some point during the academic term.

When assigning this mark, an instructor must also provide some indication (e.g. day or week of the academic term) of when the student stopped attending the course.

This mark shall be treated as an “E” for the purpose of calculating a student’s point-hour ratio.

(J) "P" - progress

This mark is used to indicate that the student has shown satisfactory progress in a series or sequence of courses where the mark is not recorded until the final quarter, semester, or session of the series or sequence is completed. Until such time as a final mark is recorded, the mark of "P" shall be given and the credit shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code. When a final mark is submitted by the instructor, all previous "P" marks shall assume and be recorded with the value of this final mark.

(K) "PA" - pass, "NP" - non-pass

(1) The grade pass "PA" means the student has satisfied the stated objectives of the course, and the grade non-pass "NP" is the equivalent of the grade "E."

(2) These marks may be used at the option of undergraduate or continuing education students only, subject to the following conditions:

   (a) This grading pattern may be chosen for a maximum of thirty credit hours, provided the student has an accumulated point-hour ratio of 2.0 or higher.

   (b) Among these thirty credit hours, an undergraduate student may elect this option for courses in fulfillment of the curricular requirements of rule 3335-8-06 of the Administrative Code.

   (c) An undergraduate student may elect this option for courses that are not required or designated as required electives in the curriculum leading to the degree for which the student is a candidate.

   (d) Hours graded pass "PA" count toward the minimal number of hours required for a degree. Pass or non-pass marks ("PA," "NP") are not computed in the point-hour average of the student.

   (e) Before five p.m. of the third Friday of a quarter or the second Friday of a term, a student must have declared intention to take a course on this basis by filing the appropriate form with the dean or director of the student's enrollment unit. A student may not change to or from this option after five p.m. of the third Friday of a quarter or the second Friday of a term.
"R" - registered to audit

(1) This mark indicates that the student has registered to audit the course and has met the conditions established for audit enrollment in the course. No credit hours shall be awarded for this mark (see rules 3335-8-29 and 3335-8-33 of the Administrative Code).

(2) Before five p.m. of the third Friday of a quarter, semester, or session, or the second Friday of a term, a student must have declared intention to take a course for audit or to change from a credit to an audit basis by filing the appropriate form with the dean or director of the student's enrollment unit. A student may not change to or from the audit option after five p.m. of the third Friday of a quarter, semester, or session, or the second Friday of a term.

"S" - satisfactory, "U" - unsatisfactory

(1) The mark "S" may be used to record either satisfactory progress in or completion of work, provided that the course has been approved for this mark by the dean of the college offering the course, and in the case of courses carrying graduate credit, by the dean of the graduate school. It shall be used as an alternative to "U" or "I" in all individual studies courses whatever their number. "S" credit shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.

(2) The mark "U" shall be used for unsatisfactory work in courses in which a student would be entitled to the mark of "S" if the student's work had been satisfactory. No credit shall be given for work marked "U." This mark shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.

"W" - withdrew

(1) This mark is used for students withdrawing from one or more courses or from the university.

3335-8-22 Report of marks.

Upon completion of the course requirements, marks for every student shall be reported to the office of the university registrar in accord with deadlines listed in the quarterly master schedule of classes.

3335-8-23 Alteration of marks.

(A) A mark filed in the office of the university registrar is a part of the official records of the university. It is subject to change only when a procedural error has been discovered in evaluation or recording of a grade. Action to change a grade must be initiated before the end of the second succeeding quarter. In no case will a grade be revised in accordance with criteria other than those applied to all students in the class. If the instructor agrees that an error in the mark was made, the mark will be changed upon written authorization of:

(1) The instructor of the course, and

(2) The instructional unit's dean, director, or college secretary.

If a student believes that a procedural error in grading was made, the student should meet with the instructor. If the instructor does not agree that a procedural error was made, the student may meet with the department chair to discuss the grade grievance. The chair shall respond to the student no later than thirty days after the student has requested a review by the chair. Upon receipt of the chair's response, if the issue is not resolved to the satisfaction of the student, the student may within two weeks request in writing by duplicate submission to the dean or director of the instruction unit and the department chair the procedures in paragraph (B)
of this rule. Unresolved cases of grade grievance due to grading procedures are subject to paragraph (B) of this rule; unresolved cases of grade grievance due to other causes are not subject to paragraph (B) of this rule.

(B) Unresolved cases of grade grievance due to grading procedures shall be reviewed by a faculty departmental committee appointed by the department chair.

(1) In cases of instructors still affiliated with the university, the review committee shall consult both the student and the instructor and shall determine the validity of the grade grievance due to grading procedures. The review committee shall make its findings known in writing to both the student and the instructor within thirty days of the student's request to the chair.

If the committee finds that a procedural error has occurred and if the instructor declines to accept the findings of the review committee, the committee shall consider the reasons for not authorizing a grade change given by the instructor and may, upon consideration of these reasons, authorize in writing a grade change to be instituted by the department chair.

(2) In cases of instructors no longer affiliated with the university, the findings of the committee shall be reported to both the student and the instructor. If the instructor chooses not to respond, the judgment of the committee shall prevail. If the instructor responds and declines to accept the findings of the committee that a procedural error has occurred, the committee shall consider the reasons for not authorizing a change given by the instructor. In either case, the committee may, upon due consideration, authorize in writing a grade change (if such can be determined) to be instituted by the department chair.

If a department committee can find no academic basis upon which to recommend an appropriate grade for the course, the student shall be given the option of having the course stricken from the student's record and, if so desired, to retake that course without prejudice or penalty.

(C) If charges of grave academic misconduct against an instructor are made and substantiated under rule 3335-5-04 of the Administrative Code, the department chair shall be authorized to appoint a department grade grievance committee to consider grading errors that are alleged to be related to the misconduct. The committee shall consider all evidence and present, in writing, a report to the chair indicating any recommended grade changes. The department chair shall be authorized to institute grade changes in accordance with the recommendations of the committee.

If a department committee can find no academic basis upon which to recommend an appropriate grade for the course, the student shall be given the option of having the course stricken from the student's record and, if so desired, to retake that course without prejudice or penalty.

(D) The graduate school and graduate professional colleges may formulate appropriate modifications of this rule, subject to the approval of the council on academic affairs, and publish this rule in their bulletins.

3335-8-23.1 Retention or disposal of materials submitted to meet course requirements.

(A) Materials submitted by a student to satisfy course requirements shall either be returned to the student or made available for the student's inspection, after they have been marked or otherwise evaluated, before the end of the quarter, semester, session, or term in which the work is performed or, in the case of final projects and final examinations, no later than the fourteenth day of instruction of the following quarter, semester, session, or term.

(B) Materials of this kind which have not been returned to the student shall be retained by the academic unit or the individual instructor until the last day on which a grade change may be initiated as provided for in paragraph (A) of rule 3335-8-23 of the Administrative Code. An exception to this rule may be made in the case of materials that are impracticable to store if the
need for such exception is clearly communicated in writing and distributed to the students at the beginning of the course. (B/T 6/5/87)

Course Credit

3335-8-24 Credit hours.

(A) All courses shall be assigned a number of credit hours in accordance with the procedure outlined in rules 3335-8-02 to 3335-8-04 of the Administrative Code. This may be any number from zero on up; however, in determining the credit hours assigned, the department, school, college and council on academic affairs should use as a guide the following suggested standards:

(1) One credit hour shall be assigned for each three hours per week of the average student's time, including class hours, required to earn the average grade of "C" in this course.

(2) One credit hour shall be assigned for each two consecutive hours of practical or experimental work per week in any department or school.

(3) One credit hour shall be assigned for each three hours of laboratory work per week, when no additional outside work is required. When outside work is required, then the standard in paragraph (A)(1) of this rule shall be applied.

(B) In determining the hours per week required by the course or work, the council on academic affairs may, in appropriate cases, consider the average weekly hours spent during a quarter, semester, or session on the course or work. It should be remembered that the above are guides only and may be deviated from for good cause.

(C) When comparing or combining semester credit hours with quarter credit hours, one semester credit hour shall be the equivalent of one and one-half quarter credit hours.

3335-8-25 Credit points.

(A) Credit points shall be assigned on the following basis:

(B) All other marks (see rule 3335-8-21 of the Administrative Code) carry no credit points. (B/T 6/7/2002)

3335-8-26 Point-hour ratio.

(A) The point-hour ratio of a student shall be computed by dividing the sum of the applicable number of credit hours (as defined in paragraph (B) of this rule) in which the marks "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN" have been given into the sum of the credit points (see rule 3335-8-25 of the Administrative Code) assigned for such hours.
(B) When determining the point-hour ratio of a student:

(1) For a quarter, semester, or session, the "applicable number of credit hours" shall be the student's scheduled credit hours in that quarter, semester, or session.

(2) For the student's work in the university, the "applicable number of credit hours" shall be the total number of credit hours undertaken in the university except as modified by paragraph (A)(2) or (B) of rule 3335-8-27.1 of the Administrative Code.

(3) For the student's work in the graduate school, the "applicable number of credit hours" shall be the total number of graduate credit hours undertaken while enrolled in the graduate school. For the student's work in a professional college or school or professional division of a college, the "applicable number of credit hours" shall be the total number of credit hours undertaken while enrolled in the professional college or school or professional division of a college.

(4) For the student's work in the major field of interest, the "applicable number of credit hours" shall be the total number of credit hours undertaken in courses approved for the major program.

(C) No college of medicine point-hour average shall be computed for a student enrolled in the college of medicine in a curriculum leading to the degree, doctor of medicine, when that student has received only the marks of "H," "S," or "U" in the college of medicine. (B/T 8/1/97, B/T 6/7/2005, B/T 12/2/2005)

3335-8-26.1 Recalculation of cumulative point-hour ratio.

(A) An undergraduate student who re-enrolls in the university after an absence of five or more years may petition the dean or director of his or her enrollment unit to recalculate the cumulative point-hour ratio of his or her previous residency. If the petition is approved, all courses taken will remain on the permanent record. Those with marks of "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "EM," "K," "PA," or "S" will be counted for credit only. No other marks will be counted for credit.

(B) If the petition is approved, the student resumes his or her academic program with no cumulative point-hour ratio, and thereafter is subject to the conditions of warning, probation, and dismissal that govern all students (see rules 3335-9-24 to 3335-9-28 of the Administrative Code).

(C) Under the provisions of this rule a student, before graduation, must be re-enrolled for a minimum of:

(1) Forty-five quarter credit hours and

(2) Three academic quarters.

(D) All courses ever taken at the university will be used in the calculation of the cumulative point-hour ratio required for the purposes of graduation with honors.

(E) The graduate school and graduate professional colleges may formulate appropriate modifications of this rule, subject to approval by the council on academic affairs, and shall publish the rule in their bulletins. (B/T 6/7/79, B/T 7/10/81, B/T 5/3/96)

3335-8-27 Failure in a required course.

(A) An undergraduate or professional student who has not been dismissed from the university must repeat in a regularly scheduled class, at the first opportunity, a required course in which a mark of "E" or "EN" has been received, unless an equivalent course is recommended and approved by the authorized representative of the dean or director of the student's enrollment unit.
(B) A graduate student who has not been dismissed from the university must repeat in a regularly scheduled class a required course in which a mark of "E" or "EN" has been received only if this is required by the student's adviser. (B/T 6/7/2005)

3335-8-27.1 Freshman forgiveness rule.

(A) If a course in which an undergraduate student receives a grade of "D+", "D", "E," or "EN," taken during the freshman year (the period during which the first forty-four credit hours are accumulated on the student's official permanent record) is repeated before the end of that student's sophomore year (when the student will have accumulated a total of eighty-nine credit hours), the original course credit and grade will be automatically excluded from the calculation of the student's cumulative point-hour ratio and deficiency points, but will remain on the student's official permanent record. This action will be subject to the following conditions:

(1) If the grade in the original course was a "D+" or "D," a student may repeat the course for credit only upon the recommendation of the authorized representative of the dean, or director of the student's enrollment unit. Such recommendation must be obtained before noon of the third Saturday of the quarter in which the repeated course is taken.

(2) The same course may be repeated only once under this rule.

(3) This rule may be applied for a maximum of fifteen credit hours.

(B) The graduate school and graduate professional colleges may formulate appropriate modifications of paragraph (A) of this rule, subject to the approval of the council on academic affairs, and publish the rule in their bulletins. (B/T 7/21/78, B/T 6/7/85, B/T 6/7/2005)

3335-8-28 Repetition of courses.

(A) Except as specified by rule 3335-8-27 of the Administrative Code, undergraduate students who have received a mark of "E," "EN," or "NP" in a course at this university may repeat the course for credit at their option.

(B) Undergraduate or professional students, as defined in rule 3335-9-01 of the Administrative Code, who have received a mark of “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “C-,” “D+,” “D,” “EM,” “K,” or “PA” in a course at this university may repeat the course for credit only upon the recommendation of the authorized representative of the dean or director of their enrollment unit.

(C) A graduate student, as defined in rule 3335-9-01 of the Administrative Code, may repeat for credit any course when approval is given by the student's adviser.

(D) A student who has audited a course may subsequently repeat the course for credit only upon receiving permission of the authorized representative of the dean or director of the student's enrollment unit.

(E) The credit hours for a repeated course shall in no case be counted more than once in meeting graduation requirements. When a student repeats a course, both grades appear on the student's record and both are used in computing the point-hour ratio, except as modified by rule 3335-8-27.1 of the Administrative Code. (B/T 4/7/2000, B/T 6/29/2001, B/T 6/7/2005)

3335-8-29 Admission to courses as an auditor.

An undergraduate or professional student may audit a course upon the approval of the professor in charge of the course and the dean of the college, or designee, in which the student is registered. (For repetition of courses, see rule 3335-8-28 of the Administrative Code.) A graduate student may audit a course upon the approval of the professor in charge of the course and the student's adviser.
3335-8-32 Withdrawal from courses or from the university.

(A) Withdrawal from the university during a quarter, semester, or session, constitutes withdrawal from all courses in which a student is enrolled during that quarter, semester, or session. Upon official notification of the student's withdrawal from the university, the university registrar is authorized to enter the dated notation "withdrew" on the student's official permanent record.

(B) To withdraw from any or all courses, a student must file the appropriate form with the authorized representative of the dean or director of the student's enrollment unit.

