
During the 2018/2019 academic year, the Rules Committee of the Ohio State University, pursuant to rule 3335-5-47.3, consisted of 10 members: 6 faculty senators (Kat Calder, Terry Esper, Amy Ferketich, Sarah Moore, Chirag Patel, and Terry Reese (chair), three students (TJ Beavers, Jacob Dretzka, and Riley DeBacker), and the secretary of the Senate (Ben Givens). Additionally, the committee had two ex-officio members (Kay Wolf from the Office of Academic Affairs and Brandon Lester from the Office of Legal Affairs). Hannah Torma provided administrative support.

Summary

The Rules Committee addressed three core areas over the academic year 2018/2019. These areas were:

- Responding to a Steering Subcommittee request relating a change in the make-up of the senate; as it related to the inclusion of staff senators.
- Evaluating current Senate Committees and updating current membership rules to reflect Senate Leadership’s long-term desire to allow for more non-tenured track faculty inclusion.
- An update and clarification of rules 3335-07 related to Clinical faculty titles; to address the needs on campus for titles that better reflect non-tenured and non-clinical teaching faculty.

In addition to these three core areas, the Rules Committee brought forth to the Senate the finalized Resolution approved during the 2017/2018 academic year corresponding to rules related to emeritus faculty.

In total, the Rules Committee presented to the University Senate proposals that amended, revised, or proposed new rules within areas: 3335-05-19, 3335-05-37/38, 3335-05-46-3335-05-49, 3335-07, and 3335-17. In all cases, these amendments, revisions, or additions to the University Rules were presented to and approved by the University Senate during the academic year 2018/2019.

In addition the proposal of new rules, the Rules Committee spent the first half of the year creating and approving a formal set of bylaws for the Committee.

Please note, a ‘Buckeye Box’ folder (Senate Rules Committee\Rules Committee AY19), was created and managed by the Senate office and contains detailed meeting materials organized by meeting date for future reference.

Updates to the Make-Up of the University Senate

- 3335-05-37/38
- 3335-17

Summary:
Rules Changes 3335-5-37/38 and 3335-17 were forwarded to Rules by a Subcommittee formed by Steering. The subcommittee was formed to investigate which parts of the university community is currently left out of participation in the University Senate. Working within the group, the subcommittee recognized that staff make up a large portion of the University but have limited representation in the Senate. Working with USAC, the Steering Subcommittee developed a proposal that would alter the make-up of the University Senate, create 5 new staff senators. The addition of these senators required a number of additional changes to ensure that the make-up of the senate remained in compliance with the faculty rules, specifically 3335-5-37, ensuring an ~50% voting percentage in the senate.

Changes

These rule changes introduce substantial changes to the senate structure. These changes are:

- The reduction of 2 administrative members to 24 members
- The addition of 1 new faculty senator, bringing the total to 71
- The addition of 5 staff senators

Additionally, these rule changes update 3335-5-37(B) adding all senate committee chairs (if not already members of the senate) as non-voting members. This change *does not* give senate committee chair the ability to vote on the floor of the senate (unless they are also a senator) but does allow chairs to participate in all senate deliberations.

Updates to Make-up of University Senate Committees

- 3335-05-46/49

Summary

Rules Changes 3335-5-46/49 were forwarded to Rules by the Steering Committee to provide general guidelines for senate committee related to faculty service and make-up. Three years ago, the University Senate asked Committees to evaluate current membership and develop proposals to establish guidelines that would allow the potential for more non-tenured faculty to serve on committees. Over the past 3 years, few committees have submitted proposals to update committee memberships. To simplify this process, Steering has suggested the creation of a general rule that, unless otherwise specified, would shift the committee faculty make-up to allow for (but not require) an up to a 1/3 of the faculty to be non-tenured.

Changes

These rule changes introduce substantial changes to the senate committee structure around faculty membership makeup. In the past, most committees explicitly required only tenured faculty for service on committees. This language left out a significant population of the universities' faculty. This rule change:

- Established a general rule, that of the faculty membership, that at least 2/3 of the faculty making up the committee must be tenure-track. This allows the senate leadership the option, when making committee assignments, the ability to have up to 1/3 of the faculty representation be non-tenure-track.
• Adds 1 staff member to the rules committee, in addition to adding options for staff service in other committee spaces.
• In response to a request from the Diversity Committee, adds the past-chair of the committee as a non-voting member.

