Subject: CAFR SOR report

Good morning, Dr. Watson and Dr. Williams,

My name is Michiko and I am an associate professor of elementary language arts in T&L. I also currently serve on CAFR. I drafted the SOR report with feedback from the committee and other members of the faculty and staff in T&L. I am writing to ask that the SOR report be included on the November senate agenda.

I know that Dr. Clark and I have different perspectives on strategy for sharing the SOR report, and I do not doubt that she has the best interests of the T&L community at the center of her decisions. I also move from a place of care for our faculty, staff, and students. I have heard from many stakeholders in support of this report being shared now, including regional faculty, undergraduate students, and graduate students. Many of whom have asked not to be named, which I have respected.

I recognize that there are differing opinions on this issue, and I hope that it will be included on the November agenda.

Thank you,
Michiko