(C) Until five p.m. of the third Friday of a quarter, semester, or session, or the second Friday of a summer term, a student may withdraw from any or all courses which began in the same quarter, semester, session, or term, and no record for the course(s) will be entered on the student's official permanent record.

(D) After five p.m. of the third Friday of a quarter, semester, or session and until five p.m. of the seventh Friday of a quarter, semester, or session, if a student withdraws from any or all courses which began in the same quarter, semester, session, or term, the university registrar is authorized to enter the mark "W" on the student's official permanent record for the courses withdrawn.

(E) After five p.m. of the seventh Friday of the quarter, semester, or session, or the second Friday of a summer term, a student who because of circumstances beyond his or her control finds it necessary to withdraw from any or all courses, must file the appropriate petition with the authorized representative of the dean or director of the enrollment unit. Reasons not acceptable include (but are not limited to) the student's performance in the course(s), lack of preparation for the course(s), or dissatisfaction with the subject matter offered in the course(s). If the petition is approved, a copy will be filed with the university registrar who is then authorized to enter the mark "W" on the student's official permanent record and the instructor(s) of the course(s) will be so notified. If the petition is not approved, the student continues to be enrolled in the course(s) and a final mark must be submitted by the instructor(s). Withdrawal from any and all courses shall not be permitted after the last day of regularly scheduled classes except when the student experiences a genuine emergency after the regularly scheduled classes end and prior to sitting for the final examination in a given course or courses.

(F) Withdrawal from any or all courses shall not be permitted after the final examination in that course has been given.

(G) A student who stops attending a course (or courses) and does not officially withdraw from it (them) shall have the appropriate mark as submitted by the instructor entered on the student's official permanent record for the course(s). Such a mark shall be based on the grading criteria used to evaluate all students in the course.

(H) Graduate professional colleges shall formulate rules to govern withdrawal of their students from courses in their respective curricula, subject to the approval of the council on academic affairs, and publish these rules in their respective bulletins.

(I) For provision regarding return of fees, when applicable, see rule 3335-9-18 of the Administrative Code.

3335-8-33 Conditions and procedures for disenrollment from a course.

(A) The instructor (or in the case of a graduate teaching associate, the supervising faculty member), the chair of the instructor's department (with the agreement of the instructor), or other appropriate administrative official may disenroll a student from a course if:

(1) After the third instructional day of the quarter, semester, session, or term, the first Friday of the quarter, or the student's second scheduled class session of the course, whichever occurs first, the student fails to attend the scheduled course without giving prior notification to the instructor. Under this paragraph, no student may be disenrolled from a course until
after the first course meeting following the student's registration. When the department elects to use this procedure, the instructor, the chair, or other appropriate administrative official shall notify the student's enrollment unit. The enrollment unit will notify the student and take appropriate action to remove the student from the course.

Since not all departments exercise the option to disenroll students in all courses, this rule does not relieve the student of the responsibility for dropping a course the student is not attending.

(2) The student enrolls to audit a course without the instructor's approval, or fails to meet the prerequisites of the course. Disenrollment procedures shall be the same as in paragraph (A)(1) of this rule.

(3) Before the third Friday of a quarter, semester, or session, or the second Friday of a summer term, and following completion of a placement examination, or another appropriate measure of preparation or ability, the student is judged to be registered in an inappropriate course. The department or school offering the course may then instruct the secretary of the college or school in which the student is enrolled to change the student's registration either to a more elementary or more advanced course.

(B) Disenrollment, under paragraph (A) of this rule, is effective upon action of the instructor, department chair, or other appropriate administrative official.

(C) Credit for all rescheduled courses resulting from action under paragraph (A)(3) of this rule shall count toward the fulfillment of graduation requirements unless the student has previously earned university or college credit in a course having substantially the same subject matter content or the substituted course is one which the department or school, with the approval of the council on academic affairs, has established for students with inadequate preparation for college level courses of that department or school.

(D) If a student who has enrolled to audit a course fails to complete the requirements for audit specified by the instructor and also fails to withdraw from the course, the instructor shall so inform the office of the university registrar when marks are reported for the quarter, semester, or session. That office will then disenroll the student from the course, removing the course from the student's permanent record, and will notify the student and the student's college of the action taken.

(E) After investigation, including consultation with the instructor and the student in question, and utilizing other university resources, as desirable, the chair (or other appropriate administrative official) may disenroll a student from a course if the student presents a clear and present threat of bodily harm or injury to the instructor or fellow students, or, after warning, continues to engage in disruptive conduct, either of which results in impairment of teaching or learning processes:

(1) If, after attempting to resolve the difficulty by informal means, the department chair (or other appropriate administrative official) deems disenrollment necessary, the affected student shall be notified in writing. The notice shall be delivered by hand or sent through ordinary mail to the student at the last address supplied pursuant to rule 3335-9-09 of the Administrative Code. Copies of the disenrollment action shall be sent to the dean of the instructional college, the dean of the student's college, the office of the university registrar, and the office of student affairs.

(2) The student may appeal to the executive vice president and provost or designee for waiver of disenrollment under paragraph (E) of this rule, provided the appeal is filed within ten days of the disenrollment action. The executive vice president and provost shall make final determination on the appeal within seven days.

(3) Disenrollment is effective upon the action of the department chair (or other appropriate administrative official), unless reversed by the executive vice president and provost or designee.
For disenrollment, exclusive of audit, under paragraphs (A) and (E) of this rule, the university registrar shall enter on the student's official permanent record:

(1) No mark, if the disenrollment occurs before five p.m. of the third Friday of a quarter, semester, or session course, or the second Friday of a summer term course; or

(2) The mark, "W," if the disenrollment occurs after five p.m. of the third Friday of a quarter, semester, or session course, or the second Friday of a summer term course. (B/T 7/9/76, B/T 7/22/77, B/T 4/1/83, B/T 2/3/84, B/T 7/6/84, B/T 4/5/85, B/T 6/5/87, B/T 11/2/90, B/T 7/12/91, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98)

3335-8-34 Residence work.

(A) Except for cases meeting the conditions of paragraph (B) of this rule, residence credit will be given only for work taken in residence within the basic organization of the educational units of the university. (See rule 3335-1-05 of the Administrative Code.)

(B) By pre-arrangement with the head of the department or school concerned and with the approval in advance of the appropriate executive committee, an undergraduate student of good standing who has already secured satisfactory credits within a department or school may carry on work in absentia, and secure credit by examination for not to exceed a total of six hours. Credit so secured may be counted as a part of the work of the senior year.

University Year

3335-8-35 Quarters, semesters, sessions, and terms.

(A) The university year shall be divided into four quarters of approximately twelve weeks each. For any college on a semester basis, the university year shall be divided into a summer session of approximately twelve weeks and two semesters of approximately eighteen weeks each. The summer quarter or session shall begin the university year and may be divided into two terms of approximately six weeks each.

(B) The university calendar, including the dates of the beginning and ending of each quarter, semester, session, and term and of the several vacations and recesses within the year, shall be published in the appropriate university bulletins.

3335-8-36 Vacations.

All vacation dates shall be determined by the council of deans and published in the university bulletins as a part of the official calendar.

3335-8-37 Convocations.

A convocation for the conferring of degrees and certificates shall be held at the close of each quarter.

RULES OF THE UNIVERSITY FACULTY
ATTENDANCE AND GRADUATION

Admission

3335-9-01 Classification of students for admission.

Students shall be classified as:

(A) Undergraduate students: regular or special. This shall include students registered in the colleges of arts; biological sciences; business; food, agricultural, and environmental sciences; education and human ecology; humanities; mathematical and physical sciences; social and behavioral sciences; the division of pre-professional education of the college of education and human ecology; the pre-engineering division of the college of engineering; and the division of continuing education.

(B) Graduate students: regular, special, graduate nondegree, conditional, or transient. The provisional classification is used in conjunction with the regular, special, and conditional classifications.

(C) Professional students: regular or special. This shall include students either regularly or specially registered in the colleges or divisions of a college which admit after completion of a pre-professional curriculum.

(D) Transient students. This shall include regular enrollees of other institutions who with the recommendation of their college authorities enter this university for a brief residence (usually one quarter, semester, session, or term) without transfer of credits.

(E) Auditors. This shall include persons who desire to attend classes without receiving credit for any courses taken. (B/T 5/4/2001, B/T 7/7/2006)

3335-9-02 Time of admission.

(A) Admission as an undergraduate student. Undergraduate students who are residents of the state of Ohio and who meet all admission requirements shall be admitted to any one of the four quarters.

(B) Admission as a graduate student. Graduate students meeting all admission requirements may be admitted in any one of the four quarters.

(C) Admission as a professional student. Professional students meeting all admission requirements shall be admitted at such time or times as determined by the council on enrollment and student progress with due regard to the curriculum of the professional college involved.

(D) Admission as a transient student or auditor. Transient students and auditors meeting all admission requirements shall be admitted at such time or times as determined by the council on enrollment and student progress. (B/T 6/7/2005)

3335-9-03 Admission requirements.

Admission requirements, including admission to advanced standing, for entrance into the university shall be adopted by the board of trustees upon recommendation of the appropriate faculty and the approval of the university senate.

3335-9-04 Specific admission requirements.

(A) Undergraduate student. For admission as a regular undergraduate student, an applicant must
be a graduate of a high school (or equivalent preparatory school), or must have passed equivalent entrance examinations. For unconditional admission the applicant must present a minimum of fifteen high school units distributed in accordance with a preparatory curriculum approved by the university faculty and must meet the special requirements of the college or school the applicant desires to enter, subject to such deficiencies (or conditions) as that college or school may permit (see also rule 3335-9-24 of the Administrative Code). The preparatory curriculum is not required for the unconditional admission of regular undergraduate students with high school graduation five or more years prior to the first quarter of enrollment.

For admission as a special undergraduate student, an applicant must satisfy the executive vice president and provost, or designee, that the applicant is qualified to undertake the special program desired.

(B) Graduate student. An applicant must meet the admission criteria established by the research and graduate council. All applicants must specify a field of specialization.

(C) Professional student. An applicant for admission as a regular or special student in a professional program must meet the pre-professional requirements of the school, college or division of a college the applicant desires to enter. If the applicant does not meet the pre-professional requirements, the applicant may be admitted subject to such deficiencies (or conditions) as that school, college or division of a college may permit.

(D) Transient student. To be considered for admission as a transient student, the applicant must present a brief, definite program endorsed by the president or dean of the student's university or college. Where this and all other pertinent matters are satisfactory to the director of admissions, the applicant may be admitted unless there is objection by the college, school or division of which the applicant seeks admission. (B/T 11/3/2000, B/T 6/7/2005)

3335-9-05 Admission of an undergraduate special student to regular standing.

An undergraduate special student who has completed two full years of college work and who desires to become a candidate for a degree may be transferred by the director of undergraduate admissions to the standing of a regular student by one of the following methods:

(A) By meeting the entrance requirements of the college or school in which he or she desires to attain regular standing.

(B) By assuming an addition of forty-five hours and ninety points to the requirements of his or her curriculum.

(C) By such other adjustments as may be approved by the undergraduate admissions office and the executive committee of the college concerned.

3335-9-06 Admission to advanced standing.

(A) An applicant presenting credentials for admission to advanced standing as an undergraduate student will in general be refused admission unless the applicant's record is at least "C" as an average of all courses undertaken.

(B) The director of undergraduate admissions may admit an applicant who does not fully meet this standard, provided the applicant's record is one that shows progressive improvement and provided the total credits allowed shall not be more than one-half the credit points counted on the applicant's complete record.

(C) An undergraduate applicant having fewer than forty-five transferable quarter credit hours at the time of first enrollment shall be subject to the provisions of paragraph (A) of rule 3335-9-04 of the Administrative Code and paragraph (B) of rule 3335-9-25 of the Administrative Code. (B/T 5/4/2001)
3335-9-07 Academic aptitude and course placement test.

(A) Every undergraduate student, excepting transient students, attending the university for the first time, is required to take an academic aptitude test under the supervision of the university orientation and testing center. He or she shall also take such course placement tests as are required by the appropriate college, school, or department.

(B) The taking of this test by students entering the graduate school, the professional division of the college of engineering, or the colleges of dentistry, law, medicine, optometry, pharmacy, or veterinary medicine shall be optional with the graduate school or these colleges. (B/T 8/1/97, B/T/ 12/5/2005)

3335-9-08 Medical examination and enrollment denial for medical reasons.

(A) After admission, but prior to enrollment, each student seeking to enroll shall complete and submit to the university health service medical information in a form prescribed by the health service. Failure to comply with this requirement may result in denial of enrollment.

(B) Students with certain physical, psychological or emotional health conditions may be subject to a hold from enrollment. Such a hold may be imposed when there is clear and convincing evidence that:

(1) The student's current state of physical health poses a substantial danger to the health and well-being of other members of the university community; or

(2) The student is suffering from a mental disorder and as a result of that disorder engages, or threatens to engage in behavior which:

(a) Poses a substantial danger or risk of causing harm to the student or to others; or

(b) Poses a substantial danger or risk to university property, or to the property of another member of the university community.

(C) When the health of a student is alleged to be as defined in paragraph (B) of this rule, the director of the university health service, or designee, shall consult with the student about the student's health status. If the director decides it is necessary, the student may be required to submit to examination(s) deemed sufficient to evaluate such condition. The university health service will then review the case, including any medical evidence or opinion available, and determine appropriate university action. If the student fails to submit to an examination, or fails to furnish relevant health condition information, or if the review by the director discloses the existence of an immediate danger to the university community as set out in paragraph (B) of this rule, the student may be subject to a hold from enrollment; or conditions appropriate to protect the university community may be placed upon enrollment. In arriving at appropriate action, the director will take into account reasonable action on the part of the university to accommodate the student's condition.

(D) If a student has been placed on a hold from enrollment, or otherwise experienced modification of enrollment status by reason of health conditions enumerated in paragraph (B) of this rule, the student may petition for revision of that status through the office of the vice president for student affairs.