In general, the rule changes focus on removing language that explicitly defined faculty membership in terms of tenure-track faculty, and instead was changed to note total number of faculty membership on the committee. Unless otherwise noted, faculty membership make-up then would follow the general rule set out in 3335-5-48(B)(2) that states tenure-track faculty must make up at least 2/3 of the faculty membership on a committee; unless otherwise stated.

Summary

Rules Changes 3335-7 seeks to close a gap in the current language around the rules concerning clinical and practice faculty members. Currently, colleges and departments utilize clinical faculty in positions without any clinician responsibilities. This causes a great deal of confusion within the departments and for the faculty. This rule change would update the available titles available for non-tenure-track faculty from the current available list:
• Instructor, assistant professor, associate professor, professor of clinical (name of college or department)
• Instructor, assistant professor, associate professor, professor of practice (name of college or department)

By adding a new title: of teaching; allowing for the following titles:
• Instructor, assistant professor, associate professor, professor of teaching (name of college or department)

To be clear, this rule does *not* create a new class of faculty. Rather, it expands on the existing rules created to establish clinical faculty, then later amended to include of practice – to establish a new set of allowable titles: of teaching.

Changes
These rule changes introduce changes to rule 3335-7, by adding a new set of available titles for non-tenure-track faculty. The rule changes also update the language throughout the faculty rules to provide clarity around the relationship of the clinical/teaching/practice titles.

**Updates to Emeritus Faculty Rules**
- 3335-05-19
- 3335-05-36

**Summary**
Per the Rules Committee Report from 2017/2018, the Emeritus Rules changes were in response to clarify Emeritus faculty status at the Ohio State University. Under the previous rules, broad questions existed around:
- Who can be emeritus?
- What was the process for applying for emeritus status?
- What rights and responsibilities came with emeritus status?
- Is there a right to appeal?
- How is emeritus status revoked?

The 2017/2018 Rules Committee addresses these issues and forwarded the updated rules documents to Steering for review and vote. At the beginning of 2018/2019, Steering had indicated that these rules were ready to be heard by the Senate. Prior to taking these to the Senate, the Rules Chair presented the updated rules language to Faculty Council, Faculty Cabinet, and finally, provided the Whereas statements that would be presented to the University Senate. These rules were presented to the Senate and approved by vote.

2. **Other Activities**

The Rules Committee developed and approved a format set of committee bylaws. The bylaws were developed to set expectations for the committee, define voting requirements and methods, as well as document the roles and responsibilities of the committee chair.

WHEREAS the senate steering committee has recognized the important role a diversity of voices and opinions has within our shared governance; and

WHEREAS the senate steering committee has proposed a general rule that, unless otherwise specified in the rules, a minimum of two-thirds of faculty membership of each senate committee be made up of tenure-track faculty; and

WHEREAS the senate steering committee has proposed adding a new voting staff member to select senate committees; and

WHEREAS the Rules Committee approved the proposal on April 2, 2019;

LET IT THEREFORE BE RESOLVED that the proposal to amend the relevant sections in 3335-5-46 to 3335-5-49 with the following be approved by the University Senate and respectfully request concurrence of the Board of Trustees effective upon approval by the Board of Trustees.
Chapter 3335-7 Rules of the university faculty concerning clinical teaching/practice and research faculty appointment, reappointment and nonreappointment, and promotion

3335-7-01 Definition.

Clinical teaching/practice are faculty appointments of the same type that are fixed term contract appointments that do not entail tenure. Clinical These faculty are teacher/practitioners and shall be engaged primarily in teaching activities related to: a) courses or instructional situations involving live patients or live clients, b) courses or instructional situations involving the simulation of live patients or live clients, or c) courses or instructional situations involving professional skills, or d) teaching as defined in Chapter 3335-6-02(A)(2) of the Administrative code.

3335-7-02 Titles.

If individual colleges, schools, and departments with clinical teaching/practice faculty wish to provide clinical teaching/practice faculty with faculty-rank titles, then whatever title is used must be distinct from tenure-track titles (see paragraph (A) of rule 3335-5-19 of the Administrative Code). Titles include instructor, assistant professor, associate professor or professor of clinical (name of college, school, or department), or instructor, assistant professor, associate professor or professor of professional practice of (name of college, school, or department), or instructor, assistant professor, associate professor, or professor of teaching (name of college, school, or department). Exceptions to these titles must be approved by the provost or his/her designee.