(1) Such request must be accompanied by supporting documentation that the conditions for revision of enrollment status have been fulfilled, and/or that the health condition has changed sufficiently to make revision appropriate. Upon receipt of such request, the vice president for student affairs will evaluate the evidence, or convene the case consultation committee (composed of representatives of counseling and consultation service, university health service, the student's academic unit, and other academic/administrative units as appropriate) for that purpose, and decide to:
(a) Approve enrollment without condition;

(b) Approve enrollment with specified conditions such as medical treatment; or

(c) Deny enrollment.

(2) The student must, in addition, meet all normal and appropriate standards for enrollment set by the academic unit in which the student seeks to enroll. (B/T 6/1/2001)

3335-9-09 Student addresses.

At the time of registration each student shall submit to the office of the university registrar the address of the person who should be notified in case of emergency and his or her local address. All subsequent changes to these addresses shall be promptly reported to the office of the university registrar as long as the student is currently enrolled at the university.

3335-9-10 Removal of entrance conditions.

Entrance conditions assessed against students at the time of admission or transfer to a college may be removed by the executive vice president and provost, when the dean of a college in which the conditioned student is registered has certified to the director of admissions that the deficiencies have been made up. The methods to be followed in making up entrance conditions shall have the joint approval of the director of admissions and the dean of the college concerned and, for undergraduate students, shall be in accordance with policies established by the council on academic affairs in consultation with the council on admission and registration. Removal of entrance conditions shall take precedence over the student's regular college schedule. If credits earned in the university are to be substituted for such deficiencies, the student must earn a grade of "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+" or "D" in courses approved to remove admission conditions. (B/T 4/4/97, B/T 7/10/98, B/T 12/4/98)

3335-9-11 Regular tenure-track faculty, regular clinical faculty, regular research faculty, and senior administrative and professional employees pursuing additional degrees.

Faculty members: No regular tenure-track faculty member, regular clinical faculty member, or regular research faculty member will be permitted to pursue a degree offered by the college in which the faculty member holds an appointment. In those instances where faculty members wish to pursue degrees in other colleges of this university, they must demonstrate that the acquisition of these degrees enhances their own competence as teachers and scholars. In making decisions to pursue additional degrees, university faculty must consider first and foremost the requirements of their total university commitment and responsibilities. Requests to pursue additional degrees must be approved by the chair of the department in which the faculty member holds appointment, dean of the college in which the faculty member holds appointment, dean of the school or college in which the degree would be granted (the dean of the graduate school in consultation with the executive committee of the council on research and graduate studies or dean of a professional college), and the executive vice president and provost. (B/T 6/14/48, B/T 11/1/85, B/T 11/2/90, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98, B/T 6/7/2005)

Senior administrative and professional appointees: In those instances where senior administrative and professional appointees wish to pursue degrees at this university, they must demonstrate that the acquisition of these degrees enhances their competence as university employees. In making decisions to pursue additional degrees, senior administrative and professional appointees must consider first and foremost the requirements of their total university commitment and responsibility. Requests to pursue additional degrees must be approved by the immediate supervisor, the appropriate vice president in whose area the senior administrative and professional appointee holds position, dean of the school or college in which the degree would be granted (the dean of the graduate school in consultation with the executive committee of the research and graduate council or dean of a professional college), and the executive vice president and provost. (B/T 6/1/85, B/T 11/1/85, B/T 11/2/90, B/T 5/3/96, B/T 4/4/97, B/T 12/4/98, B/T 6/7/2005)
Registration and Payment of Fees

3335-9-12 Enrollment conditional upon payment of fees.

All bills, fees, and deposits required from students for a quarter, semester, or session, must be paid at the office of fees and deposits no later than the fee payment deadline for that quarter, semester, or session set by the office of the university registrar and approved by the council on enrollment and student progress. (B/T 6/7/2005)

3335-9-13 Application and acceptance fees.

(A) Undergraduates. Undergraduate applications for first admission to the university must be accompanied by an application fee. This fee is non-refundable and is not credited against any other fees charged by the university.

(B) A non-refundable acceptance fee is assessed all students enrolling for the first time in one of the university's undergraduate degree-granting colleges or schools or university college. The acceptance fee is to be paid prior to orientation or release of registration materials.

(C) Professional. Professional applications for admission to the university must be accompanied by an application fee. This fee is non-refundable and is not credited against any other fees charged by the university.

(D) A non-refundable acceptance fee is assessed all students enrolling for the first time in one of the professional colleges of the university. Payment is to be made prior to release of registration materials.

(E) Graduate. A non-refundable acceptance fee is assessed all students, except graduate non-degree students, enrolling for the first time in the graduate school of the university. Payment is to be made prior to registration.

(F) Graduate applications by foreign students for first admission to the university must be accompanied by an application fee. This fee is non-refundable and is not credited against any other fees charged by the university.

3335-9-14 Time of registration and payment of fees; penalties.

(A) Payment of fees is required of all students each quarter, semester, or session, by the close of business on the date established by the executive vice president and provost in cooperation with the appropriate offices, and published by the office of the university registrar. This fee payment deadline will apply to the postmark date for fees paid by mail and to the date of receipt for fees paid in person. Failure to meet this requirement will result in a penalty assessment, unless excused by the university registrar or designee.

(B) Students whose fees are paid under contract with a third party will be held responsible for payment if the third party defaults or the contract is terminated.

(C) The university registrar, as the designee of the executive vice president and provost, reserves the right to refuse registration if fees are not paid by the date on which they are due. (B/T 4/4/97, B/T 12/4/98, B/T 12/6/2001, B/T 3/1/2002)

3335-9-15 Penalty for payment of fees when payment is not honored.

The registration of any student who pays fees by a payment that is not honored upon presentation is subject to cancellation. If permitted to reregister and/or pay, the student will be assessed a penalty for reregistration and the regular penalty for late payment provided for in rule 3335-9-14 of the Administrative Code.
3335-9-16 Administrative holds.

(A) With the approval of the executive vice president and provost, an administrative hold may be placed on the records or accounts of any person who fails to comply in a reasonable period of time with an obligation imposed under university rules or who has an overdue debt or fine. An administrative hold will cause certain services to be withheld, including, but not limited to: obtaining current quarter grades, registering or enrolling, being certified as eligible to obtain a degree or certificate, receiving a transcript, borrowing books or equipment, or participating in discount plans available to faculty, staff, or alumni.

(B) The unit originating an administrative hold on the records or accounts of any person shall notify the person in writing of the obligation that is overdue by providing another itemized billing or list of actions requested, specifying when the administrative hold will become effective, and indicating the name and method of contacting an individual who can provide additional information.

(C) Any disputes concerning the legitimacy of a hold or its processing will be resolved by the university registrar. (B/T 4/4/97, B/T 12/4/98)

3335-9-17 Timely registration.

All students are required to submit course requests each quarter, semester, or session, following procedures promulgated by the office of the university registrar. Failure to comply with this rule will result in a penalty assessment. (B/T 6/7/2005)

3335-9-17.1 Additions to approved schedules.

(A) Until the official closing time on the first Friday of a quarter additions to approved schedules in undergraduate colleges require the approval of the student's enrollment unit.

(B) After the first Friday of a quarter and until the official closing time of the second Friday, additions to approved schedules require the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department) and the approval of the student's enrollment unit.

(C) After the second Friday of a quarter, additions to approved schedules require the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department), the permission of the chair of the instructor's department or the director of the school (or of the designated representative of the chair or the director), and the approval of the student's enrollment unit.

(D) After the third Friday of the quarter, additions to approved schedules will not be permitted. Exceptions will be granted only by petition. Petitions must be filed with the authorized representative of the dean or director of the enrollment unit. Petitions will be approved only on the basis of clearly documented clerical error or unusual and extenuating circumstances beyond the student's control.

(E) Because of the accelerated nature of summer-term courses, deadlines for adding these courses are as follows: from the first day of classes until the official closing time on the first Friday of each summer term a student may add a course only with the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department) and the approval of the student's enrollment unit. After this date a student wishing to add a summer-term course to the approved schedule must have, in addition, the permission of the instructor's department chair or the director of the school (or of the designated representative of the chair or the director).

(F) For courses of shorter duration deadlines and approval procedures will be established by the instructional unit in which the course is offered after consultation with the office of the university registrar.
(G) The graduate school and graduate professional colleges shall formulate rules to govern additions to approved schedules, subject to approval of the council on academic affairs and publish them in their respective bulletins. (B/T 12/8/77, B/T 2/3/84, B/T 2/1/91, B/T 5/3/96)

3335-9-18 Return of fees.

(A) Fees (except for the application and acceptance fees) are returnable in part if a student withdraws from the university for any cause other than at the request of the university and if such withdrawal is made within the period established by the executive vice president and provost in cooperation with the appropriate offices, and published by the office of the university registrar. The application fee and the acceptance fee are not returnable irrespective of the reason for withdrawal.

Students dismissed from the university or withdrawing at the request of the university are not entitled to any refund of fees.

(B) In order to be eligible for the listed refund, the student's record and account must be free of any administrative hold (see rule 3335-9-16 of the Administrative Code).

(C) If exceptional conditions prevent the presentation of the authorization to withdraw at the office of fees and deposits at the proper time, and if the student has not been able to attend classes during this time, the case should be referred for decision to the university registrar or designee.

(D) If fees are paid under mistake of law or fact, they are returnable in full.

(E) Fees are not returnable except as provided in this rule. (B/T 3/1/2002, B/T 6/7/2005)

3335-9-19 Instructional and general fees for instructors, graduate teaching associates, graduate research associates, graduate administrative associates, fellows, scholars, and university employees.

(A) "Fees authorized" are those fees which are paid on behalf of a student through university accounts for the purpose of services rendered, employee benefits or student assistance. A fee authorization provides the authority to spend money from whatever account is specified to pay student fees. All fees must be authorized following procedures promulgated by the office of fees and deposits. An approved fee authorization will be processed as an expenditure against the department and account specified.

(B) The payment of instructional and general fees may be authorized, except as specifically prohibited by the university, for those within the following classifications:

(1) Members of the instructional staff of the university, with the rank of instructor and above who were employed before July 1, 1955 and who are registered in the graduate school, and any member of the teaching staff who, on the approval of the appropriate instructor and department chair or director of a school, enrolls as an auditor (rule 3335-9-11 of the Administrative Code).

(2) Graduate teaching associates, graduate research associates, and graduate administrative associates who meet the specified requirements of enrollment and employment may have their instructional and general fees authorized for payment as a benefit for services rendered.

(3) Employees of organizations having specific contracts with the board of trustees of the university whereby fees of persons designated by the agreement are authorized, in whole or in part, in lieu of payment for service rendered by the organization to the Ohio state university.

(4) Undergraduate and professional students eligible for the authorization of fees under scholarship assistance programs.
(5) Graduate students eligible for the authorization of fees under university, private, and governmental fellowships and traineeship agreements.

(6) Qualified university employees under the provisions of the fee authorization program as administered by the office of human resources. As a general principle, employees who are members of the administrative or clerical staff of the university will not be permitted to take courses except outside of the prescribed working hours.

(C) The president, subject to the approval of the board of trustees, shall have authority to enter into an agreement with an organization or person not provided for in another category.

(D) A copy of the agreement and the names of person, or persons, designated to sign and certify fee authorizations will be filed with the office of human resources. All agreements shall contain information as to who is responsible for the overall administration of fee authorizations for these programs. Problems of coordination and individual cases that need interpretation of the rules concerning fee authorizations shall be referred for decision to the office of human resources.

(E) In all cases where interpretation and application of the rules specified herein are required, the question shall be referred for decision to the office of human resources. (B/T 6/7/2005)

3335-9-20 Improper admission or registration.

Admission or registration may be cancelled by the director of undergraduate admissions or the university registrar in cases of improper registration or when false or incomplete information is provided on the application for admission, registration forms, or other official documents. No credits earned subsequent to such cancellation and prior to proper admission or registration shall be entered upon the permanent record of the student. Students whose admission or registration is cancelled are not entitled to any refund of fees. (B/T 5/4/2001)

Absences

3335-9-21 Absences.

Each department or school may make its own rules relative to occasional absences by students from scheduled activities. If, however, a student is absent from a course to such an extent as to imperil his or her credit, or is notably irregular in attendance, it shall be the duty of the instructor concerned to report the facts promptly to the dean of the college in which the student is enrolled. The dean may take such action as deemed appropriate.

3335-9-22 Group absences.

(A) Whenever possible, group absences shall be planned so that they do not conflict with regularly scheduled classes.

(B) When a student misses class in order to participate in a university sanctioned event, such as a field trip for another class, or an athletic or band event, or a specially scheduled class or examination scheduled in accordance with rule 3335-8-15 of the Administrative Code, it is the student's responsibility to present, at the earliest possible date, documentation of the required absence to each instructor whose class is to be missed. Documentation may include a copy of the course syllabus that shows the scheduled activity from a class scheduling an event or special session, or a memo from the instructor, coach, or person in authority requiring the absence. It shall be the responsibility of the instructor of the class or coordinator of the event causing the student to miss class to provide such documentation to the student. This documentation may be the basis of an excuse for an absence from class under the policies provided in rule 3335-9-21 of the Administrative Code.

(C) Instructors of the regularly scheduled classes which have been missed by students attending special sessions or examinations should make reasonable efforts to assist students who miss a class due to authorized absence. The instructor, however, is not obligated to provide make-up
classes, laboratory exercises, field trips, or examinations. The student is responsible for material covered in class during the absence. If an examination will be missed, the student should make alternate arrangements prior to the absence with the instructor of the class. (B/T 6/3/88, B/T 6/4/2004)

Warning and Dismissal

3335-9-23 Minimum scholastic requirements.

(A) Rules 3335-9-23 to 3335-9-28 of the Administrative Code shall apply only to undergraduate students (as defined in rule 3335-9-01 of the Administrative Code). The academic standards controlling warning, probation, and dismissal of professional and graduate students shall be established by rule of the faculties of the college in which the professional student is registered, or of the graduate school if the student is a graduate student; provided, however, that an undergraduate professional student shall not be dismissed from the university unless he or she has fifteen or more deficiency points as defined in paragraph (C) hereof and computed on the basis of the student's entire undergraduate program.

(B) Application of rule to transfer students. For the purpose of this rule the deficiency points of a transfer student from another university, who is admitted to advanced standing in this university shall be computed only upon work done at this university.

(C) Requirements and definition. In order to remain in good standing in the university a student must maintain a point-hour ratio (see rule 3335-8-26 of the Administrative Code) of at least 2.00. Deficiency points are applied only to the records of students whose point-hour ratio is below 2.00 and are defined as the number of credit points a student would have to earn to bring his or her point-hour ratio up to that level. Deficiency points may be calculated by subtracting the total number of credit points earned from twice the total number of credit hours attempted for which calculable grades ("A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN") were given. (B/T 6/4/2004, B/T 6/7/2005)

3335-9-24 Academic warning.

(A) Any student who has never attended another college or university and who seeks to enroll as a new freshman in this university shall be placed on special warning when his or her application for admission is received and processed if his or her academic credentials indicate the probability of low achievement. The student shall be so informed before final registration and the payment of fees are completed, except as provided in rule 3335-9-27 of the Administrative Code. The fact that special warning has been given shall be made known to the office of the college or school to which the student seeks admission.

(B) If, at the end of any quarter, a student subject to the provisions of rule 3335-9-23 of the Administrative Code has accumulated fewer than fifteen deficiency points, he or she shall receive a warning from the dean of his or her college or director of his or her school, except as provided in rule 3335-9-27 of the Administrative Code.

3335-9-25 Academic probation.

(A) Any student who has accumulated fifteen or more deficiency points shall be placed on probation. The probation shall continue provided the student's college considers the student's progress to be satisfactory and shall be removed when the deficiency points are fewer than fifteen. The student shall be notified of probationary status by the dean of the college or the director of the school in which the student is registered, except as provided in rule 3335-9-27 of the Administrative Code. Such notification shall include a clear statement of what shall be considered to be satisfactory progress.

(B) Probation by special action. If at any time the preparation, progress, or success of a student in an academic program is determined to be unsatisfactory, the college or school in which the student is registered shall be empowered to place the student on academic probation. An
undergraduate student admitted with conditions and who has not satisfied the conditions after earning thirty quarter credit hours through regular course enrollment at this university shall be placed on academic probation.

(C) Requirements and definition. In order to remain in good standing in the university a student must maintain a point-hour ratio (see rule 3335-8-26 of the Administrative Code) of at least 2.00. Deficiency points are applied only to the records of students whose point-hour ratio is below 2.00 and are defined as the number of credit points a student would have to earn to bring the student's point-hour ratio up to that level. Deficiency points may be calculated by subtracting the total number of credit points earned from twice the total number of credit hours attempted for which calculable grades ("A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN") were given. (B/T 6/4/2004, B/T 6/7/2005)

3335-9-26 Academic dismissal.

If the student's college or school considers a student's progress as unsatisfactory in meeting the conditions placed on his or her probation, the college or school shall be empowered to dismiss the student from the university. An exception to this authority for undergraduate professional students shall be in accordance with paragraph (A) of rule 3335-9-23 of the Administrative Code. Notice of the dismissal shall be sent to the student by the dean of the college or the director of the school in which the student was registered for the quarter, except as provided in rule 3335-9-27 of the Administrative Code. No student shall be subject to academic dismissal unless he or she is currently on probation.

3335-9-27 Notice of dismissal.

Notice of dismissal from the university shall be sent by the dean of the college in which the dismissed student is registered.

3335-9-28 Reinstatement after academic dismissal.

Any student who may be reinstated by a college or school following academic dismissal shall be subject to such special requirements as may be determined appropriate by the dean of the college or director of the school. If the performance record of any reinstated student does not meet the conditions of probation specified at the time of reinstatement, then the college or school in which the student is registered shall determine whether the student is to be dismissed or continued on probation.

(D) Have earned credit points (see rule 3335-8-25 of the Administrative Code) totaling at least twice the number of credit hours attempted at this university for which calculable grades ("A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN") were given.

(E) Have satisfactorily met all additional college and curricular requirements for the degree involved.

(F) Have filed an application for the degree in accordance with rules prescribed by the college or school.

(G) Except for paragraph (B) of this rule, waiver of any part of this rule in the case of individual students may be made only by the council on academic affairs following prior approval by the appropriate executive committee. The executive vice president and provost shall transmit all affirmative actions of the council on academic affairs under this paragraph to the secretary of the student's college and to the university registrar for notation on the student's permanent record. (B/T 4/4/97, B/T 12/4/98, B/T 6/4/2004, B/T 6/7/2005)

(B/T 6/7/2005)

3335-9-32 Requirements for a professional degree.

(A) To obtain a professional degree from this university, a student must meet the minimum requirements established by the college or school recommending the degree. Such graduation requirements shall be subject to approval by the council on academic affairs and shall be filed with the secretary of the board of trustees.

(B) Waiver of minimum requirements may be made by the faculty of the college or school recommending the degree or by a committee approved by that faculty. Requests for such waiver may be initiated by student petition or by the dean or director. The council on academic affairs shall be notified at least quarterly of each such action.

3335-9-32.1 Requirements for certificate of study.

A certificate of study may be awarded concurrent with or following the student's receipt of a baccalaureate degree. Award of such certificates shall attest to demonstrated competence in a coherent academic curriculum, program, or area of study.

(A) To obtain a certificate a student must:
(1) Have been or be enrolled in the university during the last quarter of work necessary to complete the certificate requirement. In addition, the student must meet any residency requirement established by the college, the federation of the colleges of the arts and sciences, or the school recommending the certificate.

(2) Have earned through regular course enrollment a minimum of forty-five quarter hours credit in an approved certificate program. No certificate program shall require enrollment in and credit for more than ninety quarter hours. At least one-third of all quarter hours credit earned in a certificate program shall be at the 500-level or above. No more than five credit hours in the certificate program may be counted toward the student's undergraduate major or minor. Credit hours used to fulfill the requirements for one certificate may not be counted toward any other certificate.

(3) Have earned the mark of "A," "A-," "B+," "B," "B-," "C+," "C," or "C-" for all courses counted toward the completion of the certificate requirements.

(D) Authority for approval of all certificate programs shall rest with the council on academic affairs. Proposal for graduate certificates must also receive the approval of the research and graduate council. The designation "cum laude" may be granted only for those students who have achieved at least a 3.50 cumulative point-hour ratio as of the term penultimate to their graduation.

(1) Should a student not meet the criteria noted above as of the term penultimate to his or her graduation, but meet the criteria based on his or her cumulative GPA at the time of graduation, he or she will be considered as having met the criteria to graduate with the appropriately revised recognition.

(2) Should a student meet the criteria noted above as of the term penultimate to his or her graduation, but drop below the threshold with is or her final cumulative GPA, he or she will
not be considered to lose his or her Latin honors recognition for graduation.

(B) Eligibility for these honors shall be based on a minimum of ninety credit hours of course enrollment at this university. The marks for all Ohio state coursework considered toward the degree will be included in calculating a student's eligibility for such honors. Credits in courses graded “PA/NP,” as well as credits earned in coursework repeated in rule 3335-8-28 of the Administrative Code will not be considered as counting toward the ninety credit hours. For a student who has completed ninety credit hours subsequent to application of a fresh start, in accordance with rule 3335-8-26.1 of the Administrative Code, only those marks received for coursework subsequent to fresh start will be considered toward calculating a student’s eligibility for such honors.

(B) The deans of colleges and of the graduate school, the directors of schools, and the chairs of departments, respectively, are responsible to the president through regular disciplinary channels for the discipline of all students in the activities of their respective colleges, schools, and departments. (B/T 9/1/99, B/T 6/1/2001)

3335-11-02 Disruption.

(A) No student, faculty, staff, visitor, or other person shall, with an intent to disrupt university authorized activities:

(1) Obstruct the lawful movement of any person or persons about the campus, into or out of any university building or facility, or within any university building or facility and fail to desist when so ordered by an authorized university official;

(2) Obstruct the movement of vehicular traffic on the streets of the university, and fail to desist when so ordered by an authorized university official;

(3) Occupy a university building or facility in such a manner as to prevent others from carrying out university authorized activities and fail to depart when informed by an authorized university official that he or she is disrupting university authorized activities and must depart;

(4) Interfere with the conduct of a class, office, laboratory, or other university authorized activity by shouting, chanting, marching, throwing missiles, or otherwise creating such a disturbance that the authorized activity cannot, in the judgment of an authorized university official, be carried on, and fail to desist when so ordered by an authorized university official;

(5) Employ force or violence or the explicit threat of force or violence, to prevent any person or persons from carrying out university authorized activities;

(6) Damage public address systems, television sets, laboratory equipment, computer systems, or other property used for the carrying out of university authorized activities;

(7) Solicit any person or persons to violate paragraphs (A)(1) to (A)(6) of this rule, knowing that there is a clear and present danger that such violations will occur (but a person shall not be charged with soliciting unless a violation of paragraphs (A)(1) to (A)(6) of this rule occurs as a result of this solicitation).

(8) This rule shall not be interpreted as proscribing peaceful demonstrations, peaceful picketing, a call for a peaceful boycott of classes or other forms of peaceful dissent.

(B) Any student found guilty of the conduct proscribed in paragraphs (A)(1) to (A)(7) of this rule shall be subject to maximum sanction of dismissal or any lesser disciplinary sanction pursuant to rule 3335-11-02.1 of the Administrative Code.
(C) Non-students charged with the conduct proscribed in paragraphs (A)(1) to (A)(7) of this rule shall be referred to an appropriate authority.

(D) Definitions.

(1) The phrase "with an intent to disrupt" shall be taken to mean that a person knows or reasonably should know that his or her act or acts will have the consequence of preventing others from carrying out university authorized activities.

(2) The phrase "to obstruct" shall be taken to mean making the movement of a person or vehicle from one place to another difficult or impossible; it shall not be taken to mean making that movement inconvenient.

(3) The phrase "university authorized activity" shall be taken to mean any activity that the university conducts, sponsors, or permits to be carried out on the campus or in any university building or facility.

(4) The phrase "an authorized university official" shall be taken to mean any person to whom the university has delegated authority to supervise a building or facility, or any part of a building or facility, or to supervise the movement of people and vehicles on the campus.

3335-11-02.1 Hearing officers and panels.

(A) The council on student affairs shall recommend to the president, subject to the approval of the board of trustees, a list of attorneys, unaffiliated with the university, who shall be authorized to act as hearing officers to preside over disciplinary proceedings under rule 3335-11-02 of the Administrative Code. One such attorney shall be designated by the president as chief hearing officer, whose duties shall include:

(1) Assisting the council on student affairs in preparing and enacting procedural rules to guarantee due process, including, but not limited to, the procedural recommendations contained in the report and recommendations of the university committee on rights and responsibilities (the Ohio state university, September 15, 1968);

(2) Selecting hearing officers as needed from the approved list;

(3) Reviewing every case in which sanctions have been recommended, to determine whether such sanctions should be imposed or reduced, or whether the case should be dismissed or remanded for further hearing;

(4) Forwarding completed cases to the vice president for student affairs for administrative implementation in accordance with their final determination by the chief hearing officer;

(5) Hearing on appeal student disciplinary cases, not including university actions relating to academic failure or violations of a code of professional ethics or of an honor code of these colleges or academic units having such codes, where an appeal is taken by any student from any such action by the student's college, university committee, or other properly authorized university adjudicatory body, only in those cases where the penalty assessed was suspension, dismissal, or expulsion.

(B) That an array of hearing panelists, large enough to allow at least three panels, shall be selected by lot consisting of:

(1) Faculty members,

(2) Undergraduate students,
(3) Graduate and professional students, and

Any person selected to serve as hearing panelist may be exempted from such service if that person declines.

(C) The chief hearing officer shall, by lot, select from the array hearing panels, each composed of two faculty members, two undergraduate students, one graduate or professional student, and one administrative staff member. The hearing panels shall have original jurisdiction to hear cases of alleged student violation of rule 3335-11-02 of the Administrative Code brought before it by authorized university officials, make findings of fact, determine a verdict, and, in the event of a guilty verdict, to recommend sanctions.

(D) The university and the defendant shall have the right to challenge for cause. The hearing officer shall hear challenges for cause. (B/T 5/1/86, B/T 7/12/91, B/T 4/3/98, B/T 6/1/2001)

3335-11-02.2 Pending criminal lawsuit.

(A) Whenever a criminal court exercises jurisdiction over acts which allegedly constitute a disruption by university rules, the university shall not exercise jurisdiction, except in an extraordinary case. In such a case, the university may bring the student before a hearing officer and panel to determine whether the student poses a clear and present danger of repeated or continued violation of rule 3335-11-02 of the Administrative Code. If the panel finds that such a danger exists, it shall recommend that the student's continued enrollment be dependent on the imposition of strict disciplinary probation, under such terms and conditions as the hearing officer may specify (except that the student may not be deprived of university scholarship, loan, grant-in-aid, or employment).

(B) The term of probation shall last until such time as the hearing officer finds that the danger no longer exists. This finding may be initiated by the officer or upon petition by the student.

(C) If a probation violation is alleged to have occurred, the student will be subject to an immediate hearing before a hearing officer. If found in violation of probation, the student will be temporarily suspended or dismissed from the university pending a full hearing. (B/T 5/1/86, B/T 7/11/86)

In accepting responsibility the adviser agrees to maintain contact with the organization so as to be familiar with its program and personnel. In addition, the adviser shall be responsible for advising the organization as to its program and personnel, having in mind not only the objectives of the particular group but also the purposes of the university, one of which is to foster a spirit of free inquiry in a setting which provides for open-minded, objective, and critical evaluation of the ideas expressed.

(A) Canvassing or solicitation for funds, sales, or subscriptions are prohibited on university campuses or in university buildings unless written permission therefor shall first have been granted by the office of the university registrar which may seek recommendation regarding requests for permission from appropriate university offices.

(B) The sale of merchandise of any kind whatsoever, or publications or services upon university property, other than by the regularly authorized stores, restaurants, departments or divisions of the university, is likewise prohibited except upon written permission of the office of the university registrar which may seek recommendation regarding requests for permission from appropriate university offices. The responsibility and authority of the office of the university registrar under this rule may be delegated by it to a member of the university faculty or staff.

(C) Any persons violating this rule shall be subject, upon proper notice, to eviction from university property or arrest.

3335-13-02 Smoking - tobacco.

The prohibition of the smoking of tobacco within university facilities designated as "No Smoking" areas by the authority delegated by the director of administrative services of the state of Ohio has been established to protect the comfort and health of persons who do not smoke or to whom such smoke is objectionable. Further, the smoking of tobacco in such designated areas is a violation of section 3791.031 of the Revised Code, and all violators are subject to prosecution.

3335-13-03 University facilities.

(A) University facilities may be scheduled and used only if the meeting is sponsored by at least one of the following: the university; an administrative unit of the university; the president or a member of his or her staff; a member of the university faculty; a club or committee of university faculty members, university staff members, or their spouses; or a recognized student organization (see rule 3335-11-03 of the Administrative Code).

(B) The office of the university registrar shall be responsible for the scheduling of and shall have the necessary authority to schedule all university facilities. No meeting shall be scheduled in or announced for any university facility unless permission to use the facility has been obtained in advance from the office of the university registrar. All requests for the use of university facilities shall indicate the nature of the proposed meeting. If the proposed meeting is one to which a guest speaker is to be invited, the request for the use of university facilities shall indicate the name of the guest speaker and shall be submitted to the office of the university registrar at least two weeks prior to the date the meeting is to be held, but such two-week period may be waived by the office of the university registrar if the exigencies of the situation so require and the orderly scheduling of university facilities would not be unduly prejudiced (see rule 3335-5-06 of the Administrative Code).

(C) The word "meeting" as used in rules 3335-5-06, 3335-11-06, and 3335-13-03 of the Administrative Code means any meeting using university facilities to which the faculty, staff, students or public is invited, except regularly scheduled university courses, conferences approved under university procedures, and meetings of state, regional, national or international organizations approved under university procedures.
(D) The responsibility and authority of the office of the university registrar under this rule may be delegated by it to a member of the university faculty or of the staff of this university. (B/T 10/12/62, B/T 9/14/65, B/T 12/3/71, B/T 2/3/84, B/T 5/3/96)

3335-13-05 Control of dogs and other animals.

(A) No person, being the owner or keeper, or harboring or having charge of any dog or other animal, shall permit the same upon the grounds of the Ohio state university unless it be under the personal control of its owner or keeper by a leash not more than six feet in length. A dog or other animal, leashed but unattended, is not under the personal control of its owner or keeper. Nor shall such a person, being the owner or keeper or harboring or having charge of any dog or other animal, permit the same in any university building or housing, except for seeing eye dogs when accompanying their masters and except for animals brought by their owner or keeper for use for approved research purposes or for observation or care by veterinary clinic personnel.

(B) Any dog or other animal found upon the grounds of the Ohio state university or in any university building, except as permitted pursuant to the provisions of paragraph (A) of this rule, may be taken into custody by university authorities. University authorities shall, as soon as practicable after assuming custody thereof, turn the dog or other animal over to appropriate county or municipal authorities for delivery to the custody of the humane society. Release from custody should be sought pursuant to the society’s rules.

(C) The owner or keeper of any dog or other animal taken into custody by university officials pursuant to this rule shall pay a fine to the university, upon presentation of a bill therefor, to reimburse the university for costs incurred in impounding the dog or other animal and turning it over to the control and custody of county or municipal authorities. (B/T 7/31/69, B/T 9/2/71, B/T 9/10/76, B/T 8/29/2001)

Products of research will not include works of artistry, academic instruction, or traditional scholarship insofar as these works were not produced in connection with a sponsored program or as a part of a specific university duty or assignment.

(B) The board of trustees deems it in the best interest of the university, its faculty, staff, and students, and in the interest of the promotion of research and development to provide for participation by faculty, staff, and students in the proceeds from products of research conceived or developed by them in the absence of any prior agreements relating to sponsored activities and insofar as allowed by any contract or grant agreements in support of the activity leading to the product of research.

(C) The board of trustees shall establish a policy on patents and copyrights to be administered under the direction of the president of the university through the office of the senior vice president for research. The provisions of the policy shall be subject to review by the faculty committee on patents and copyrights and recommended to the board of trustees by the university senate.
(1) The faculty committee on patents and copyrights shall be composed primarily of members of the university faculty and shall elect its own chair. Five members shall be elected by the faculty council in a manner to be determined by the council. Five members shall be appointed by the president in consultation with the senior vice president for research, the executive vice president and provost, and other appropriate officials of the university. Service on the committee shall be for terms not to exceed three years. An individual may become eligible for committee service again after an absence from the committee of at least one year.

(2) The specific duties of and the procedures for appeals to the committee shall be as described in the policy on patents and copyrights.

(D) Subject to the authority of the president of the university, the senior vice president for research is hereby assigned the responsibility for the acquisition, protection and disposition of rights in products of university research in accord with the policy on patents and copyrights. 3335-13-07 Rules governing faculty and staff participation in companies commercializing university research.

(A) Policy statement.

Pursuant to section 3345.14 of the Revised Code, the university board of trustees has determined that the interests of the university will be served if faculty and some categories of staff are afforded the opportunity to hold personal financial interests in companies commercializing their university research. Faculty and staff participation in technology licensing transactions will facilitate the university's goal of making its research available for use in the private marketplace by giving researchers an incentive to develop inventions with commercial applications. The opportunity to participate in these transactions is also essential to the university's efforts to attract and retain highly-qualified researchers. The procedures and guidelines set forth in these rules are intended to enable the university to realize the benefits of these entrepreneurial activities while protecting the integrity of our research and educational mission and to comply with university policies and applicable federal and state laws.

(B) Definitions.

(1) A technology commercialization company is a private commercial entity that is owned in whole or in part by a university employee and that has as its purpose the development and commercialization of university-owned technology created by that employee.

(2) The university's ownership of intellectual property rights in technology created by its faculty and staff is determined in accordance with section 3345.14 of the Revised Code and the university policy on patents and copyrights. As more fully explained in the policy on patents and copyrights, university-owned technology generally does not include textbooks and other scholarly and artistic works.

(3) The technology transfer oversight committee is the university body responsible for the approval and oversight of technology commercialization companies pursuant to a delegation of authority from the university board of trustees.

(4) The conflicts of interest administrator is the university official who is responsible for assisting faculty and other university employees in identifying, managing and eliminating conflicts of interest, and in particular for facilitating the development of conflict of interest management plans for faculty and staff participating in technology commercialization companies.
(C) Applicability.

(1) These rules shall apply to all faculty who create intellectual property owned by the university and who desire to hold an ownership interest in a technology commercialization company.

(2) These rules shall apply to staff members holding unclassified appointments, graduate associates, and student employees who:

(a) Are specifically assigned to engage in research and development activities;

(b) Create intellectual property owned by the university; and

(c) Desire to hold an ownership interest in a technology commercialization company.

(D) Responsibilities of department chairs and staff supervisors.

(1) Department chairs are responsible for ensuring that faculty who participate in technology commercialization companies comply with applicable university policies governing the terms and conditions of employment, and academic and research activities. Chairs are also responsible for ensuring compliance with the paid external consulting and faculty conflict of interest policies and for reviewing and making a recommendation as to the propriety of private business activities reported by their faculty in disclosure forms required by those policies.

(2) Staff supervisors are responsible for ensuring that employees who participate in technology commercialization companies comply with applicable university policies governing the terms and conditions of employment, and academic and research activities. They are also responsible for ensuring compliance with the university policies on conflicts of interest and work outside the university applicable to staff employees and for reviewing and making a recommendation as to the propriety of private business activities reported by staff in disclosure forms required by those policies.

(E) Approval process.

(1) Faculty and staff members who wish to participate in a technology commercialization company must first obtain approval from their department chairs and deans or other appropriate supervisors. The office for technology licensing will be responsible for establishing the business terms of the transaction between the company and the university, and the conflicts of interest administrator will facilitate the development of a conflict of interest management plan.

(2) The technology transfer oversight committee will review the sufficiency of business terms and conflict of interest management plans relating to technology commercialization companies. Written approval from the technology transfer oversight committee must be obtained before any business agreements relating to a technology commercialization company are finalized.

(3) Faculty or staff members who wish to participate in a technology commercialization company may discuss initial company formation with the office for technology licensing; however, they should not, as a general rule, participate in the ongoing negotiation of option and licensing terms between the company and university. As soon as possible, third parties, such as company management and/or legal counsel should perform this function.

(4) As a prerequisite to the granting of an exclusive license to university technology, a technology commercialization company must provide the office for technology licensing with a viable business plan including, at a minimum, the following:

(a) A capitalization plan demonstrating access to funds necessary for company growth;

(b) A proposed management team; and
(c) Milestones for product development and commercial sale.

(5) In recognition of the university’s ownership of the technology, a technology commercialization company shall grant the university an equity interest in the company as negotiated by the office for technology licensing.

(6) The faculty member’s department chair or the staff member’s supervisor must be active participants in discussions with the technology transfer oversight committee and in the development of the conflict of interest management plan relating to a technology commercialization company.

(7) A chair or staff supervisor who has a financial interest or is a co-participant with a faculty or staff member in a technology commercialization company is not in a position to provide effective oversight of that activity. In these situations, another disinterested administrator must be appointed by the technology transfer oversight committee to perform the responsibilities of the chair or staff supervisor.

(8) If the technology transfer oversight committee determines that, for any reason, it is not possible for the chair, the staff supervisor or another disinterested administrator to provide effective oversight of a transaction involving a technology commercialization company, the transaction should not be approved.

(F) Responsibility for university duties.

(1) Faculty are encouraged to develop discoveries and inventions with commercial potential; however, they should do so with due regard to the broader teaching and research mission of the university. Faculty should not allow their interest in a financial opportunity arising out of their research efforts to influence their teaching, or to interfere with their relationships with other faculty. In particular, research assignments for students should be based on the students’ interests and academic development. Faculty should respect and promote the cooperative nature of the academic environment by sharing information and participating in joint research efforts with their colleagues.

(2) While faculty are permitted by the policy on paid external consulting and these rules to engage in specified private business activities relating to their university positions, they continue to be responsible for the performance of all of their university teaching, research and service obligations. Authorized private business activities must be undertaken in accordance with the policy on paid external consulting and pursuant to formal consulting and conflict of interest management plans signed by the faculty, the technology commercialization company and the university and approved by the department chair, the conflicts of interest administrator, the office for technology licensing, and the office of legal affairs.

(3) Staff members may engage in activities relating to a technology commercialization company during regularly assigned working hours only if they take approved leave. When performed outside regularly assigned working hours, these activities must be undertaken in accordance with the university policies on conflicts of interest and work outside the university applicable to staff employees and pursuant to a formal conflict of interest management plan signed by the staff member, the technology commercialization company and the university and approved by the department chair and/or supervisor, the conflicts of interest administrator, the office of technology licensing, and the office of legal affairs.

(4) Staff members may pursue research projects as authorized by their supervisors. Supervisors should authorize only those staff research projects that will advance the missions of the university and the employing unit, without regard to the financial interests of individual employees.
(G) Conflict of interest management standards.

(1) University facilities, equipment and other resources may be used for research benefiting a technology commercialization company only pursuant to a sponsored research agreement, facilities use agreement or other appropriate contractual arrangement.

(2) As a general rule, faculty or staff should not hold management positions in technology commercialization companies. While they may initially find it necessary to play a management role in a newly-formed company, it is expected that their management responsibilities will decrease as the company develops. Professional management should be brought in at the earliest opportunity. In order to ensure the application of this principle, agreements between the university and a technology commercialization company should contain enforceable milestones for the reduction of these management responsibilities. Failure to comply with these agreed-upon milestones will result in the company's inability to engage in sponsored research, utilize student employees and the other commercialization agreements and/or activities permitted under these guidelines.

(3) Faculty should not allow their management activities with technology commercialization companies to consume a disproportionate amount of their professional attention. Faculty engaged in approved private business activities who are unable to perform all of their university responsibilities must reduce those activities or request a reduction of appointment or other approved leave. Professional improvement leave authorized under section 3345.28 of the Revised Code may not be used for private business purposes.

(4) Staff members who are unable to perform all of their university duties because of activities in connection with technology commercialization companies must reduce those activities or request a reduction of appointment or other approved leave.

(5) Graduate and undergraduate students may use university facilities, equipment and other resources to perform research benefiting a technology commercialization company only pursuant to a sponsored research agreement. As stipulated in the graduate school handbook, such research may not be used to satisfy the criteria for a thesis or dissertation if the material is restricted from publication. Students must be informed in writing of this restriction prior to the start of their research.

(6) Students may be employed by a technology commercialization company, subject to the limitation set forth in paragraph (G)(7) of this rule. Prior to such employment, the student, the faculty or staff member, the chair of the student’s department, the chair of the graduate studies committee and a company representative must sign an agreement disclosing the student's rights and obligations.

(7) A student may not be employed by a technology commercialization company in which a faculty member has an ownership interest if:

(a) The student is enrolled in a course taught by the faculty member;

(b) The faculty member is a member of the student’s thesis or dissertation committee; or

(c) The faculty member is the student’s advisor or the director of his or her thesis or dissertation research.

Such students may perform research benefiting a technology commercialization company only pursuant to a sponsored research agreement or other formal internship agreement through the university.

(8) Technology commercialization companies may not enter into any agreements with the university for the purchase, sale or rental of equipment, supplies or services other than those explicitly authorized by the technology transfer oversight committee.
(9) As a general rule, faculty and staff members who are not directly involved with research and development of technology licensed to a technology commercialization company may not hold equity interests in that company. Equity ownership in these situations is permissible only to the extent allowed by section 2921.42 of the Revised Code.

(10) University regulatory review boards including, for example, the institutional review board and the institutional laboratory animal care and use committee, may be utilized for research benefiting a technology commercialization company only pursuant to a sponsored research agreement.

(11) As a general rule, an individual faculty or staff member should not hold more than twenty-five per cent of the outstanding equity in a technology commercialization company. While significant faculty or staff equity ownership may be inherent in a newly-formed company, it is expected that their ownership interests, as a percentage of the total outstanding shares or membership interests of the company, will decrease as the company develops and attracts additional equity. In order to ensure the observance of this principle, agreements between the university and technology commercialization companies should contain enforceable milestones for the dilution of these equity interests. Failure to comply with these agreed-upon milestones will result in the company's inability to engage in sponsored research, utilize student employees and the other commercialization agreements and/or activities allowed for under this rule.

(12) Faculty or staff members may not assume the role of principal investigator in sponsored research projects funded by technology commercialization companies in which they have an interest if the projects involve the use of human subjects, or if they are veterinary clinical trials involving the use of animals. In other cases, faculty or staff may assume the role of principal investigator if a formal research integrity plan approved by the technology transfer oversight committee, the conflicts of interest administrator and the office of legal affairs is in place.

(13) Agreements for sponsored research projects funded by technology commercialization companies must include, at a minimum, a requirement for full university publication rights and fully negotiated cost recoveries. The office of research must approve exceptions to these conditions.

(14) Faculty and staff participating in technology commercialization companies approved pursuant to these rules continue to be bound by the university policy on patents and copyrights. New inventions and/or discoveries made as a result of a faculty or staff member's research efforts for the company, including those made under formal consulting agreements, will be owned by the university, and the company will be offered an exclusive option to the technology. New inventions and/or discoveries developed by the faculty or staff member for the company must be disclosed to the office of technology licensing as required by the policy on patents and copyrights. (B/T 4/6/2001, B/T 6/29/2001)

3335-13-08 Research misconduct.

The university shall have a policy on research misconduct ("the policy") issued and maintained by the university research committee. "research misconduct" means fabrication, falsification or plagiarism in proposing, performing, or reviewing research, or in reporting research results. Research misconduct does not include honest error or differences of opinion.

(A) Objectives.

(1) The policy shall aim to protect both the integrity and the reputation of research and scholarship produced by members of the university community.

(2) The policy shall aim to protect the integrity and reputation of the university and its scholars from false or unproven allegations of research misconduct. For this reason, the university assumes that a person accused of research misconduct is innocent of any allegations until the contrary has been established by a final decision reached under the policy and the
applicable disciplinary rules or procedures. The procedures undertaken pursuant to the policy are intended to be investigatory, not adversarial.

(B) Jurisdiction.

(1) The policy shall apply to all university personnel who may be involved with research activities, including faculty members, staff, students, research associates and fellows, post-doctoral fellows, and other research trainees.

(2) The policy shall therefore apply to all research and scholarship conducted within the University community, irrespective of the funding source, if any, which supports the research or scholarship.

(3) The terms “research” and “scholarship” shall be broadly construed, including activities ranging from scientific experimentation to artistic expression to research and scholarship in the humanities.

(4) All persons to whom the policy applies, including those accused of research misconduct, have a duty to cooperate with all proceedings under the policy as well as any subsequent investigations. Such cooperation shall include providing research records and other relevant information to the senior vice president for research and/or his or her designee.

(C) Confidentiality.

To the extent possible within the law and in accordance with the need to conduct a thorough inquiry, all participants in the actions initiated pursuant to the policy shall keep confidential all information regarding allegations and proceedings until the university process, including any disciplinary action, has concluded and all avenues of appeal under the university rules (if pursued) have been exhausted. The senior vice president for research shall be the university official responsible for determining when a release of information is necessary or appropriate.

(D) Administration of the policy.

(1) The senior vice president for research shall be responsible for disseminating the policy to the research community and handling all allegations of research misconduct. In order to foster broad familiarity with the policy, as well as its flexibility regarding changing standards external to the university, the full policy document shall be publicized by the office of academic affairs, the graduate school, the office of human resources, the office of research, the university research committee, the office of undergraduate research, and the university senate.

(2) The senior vice president for research shall designate a coordinator to assist in administering the policy. The person appointed as coordinator shall not be university counsel acting in that capacity, but shall consult with university counsel to ensure that the requirements of the law and university policy are being satisfied.

(E) Administrative Actions.

The senior vice president for research may, during proceedings under the policy or any subsequent investigation, take whatever administrative actions that are in his or her judgment needed to ensure the integrity of the investigation and to protect research funds or equipment or the legitimate interest of patients or clients.

(F) Definitions.

The key terms for the policy shall be defined in the policy document.

(G) Procedures.

(1) The policy shall describe procedures pertaining, but not limited to: assessing whether an
allegation has been made in good faith and has merits; investigating pursuant to such findings; the role of administrators and other individuals in the process; the time line for such investigations; protecting data; reporting to sponsors and clients; and sanctions.

(2) A finding of research misconduct requires that:

(a) There be a significant departure from accepted practices of the relevant research community;

(b) The misconduct be committed intentionally, knowingly, or recklessly; and

(c) The allegation be proved by a preponderance of the evidence.

3335-19-01 Rules of order.

(A) Regular meetings of the senate shall be held during the autumn, winter, and spring quarters. (D) Written notice of the time and place of the meeting, the order of business, and copies of any substantive proposals shall be sent to all members and alternate members at least seven days prior to the senate meeting.

3335-19-03 Agenda.

(A) Every meeting of the senate shall have an agenda. The agenda shall include the time and place of the meeting, order of business, and copies of any substantive proposals.

(B) The program committee shall establish the agenda for all regular meetings. For this purpose, the program committee
(1) Shall receive proposals for senate action or other presentations to the senate from any committee of the senate, or university committee or council, or member of the senate, or any member of the university community.

(2) Shall refer all substantive proposals for senate action to appropriate committees for review prior to entering them in an agenda, unless the proposal has been generated in such committee and has been so treated.

(3) Shall, as soon as practicable, include in the agenda of a regular meeting all items submitted by any committee of the senate, or university committee or council, or member of the senate.

(4) Shall set the agenda so that the scheduled business can be disposed of in a meeting of reasonable duration.

(5) Shall include with each agenda an estimate of the time necessary to complete the regularly scheduled business of the senate.

(6) May advise the senate or steering committee of the apparent need for a special meeting.

In special meetings, the specific purpose set by the initiators of the special meetings shall take precedence over all others. Additional agenda items established by the program committee may follow if time permits.

(C) The secretary of the university senate shall send and make available electronically copies of the agenda for all senate meetings to all members and alternate members at least seven days prior to the meeting.

Senate revision January 30, 1988
Senate revision June 3, 2000

3335-19-04 Order of business.

(A) The order of business for all meetings shall be as set forth in the agenda, except that the order of business and allocation of time may be altered by an action approved in the meeting. Upon completion of the business described in the agenda, the regular meetings shall proceed in the following order:

(1) Unfinished business

(2) New business

(3) Comments and announcements

(4) Adjournment

(B) A special meeting shall be limited to the purposes stated in its agenda.

3335-19-05 Floor privileges.

Proposals, measures, and resolutions shall be introduced on the senate floor by members of the senate only. Members of the university community who are not members of the senate may be granted the right to speak, but not to vote, on matters before the senate. When a request is made for this privilege, the chair shall ask the senate for objections and, hearing none, shall grant permission to speak. If objections are raised, the privilege shall be extended only by an action of the senate.
3335-19-06 Quorum and voting.

(A) A simple majority of the voting membership of the senate shall constitute a quorum for the conduct of the senate's business. The same quorum, a simple majority, shall be required of each committee of the senate.

(B) Action by the senate shall be by a majority of members present and voting and shall normally be by voice vote, except as otherwise required by these rules or by the latest revision of "Robert's Rules of Order."

(C) When a division of the senate is taken, the chair shall include the division when announcing the results. (B/T 6/7/2005)

Senate Revision April 6, 1991

3335-19-07 Proposals for senate action.

(A) Proposals for senate action shall be classified as either routine or substantive, and treated accordingly.

(B) Routine proposals are those that do not establish or alter university policies, such as approval of the minutes or acceptance of reports or appointment of committee personnel, and include the call of a special meeting. Such proposals may be introduced and acted upon in any meeting, subject only to the test of germaneness.

(C) Substantive proposals are those that establish or alter an academic program of study, or rules or bylaws within the senate's purview. Substantive proposals shall be:

(1) Submitted to the program committee in the complete and exact form intended for senate debate and adoption, and shall be processed by the program committee following rule 3335-19-03 of the Administrative Code, except that proposals for presentation at a special meeting need not be submitted to the program committee. If a substantive proposal is referred to a committee by the program committee or by the senate, and any subsequent suggested changes are not acceptable to the originators of the proposal, then the program committee shall place the original proposal and the suggested changes in the same agenda.

(2) Sent to all members and alternate members of the senate as part of the agenda at least seven days prior to the meeting.

(3) Moved and seconded by members of the senate and then opened for floor debate. The proposal may then be amended, referred to committee in whole or in part, tabled, postponed, divided, and/or adopted or rejected.

(a) Amendments offered in floor debate are classified as minor or substantive. A substantive amendment alters the sense or strength of the original proposal. Determination of the status of an amendment is made by ruling of the chair or by vote of the senate. Classification may be made at the time a motion to amend has been made and seconded or after the senate has voted affirmatively in favor of the motion to amend.

(b) If a motion from the floor is passed and is declared to be substantive, it cannot become effective until the next meeting of the senate. At that time it must be reconsidered, unless the committee which submitted the original proposal has requested a continuation from the program committee. In case of a continuation, the program committee shall, as soon as practicable, place the amendment on the agenda for reconsideration. The committee which submitted the original proposal shall be afforded the opportunity to present arguments against the amendment or
to move substitute language for the amendment at the time of reconsideration. If substitute language is approved by the senate, the amendment as modified will become effective at that time. If substitute language is defeated or is not presented, the senate shall vote on reaffirmation of the amendment in the form originally passed except for possible changes of a purely editorial nature. The amendment may be reaffirmed and become effective at that time or it may be defeated. (This section may be set aside by a successful motion to suspend the bylaws of the senate as prescribed in paragraph (C) of rule 3335-19-13 of the Administrative Code.)

(D) Substitute statements or suggested amendments which are included in an original proposal and distributed in an agenda shall each be acted upon as a substantive proposal.

(E) Substitute statements or suggested amendments proposed by any senate or university committee or by any member of the senate, shall be received by the program committee and shall be scheduled in the same agenda as the original proposal.

(F) Prior to a senate vote a proposal that establishes or alters rules or bylaws within the senate's purview shall be reviewed by the rules committee, which may recommend changes in accordance with paragraph (B)(4) of rule 3335-5-47.3 of the Administrative Code.

3335-19-08 Reports.

(A) Any member(s) of any committee of the senate may report on any matter before the committee. A report by a minority of one may be denied a hearing by vote of two-thirds of the members of the senate present. A majority of the members of the senate present and voting may require a standing committee to report at the next regular meeting of the senate.

(B) Written notification of intent to present a report shall be submitted to the program committee at least twelve days preceding the senate meeting. The program committee shall decide whether a written report is required to be included with the senate agenda mailing.

(C) Reports on which no senate action other than acceptance is requested, may be distributed with the agenda and presented by the secretary of the university senate by reporting the title, source, and date of receipt. If an oral presentation of a written report is to be made at the senate meeting, such oral presentation shall be limited to a short summary of the written report and to responses to questions concerning the report from members of the senate.

(D) Reports for which written versions are not required by the program committee may be included on the senate agenda. The secretary of the university senate shall be provided with a written synopsis when the report is presented.

The office shall also be responsible for maintaining liaison between the senate and university committees. The staff shall consist of the secretary of the university senate and at least one full-time recording secretary.

3335-19-10 Attendance.

Members of the senate shall attempt to avoid conflicts between their academic schedule and the meetings of the senate and related committees. In the event of unavoidable conflict, it is expected the members will choose that resolution most favorable to their academic obligations. All members are expected to arrange for attendance by an alternate member at those senate meetings the member is unable to attend.

3335-19-11 Minutes and reports of senate meetings.

(A) Official minutes of the senate meetings shall be taken and kept by the secretary of the university senate. A secretary's report of action taken at each meeting of the senate shall be sent to all members and alternate members after each meeting, and approved by senate action in a subsequent meeting.

(B) The official record and minutes of all senate meetings shall be those "Secretary's Reports on Actions of the Senate," together with the appropriate supporting and reference documents, as have been submitted to and accepted by the senate. The secretary shall also have taken and have preserved, for reference purposes, verbatim electronic sound recordings of all proceedings in senate meetings.

Senate revision January 30, 1988

3335-19-12 Transmittal and record of senate actions.

(A) The secretary of the university senate shall transmit the results of senate actions to the president, board of trustees, and other appropriate agencies.

(B) The secretary shall maintain and periodically communicate to the members and alternate members of the senate and to the university faculty a record of those actions of the senate having continuing effect, and not published in the "Rules of the University Faculty."

(1) At least once each year the secretary shall send a summary of such actions to all members and alternate members of the senate.

(2) A permanent record of such actions shall be maintained in the office of the university senate. This record shall be available for review by any member of the university community.

Senate revision November 13, 1982
Senate revision June 6, 1987

3335-19-13 Amendments and suspensions.

(A) These bylaws may be amended as provided for in rule 3335-5-45 of the Administrative Code. Such proposals shall be substantive proposals (Rule 3335-19-07 of the Administrative Code) and shall be introduced in the agenda of a regular or special meeting.

(B) The secretary of the university senate, with the concurrence of the rules committee, is entrusted to make non-substantive emendations in diction and grammar, and is authorized
to change titles of administrative offices, administrative officers, academic units, or student constituent groups in these bylaws following appropriate action on these title changes by the senate or the board of trustees.

(C) These bylaws may be suspended for a single and designated purpose. A proposal to suspend a provision of the bylaws may be introduced and acted upon in the same meeting, as a routine proposal, provided that the suspension shall be germane to only one specific proposal, and the suspension is affirmed by a two-thirds vote.

Chapter 3335-23

CODE OF STUDENT CONDUCT

3335-23-01 Introduction and purpose.

The code of student conduct is established to foster and protect the core missions of the university, to foster the scholarly and civic development of the university's students in a safe and secure learning environment, and to protect the people, properties and processes that support the university and its missions. The core missions of the university are research, teaching and learning, and service. Preservation of academic freedom and free and open exchange of ideas and opinions for all members of the university are central to these missions.

3335-23-02 Jurisdiction.

The code applies to the on-campus conduct of all students and registered student organizations. The code also applies to the off-campus conduct of students and registered student organizations in direct connection with:

(A) Academic course requirements or any credit bearing experiences, such as internships, field trips, study abroad or student teaching;

(B) Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;

(C) Any activity sponsored, conducted, or authorized by the university or by registered student organizations;

(D) Any activity that causes substantial destruction of property belonging to the university or members of the university community or causes serious harm to the health or safety of members of the university community; or

(E) Any activity in which a police report has been filed, a summons or indictment has been issued, or an arrest has occurred for a crime of violence.

The code governs all campuses of the university, however, students attending at regional campuses and the agricultural technical institute are advised to consult their local campus publications for additional information or rules pertaining to those campuses, which may create hearing boards or processes for the campus, consistent with these rules.

The university reserves the right to administer the code and proceed with the hearing process even if the student withdraws from the university, is no longer enrolled in classes, or subsequently fails to meet the definition of a student while a disciplinary matter is pending.

Students continue to be subject to city, state, and federal laws while at the university, and violations of those laws may also constitute violations of the code. In such instances, the university may proceed with university disciplinary action under the code independently of any criminal proceeding involving the same conduct and may impose sanctions for violation of the code even if such criminal proceeding is not yet resolved or is resolved in the student’s favor. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-03 Definitions.

As used in the code, the term "university premises" means all lands, buildings, and facilities owned, leased, or operated by the university. The term "student" means an individual who has paid an acceptance fee, registered for classes, or otherwise entered into any other contractual relationship with the university to take instruction. It further includes persons who are eligible to
receive any of the rights and privileges afforded a person who is enrolled at the university, including, but not limited to, those individuals admitted to the university and attending orientation programs. Student status lasts until an individual graduates, is dismissed, or is not in attendance for two complete, consecutive quarters. The term "student" also includes registered student organizations. The term "members of the university community" includes, but is not limited to, students, faculty, staff, and visitors to the campus. The term "complaint" means a written statement, alleging a violation of the code of student conduct or other published rule applicable to students at the university, provided to an authorized university official, per paragraph (A) of rule 3335-23-05 of the Administrative Code. Information submitted by other means will be reviewed and may, at the university’s discretion, be acted upon but will not be treated as a formal complaint. The term "crime of violence" means the following offenses as stated in division (A)(9) of section 2921.01 of the Revised Code in effect on the date this rule is adopted: aggravated murder; murder; voluntary manslaughter; involuntary manslaughter; felonious assault; aggravated assault; assault; aggravated menacing; menacing by stalking; kidnapping; abduction; extortion; rape; sexual battery; gross sexual imposition; aggravated arson; arson; aggravated robbery; robbery; aggravated burglary; inciting to violence; aggravated riot; inducing panic; domestic violence; intimidation; intimidation of an attorney, victim, or witness in a criminal case; escape; improperly discharging a firearm at or into a habitation or school; burglary; felonious sexual penetration; or conspiracy or attempt to commit or complicity in committing any of the foregoing offenses. Crime of violence also means offenses under the laws of another jurisdiction that are substantially equivalent to the offenses listed in this division. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-04 Prohibited conduct.

Any student found to have engaged, or attempted to engage, in the following conduct while within the university’s jurisdiction, as set forth in rule 3335-23-02 of the Administrative Code, will be subject to disciplinary action by the university. For the purposes of this section, attempt shall be defined as conduct that, if successful, would constitute or result in the prohibited conduct. Any student who abandons an attempt or prevents the prohibited conduct from occurring under circumstances that demonstrate a complete and voluntary renunciation of the prohibited conduct will not be subject to disciplinary action by the university.

(A) Academic misconduct.

Any activity that tends to compromise the academic integrity of the university, or subvert the educational process. Examples of academic misconduct include, but are not limited to:

(1) Violation of course rules as contained in the course syllabus or other information provided to the student; violation of program regulations as established by departmental committees and made available to students;

(5) Submitting substantially the same work to satisfy requirements for one course or academic requirement that has been submitted in satisfaction of requirements for another course or academic requirement, without permission of the instructor of the course for which the work is being submitted or supervising authority for the academic requirement;
(6) Falsification, fabrication, or dishonesty in creating or reporting laboratory results, research results, and/or any other assignment;

(7) Serving as, or enlisting the assistance of a substitute for a student in the taking of examinations;

(8) Alteration of grades or marks by the student in an effort to change the earned grade or credit;

(4) Sexual harassment, as defined in applicable university policy.

(5) Indecent exposure, defined as the exposure of the private or intimate parts of the body, in a lewd manner, in public or in private premises, when the accused may be readily observed.

An individual cannot consent who is obviously substantially impaired by any drug or intoxicant; or who has been purposely compelled by force, threat of force, or deception; or who is unaware that the act is being committed; or whose ability to consent or resist is obviously impaired because of a mental or physical condition; or who is coerced by supervisory or disciplinary authority.

(8) Failure to comply with one or more sanctions imposed under the code of student conduct; and

(9) Influencing or attempting to influence another person to commit an abuse of a university judicial system.

(O) Violation of university rules.

Violation of other published university regulations, policies, or rules, or violations of federal, state, or local law. These university regulations, policies, or rules include, but are not limited to, those which prohibit the misuse of computing resources, sexual harassment, rules for student groups or organizations, and residence hall rules and regulations.

(P) Riotous behavior.

(1) Participation in a disturbance with the purpose to commit or incite any action that presents a clear and present danger to others, causes physical harm to others, or damages property.

(2) Proscribed behavior in the context of a riot includes, but is not limited to:

(a) Knowingly engaging in conduct designed to incite another to engage in riotous behavior; and

(b) Actual or threatened damage to or destruction of university property or property of others, whether done intentionally or with reckless disregard; and

(c) Failing to comply with a directive to disperse by university officials, law enforcement or emergency personnel; and

(d) Intimidating, impeding, hindering or obstructing a university official, law enforcement or emergency personnel in the performance of their duties.

(3) This rule shall not be interpreted as proscribing peaceful demonstrations, peaceful picketing, a call for a peaceful boycott, or other forms of peaceful dissent.

(Q) Recording of images without knowledge.

Using electronic or other means to make a video or photographic record of any person in a location where there is a reasonable expectation of privacy without the person’s prior
knowledge, when such a recording is likely to cause injury, distress, or damage to reputation. This includes, but is not limited to, taking video or photographic images in shower/locker rooms, residence hall rooms, and restrooms. The storing, sharing, and/or distributing of such unauthorized records by any means is also prohibited. (B/T 3/2/2001, B/T 7/11/2003, B/T 7/7/2006, B/T 12/7/2007)

JUDICIAL PROCEDURES

3335-23-05 Initiation and investigation of code violations.

(A) Initiation.

Person(s) witnessing or experiencing what they believe to be a possible code violation should provide an authorized university official with the information. Information and/or complaints about possible code violations occurring in residence halls should be provided to the residence hall director. Information and/or complaints about possible non-residence hall related code violations should be provided to the director of student judicial affairs, or chief judicial officer for the regional campuses. Information and/or complaints regarding academic misconduct should be referred to the coordinator of the committee on academic misconduct. In cases where the alleged activity may involve a violation of criminal law in addition to a violation of the code, information and/or complaints should be provided to the Ohio state university police or other appropriate law enforcement agency. The university will review all information and/or complaints received and may conduct a preliminary investigation of the alleged violation.

(B) Investigation.

The Ohio state university police or other appropriate law enforcement agency shall have primary responsibility for the investigation of acts that involve suspected violation of federal, state, local laws or applicable university policies. Residence hall directors, assistant hall directors, the director of student judicial affairs, the chief judicial officer for the regional campuses, and other designated university personnel are authorized to investigate alleged violations other than those involving academic misconduct. The coordinator of the committee on academic misconduct is authorized to investigate allegations involving academic misconduct. During the investigation, the student allegedly involved in misconduct may be sent a letter describing the alleged violation, requesting the student to make an appointment to discuss the matter, and specifying a date by which the appointment must be made. Any person believed to have information relevant to an investigation may also be contacted and requested to make an appointment to discuss the matter. Failure to comply with such a request to make and keep such an appointment may result in a disciplinary hold being placed on a student’s registration and records and/or the initiation of charges for judicial system abuse. Upon completion of an investigation, the investigator will decide upon an appropriate course of action, which may include, but is not limited to, taking no further action, deferring further action with or without conditions, or initiating charges with the appropriate university judicial body. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-06 Filing of complaint and initiation of charges.

A written complaint alleging a violation of the code of student conduct must be filed with the university as soon as practicable following the discovery of the alleged violation. Absent extraordinary circumstances, the written complaint must be filed within six months for cases of non-academic misconduct (paragraphs (B) through (Q) of rule 3335-23-04 of the Administrative Code), and one month for academic misconduct (paragraph (A) of rule 3335-23-04 of the Administrative Code), from the date upon which a university official becomes aware of the alleged violation and identifies the student(s) who allegedly committed the violation. Absent extraordinary circumstances, the university must initiate charges, if any, within one year of the filing of the complaint. (B/T 3/2/2001, B/T 12/7/2007)
Notice of charges.

Students shall be notified of university charges in writing, unless a more effective form of notification is deemed appropriate. Charges may be presented in person, by placement in a student’s residence hall mailbox, by email to the accused student’s official university email address, which will direct the student to view the notice on a secure website, or by mail to the accused student’s local or permanent address on file in the office of the university registrar. All students are required to maintain an accurate and current local and permanent address with the university registrar.

Following notification of charges, students are strongly encouraged to and shall be afforded the opportunity to meet with a university official for the purpose of explaining the university judicial process and discussion of the charges. Failure of the accused student to respond to the initiation of charges or schedule a preliminary meeting shall in no way prevent the university from scheduling and conducting a hearing in the absence of the accused student. (B/T 3/2/2001, B/T 12/7/2007)

Administrative decision.

In all cases, a student charged with one or more violations of the student code has the right to a hearing. However, in a case where a charged student admits such violations in writing, the student may request in writing to have a decision as to appropriate action made administratively by a hearing officer rather than have the charges referred to a hearing officer, panel or board for a hearing. In such situations, the student waives the right to a hearing and the related procedural guarantees provided by a hearing officer, panel or board hearing. Administrative decisions involving graduate students are to be made in consultation with the graduate school. Following an administrative decision, the student retains the right to request an appeal of the original decision, but may do so only upon the ground that the sanction is grossly disproportionate to the offense committed. (B/T 3/2/2001, B/T 7/7/2006, 12/7/2007)

Notice of hearing.

If a hearing is to be held, written notification will be provided. The notice may be hand delivered, placed into a student’s residence hall mailbox, sent by email to the accused student’s official university email address, which will direct the student to view the notice on a secure website, or mailed to the last known address of the student, either by certified mail or first class mail, no fewer than ten calendar days prior to the hearing. Unless already provided to the student, the notification will include the charges, date, time, and location of the hearing, the designated hearing officer or panel, a statement of the student’s rights, and information on the hearing procedures. The accused student may request a postponement for reasonable cause or a hearing separate from other accused persons. A request for a postponement for reasonable cause must be made in writing, include supporting rationale and be received by the person sending the hearing notification at least two business days before the scheduled hearing. (B/T 3/2/2001, B/T 12/7/2007)

Hearing procedures.

Although the procedural requirements are not as formal as those existing in criminal or civil courts of law, to ensure fairness, the following procedures will apply and, unless already provided to the student, be included within the hearing notice:

(A) Attendance at hearings is limited to those directly involved or those requested by the hearing officer or panel to attend. The hearing officer or panel will take reasonable measures to assure an orderly hearing, including removal of persons who impede or disrupt proceedings.

(B) The accused student may have an advisor throughout the hearing. The advisor may only counsel the student and may not actively participate in the hearing, unless clarification is needed as determined by the hearing officer or panel.
(C) The accused may submit a written statement, may invite relevant fact witnesses to attend, may invite character witnesses to submit written statements, may as approved in advance by the hearing officer invite character witnesses to testify in person, may ask questions of witnesses called by others, and will be notified of potential witnesses to be called. The accused must also submit a list of potential witnesses, and identify those who are character witnesses only, to the hearing officer at least two business days prior to the hearing. The university may present witnesses as well as question those presented by the accused.

(D) Written statements may be used for a fact witness (i.e., not a character witness) if, for good reason, a fact witness cannot attend the hearing.

(E) In cases requiring special expertise, the panel coordinator may appoint individuals with appropriate expertise to serve as consultants to the panel. The consultants may be present and provide information as called upon during the hearing but will not vote.

(F) Students are entitled to a presumption of innocence. Therefore, a student will not be found in violation unless a preponderance of evidence supports the charge(s). In the event of a tie, the panel will continue to deliberate. If after the panel determines that exhaustive deliberations have occurred and a majority decision is not reached the student will be found not in violation.

(G) In cases where prompt review is essential (e.g., when graduation or the end of the academic year is imminent) the accused may be offered the option of an expedited administrative review consisting of an administrative decision or administrative hearing. The accused student may decline such expedited review without the expectation that the process can be completed on an expedited timeline. (B/T 3/2/2001, B/T 7/11/2003, B/T 12/7/2007)

3335-23-11 Attendance.

Because the most accurate and fair review of the facts can best be accomplished when all parties are present, the accused is expected to attend and participate. If an individual does not choose to attend a hearing, the charges will be reviewed as scheduled on the basis of the information available, and a decision will be made. Although no inference may be drawn against a student for failing to attend a hearing or remaining silent, the hearing will proceed and the conclusion will be based on the evidence presented. No decision shall be based solely on the failure of the accused student to attend the hearing or answer the charges. (B/T 3/2/2001)

3335-23-12 Record of proceedings.

A single record consisting of written notes, tape recording, or other method selected by the hearing panel or officer, will be made of all hearings. Such record will remain the property of the university but will be made available to the accused for review during the appeal period. A written notice of the decision and, if found in violation, information regarding appeal procedures will be provided to the accused student. (B/T 3/2/2001)

3335-23-13 Hearing bodies.

In addition to the committee on academic misconduct, student conduct boards for university housing, and the university judicial panel, the director of student judicial affairs, hearing officers within the office of student judicial affairs, the coordinator of the committee on academic misconduct, and university housing professional staff are to be considered as official university hearing officers, and may hear cases of alleged violations of the code affording accused students the same procedural guarantees as provided in hearings by a panel, committee, or board. Absent special circumstances, students will be afforded the right to choose an administrative or panel hearing. When necessary to ensure a fair and just process, the hearing officer may determine the appropriate hearing venue. The accused student has the right to accept responsibility for the charges, which will result in an administrative decision, or choose to have a
hearing. Students will generally be afforded the right to choose an administrative or panel hearing, except under special circumstances where, in order to ensure a fair and just process, the hearing officer may determine the appropriate hearing venue. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-14 Committee on academic misconduct.

(A) The coordinator for the committee shall investigate or establish procedures for investigation of all reported cases of student academic misconduct that fall under the committee’s jurisdiction. The committee does not hear cases involving academic misconduct in professional colleges having a published honor code. These colleges shall follow their own codes and procedures which can be obtained in their respective central offices. Some allegations against graduate students that fall under the committee’s jurisdiction may also implicate the university’s interim policy and procedures concerning misconduct in research or scholarly activities and/or the graduate school’s “Guidelines for the Review and Investigation of Allegations of Scholarly Misconduct by Graduate Students.” Upon receipt of such an allegation, the coordinator shall meet with the dean of the graduate school or designee, and/or the senior vice president for research or designee, and these parties shall mutually agree on the appropriate procedure for adjudicating the case. Notice of this decision and a description of the procedure to be used shall promptly be given to the student who has been charged. The coordinator or committee may refer complaints to the office of student judicial affairs if it is determined that the academic misconduct allegation is incidental to some other misconduct.

(B) The committee on academic misconduct is constituted according to rule 3335-5-48.7 of the Administrative Code.

(C) All complaints of academic misconduct shall be reported to the coordinator of the committee.

(D) Students have an obligation to report suspected misconduct.

(E) A quorum for a hearing shall be no fewer than four voting members of the committee which shall include no fewer than one student member and two faculty members.

For cases involving graduate students, reasonable efforts will be made to have graduate students serve as the student members of the hearing committee. (B/T 3/2/2001, B/T 7/7/2006)

3335-23-15 Student conduct boards for university housing.

The boards may only hear only those cases that occur within university housing, whether committed by residents or nonresidents. The boards are composed of students living in university housing, and may initiate any sanction with the exception of suspension or dismissal. If it appears during the hearing, to the board or to the board advisor, that the violation may be serious enough to warrant suspension or dismissal, the board will adjourn and refer the case back to the hearing officer for referral to the office of student judicial affairs. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-16 University judicial panel.

The university judicial panel is responsible for adjudicating allegations of non-academic misconduct referred by the director of student judicial affairs, except for cases involving violations of professional college codes. The panel consists of:

(A) Fifteen faculty and/or administrative members recommended by the director of student judicial affairs to the vice president for student affairs for three-year terms which begin with the autumn quarter;
(B) Twelve undergraduate student members, appointed by the undergraduate student government;

(C) Six graduate student members, appointed by the council of graduate students;

(D) Two professional student members, appointed by the inter-professional council; and

(E) The director of student judicial affairs or designee shall serve as panel coordinator ex-officio without vote.

(F) A quorum for a hearing shall be no fewer than four voting members of the panel which shall include no fewer than two student members.

All student appointments shall be for two-year terms staggered, beginning in the autumn quarter. Six of the undergraduate student members, three of the graduate student members, and one of the professional student members shall be appointed in odd-numbered years, with the remainder appointed in even-numbered years. To be eligible for appointment, a student must possess a minimum 2.5 cumulative grade point average and be under no current disciplinary sanction from the university. The director of student judicial affairs may remove university judicial panel members for cause, including but not limited to, not attending training, repeated absences, violating the code of student conduct or other applicable laws or policies, or not responding to repeated attempts at communication. Notification shall be made in writing to the university judicial panel member prior to removal, whenever possible. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-17 General guidelines for sanctions.

Sanctions should be commensurate with the violation(s) found to have occurred. In determining the sanction(s) to be imposed, the hearing officer or panel should take into account any mitigating circumstances and any aggravating factors including, but not limited to, any provocation by the subject of the conduct that constituted the violation, any past misconduct by the student, any failure of the student to comply fully with previous sanctions, the actual and potential harm caused by the violation, the degree of intent and motivation of the student in committing the violation, and the severity and pervasiveness of the conduct that constituted the violation. Misconduct, other than constitutionally protected expression, motivated by bias based on age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status may be considered an aggravating factor for sanctioning. Impairment resulting from voluntary use of alcohol or drugs (i.e., other than medically necessary) will also be considered an aggravating, and not a mitigating, factor. In determining the sanctions to be imposed on graduate students who have violated the code, the hearing officer or panel should be guided by the “Graduate Student Code of Research and Scholarly Conduct.” One or more of the following courses of action may be taken when a student has been found to have violated the code of student conduct.

(A) Informal admonition.

An oral or written admonition issued by a hearing officer or residence hall advisor resulting from the student’s misconduct. No formal charges, hearing or other compliance with the code is required before the issuance of an informal admonition. However, following issuance of an informal admonition, the student shall be entitled to a hearing upon written request, under the procedures provided in the code of student conduct. A written request for such a hearing must be filed with the university official who administered the informal admonition, within five working days of the student’s receipt of the informal admonition. An informal admonition shall not be considered a disciplinary sanction, but may be considered in any subsequent hearings.

(B) Disciplinary sanctions.
(1) Formal reprimand.

A written letter of reprimand resulting from a student’s misconduct.

(2) Disciplinary probation.

This probationary condition is in effect for a specified period of time and may involve the loss of specified privileges. Further violation of university policies during the probationary period will be viewed not only as a violation based upon the act itself but also as a violation of the probation, which shall result in further action up to and including suspension or dismissal.

(3) Suspension.

Suspension is a sanction that terminates the student’s enrollment at the university for a specified period of time. Satisfactory completion of specified stipulations may be required for readmission at the end of the suspension period.

(4) Dismissal.

Dismissal is a sanction which permanently separates a student from the university without opportunity to re-enroll in the future.

(C) Conditions of suspension and dismissal.

A student who has been dismissed or suspended from the university shall be denied all privileges afforded a student and shall be required to vacate campus at a time determined by the hearing officer or panel. In addition, after vacating campus property, a suspended or dismissed student may not enter upon campus and/or other university property at any time, for any purpose, in the absence of express written permission from the vice president for student affairs or designee. To seek such permission, a suspended or dismissed student must file a written petition to the vice president for student affairs for entrance to the campus for a limited, specified purpose or to have the terms of this condition modified or reduced.

(D) Failing or lowered grades.

In cases of academic misconduct, a hearing officer or panel may authorize the instructor to award a failing or lowered grade in the course, a loss of credit on the assignment or examination, and impose any of the above-listed sanctions including suspension or dismissal from the university.

(E) Other sanctions.

Other appropriate sanctions may be imposed by a hearing officer or panel singularly or in combination with any of the above-listed sanctions. Examples include, but are not limited to, making restitution for property damage or misappropriation of university property or services, or the property of any person, residence hall contract termination or reassignment to another room, restriction of access to specified campus facilities and/or property, research assignments, community service projects, special workshop participation, and/or referral to medical resources or counseling personnel. (B/T 3/2/2001, B/T 7/7/2006, B/T 12/7/2007)

**APPEAL PROCESS**

3335-23-18 Appellate process.

(A) Right to appeal.
A student found to have violated this code has the right to appeal the original decision. An appeal of a decision must be submitted in writing and postmarked or hand delivered to the appropriate appeal officer, as provided below, within ten calendar days after the date on which written notice of the decision is sent to the student. Each student shall be limited to one appeal. The decision of the appeal officer is final.

(B) Grounds for appeal.

An appeal may be based only upon one or more of the following grounds:

1. Procedural error;
2. Misapplication or misinterpretation of the rule alleged to have been violated;
3. Findings of facts not supported by a preponderance of evidence.
4. Discovery of substantial new facts that were unavailable at the time of the hearing; and
5. That the disciplinary sanction imposed is grossly disproportionate to the violation committed.

(C) Appropriate appeal officers.

1. Appeals from residence hall hearings:
   a. All appeals from residence hall hearings other than contract terminations, shall be submitted to the director of residence life or designee.
   b. All appeals where the sanction imposed by the residence hall hearing is contract termination shall be submitted to the director of student judicial affairs or designee.
2. Appeals from a judicial affairs hearing officer’s decision or from the university judicial panel’s decision will be submitted for decision to the vice president for student affairs or designee.
3. Appeals from decisions of the coordinator of academic misconduct or the committee on academic misconduct will be submitted for decision to the executive vice president and provost or designee.

(D) Appeal proceedings.

1. The appeal officer shall dismiss the appeal if the appeal is not based upon one or more of the grounds set forth in paragraph (B) of this rule.
2. The appeal officer may decide the appeal based upon a review of the record.
3. The appeal officer may request additional written information or an oral presentation from any relevant person(s) and then decide the appeal based upon the enhanced record.

(E) Possible dispositions by the appeal officer.

The appeal officer may, after a review of the record, uphold the original sanction, dismiss the original sanction, or impose a lesser sanction. An appeal officer may also remand the case to the original hearing body or refer the case to a new hearing officer or panel to be reheard. If possible, a new hearing officer or panel should be different from the one that originally decided the case. If a case is reheard by a hearing officer or panel, the sanction
imposed can be greater than that imposed at the original hearing. (B/T 3/2/2001, B/T 12/7/2007)

3335-23-19 Minor deviations from procedure.

A student and hearing officer may agree in advance to minor deviations from procedure. Such deviations are not then subject to appeal. Other minor deviations are acceptable as long as such deviations are not found upon appeal to be unreasonably harmful to the student. (B/T 3/2/2001)

3335-23-20 Interim suspension.

When the vice president for student affairs or designee has reasonable cause to believe that the student's presence on university premises or at a university-related or registered student organization activity poses a significant risk of substantial harm to the health or safety of others or to property, the student may be immediately suspended from all or any portion of university premises, university-related activities or registered student organization activities, and is not permitted to participate in, or complete academic coursework. This temporary suspension will be confirmed by a written statement and shall remain in effect until the conclusion of a full hearing or administrative decision, without undue delay, in accordance with the rules of the Ohio state university. The student may, within three working days of the imposition of the suspension, petition the vice president for student affairs for reinstatement. The petition must be in writing, and must include supporting documentation or evidence that the student does not pose, or no longer poses, a significant risk of substantial harm to the health or safety of others or to property. A hearing on such petition will be conducted without undue delay by the vice president for student affairs or designee. (B/T 3/2/2001, B/T 7/11/2003)

3335-23-21 Administrative disenrollment and other restrictions.

(A) A student may be disenrolled from the university; prohibited from all or any portion of university premises, university-related activities or registered student organization activities; and/or permitted to remain only under specified conditions when the vice president for student affairs or designee finds that there is clear and convincing evidence that:

(1) The student's continued presence poses a significant risk of substantial harm to the health or safety of themselves, others, or to property; or

(2) The student, as a direct result of an apparent health condition, is engaged in substantial, continuing disruption of teaching, learning, research, administration or other university-related activities.

Before making such a determination, the vice president for student affairs or designee shall notify the student in writing of the reasons that disenrollment or other action is being considered, provide the student with an opportunity to respond, and consult with appropriate university personnel. The vice president for student affairs or designee may also consult with any other persons whom the vice president for student affairs or designee deems appropriate under the circumstances.

(B) In those cases under paragraph (A)(1) of this rule in which it appears that the risk posed by the student is a result of a health condition or a disability as defined by the Americans with Disabilities Act, and in all cases under paragraph (A)(2) of this rule, the vice president for student affairs or designee shall also determine whether the risk or disruption can be eliminated or sufficiently reduced through reasonable accommodation and, if so, shall take appropriate steps to ensure that accommodation is made. The vice president for student affairs or designee may request the student to undergo an appropriate examination, as specified by the vice president for student affairs or designee, to determine whether any such condition exists and whether any such accommodation is possible. If the student fails to undergo such an examination, and if the other available evidence supports a finding under either paragraph (A)(1) or (A)(2) of this rule, the vice president for student affairs or
designee shall, to the extent reasonably possible, take the least restrictive measure or combination of measures necessary to resolve the risk or disruption.

(C) A student who has been disenrolled; prohibited from university premises, university-related activities or registered student organization activities; or permitted to remain only under specified conditions may petition the vice president for student affairs for revision of that status. The petition must include supporting documentation or evidence that:

1. The conditions found to have existed under paragraph (A)(1) or (A)(2) of this rule no longer exist and will not recur, and

2. The student meets all normal and appropriate standards for admission and enrollment in any academic unit in which the student seeks to re-enroll.

Upon receipt of such a petition, the vice president for student affairs or designee shall evaluate the evidence and may consult with the student, any appropriate university personnel, and any other persons whom the vice president for student affairs or designee deems appropriate. The vice president for student affairs or designee may deny the petition, grant the petition in whole or in part under specified conditions, or grant the petition in whole or in part without condition. In the event of a negative determination by the vice president of student affairs, the student may request to have the decision reviewed by the executive vice president and provost. (B/T 3/2/2001, B/T 12/6/2001)

3335-23-22 Authority section.

The bylaws of the university board of trustees and rules of the university faculty provide that the university president shall have the final responsibility and authority for the discipline of all students of the university (see paragraph (A) of rule 3335-11-01 of the Administrative Code). This responsibility and authority has been delegated by the president to the vice president for student affairs, whose office is also charged with responsibility for promulgation of rules governing student conduct (see paragraph (H) of rule 3335-1-03 of the Administrative Code).

The deans of colleges and of the graduate school, the directors of schools, and the chairpersons of departments, respectively, are responsible to the president through regular disciplinary channels for the discipline of all students in the activities of their respective colleges, schools, and departments (see paragraph (B) of rule 3335-11-01 of the Administrative Code). Likewise, the deans and directors of the regional campuses are responsible to the president through the executive vice president and provost for the discipline of all students in the activities of their respective campuses.

The Ohio state university code of student conduct is an official publication of the university board of trustees. All petitions for revision and amendment of this code of student conduct should be submitted through the office of the vice president for student affairs. Proposed revisions to the code shall be reviewed, in draft form, by the office of the president, the office of academic affairs, and the steering committee of the university senate before being presented for approval to the university senate by the council on student affairs. No revision shall become effective unless approved by the university board of trustees and until printed notice of such revisions is made available to students. (B/T 3/2/2001)