3335-7-03 Appointment cap.

Unless an exception is approved by the university senate and the board of trustees, clinical teaching/practice faculty may comprise no more than forty percent of the total tenure-track, clinical teaching/practice and research faculty (as defined in rule 3335-5-19...
of the Administrative Code) in each of the colleges of the health sciences and no more than twenty percent of the tenure-track, clinical/teaching/practice, and research faculty in all other colleges. In all tenure-initiating units not in health sciences, the number of clinical/teaching/practice track faculty members must be fewer than the number of tenure-track faculty members in each unit.

3335-7-04 Proposals and approval process.

(A) Proposals to establish or amend a clinical/teaching/practice faculty in a college or school reporting directly to Office of Academic Affairs (OAA) must be submitted to the provost by the dean of the college or director of the school reporting directly to OAA. Proposals must include a clear rationale for establishing a clinical/teaching/practice faculty and address how the terms and conditions of the appointments will be consistent with the rules set forth in Chapter 3335-7 of the Administrative Code, what titles will be given to clinical/teaching/practice faculty, and what department and college governance rights will be extended to clinical/teaching/practice faculty. Clinical/teaching/practice faculty may not participate in the promotion and tenure reviews of tenure or research faculty. In addition, proposals must include the following components:

1. A definition of the role in teaching and scope of professional practice duties of clinical/teaching/practice faculty, identifying specifically how those differ from duties of tenure-track faculty;
2. Identification of the requirements for a clinical/teaching/practice faculty appointment, including appropriate terminal degrees and any credential or licensure requirements; and
3. A list of courses that could be taught by clinical faculty and the relationship of those courses to the general curriculum. The expectation would be that clinical faculty should teach primarily courses involving professional practice in the clinical setting or courses designed to teach professional skills.

Proposals must comply with any additional guidelines promulgated by the council on academic affairs and will be reviewed according to criteria specified by the council on academic affairs.

(B) With the exception of changes to existing titles, proposals from a college or school reporting directly to OAA to establish or amend a clinical/teaching/practice faculty must be approved by a majority of the tenure-track faculty of the college or school reporting directly to OAA proposing to have a clinical/teaching/practice faculty, by the dean of the college or school reporting directly to OAA, by the executive vice president and provost, by the university senate, and by the board of trustees. The executive vice president and provost will
transmit all proposals to the council on academic affairs, which will review proposals and make a recommendation to the university senate. Title changes must be consistent with rule 3335-7-02 of the Administrative Code, but need only be approved by a majority of the tenure track faculty and dean of the college of director of the school reporting directly to OAA proposing the amendment.

3335-7-05 Criteria for appointment, for reappointment and nonreappointment, and for promotion.

Clinical/teaching/practice faculty may be appointed by colleges that do not have schools or departments and by schools and departments in colleges that have such subunits. The criteria for appointment, for reappointment and nonreappointment, and for promotion for clinical/teaching/practice faculty shall be established by the college, school, or department making such appointments and shall be set forth in that unit's appointments, promotion, and tenure document. The criteria must be consistent with the rationale for having clinical/teaching/practice faculty in the unit in question and must be distinct from the criteria for tenure-track faculty appointments. However, normally clinical/teaching/practice faculty will have an earned doctorate or other terminal degree in the relevant field or equivalent experience. The criteria for appointment, for reappointment and nonreappointment, and for promotion should reflect the importance of the responsibilities of clinical/teaching/practice faculty.

3335-7-06 Procedures for appointment.

Procedures for appointment of clinical/teaching/practice faculty shall be established by the college, school, or department making such appointments and shall be set forth in that unit's appointments, promotion, and tenure document. By the end of the second to final year of the probationary contract, the faculty member will be informed as to whether a new contract will be extended at the conclusion of the probationary contract period. In the event that a new contract is not extended, the final year of the probationary contract is the terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.

(C) During and until the end of the second and subsequent contract periods, clinical/teaching/practice faculty appointments may only be terminated for cause (see rule 3335-5-04 of the Administrative Code) or financial exigency (see rule 3335-5-02.1 of the Administrative Code) and the termination decision for either of these reasons shall result from procedures established by faculty rules. In addition, a contract may be renegotiated during a contract period only with the voluntary consent of the clinical/teaching/practice faculty member. By the end of the penultimate year of each contract period, the clinical/teaching/practice faculty member will be informed as to whether a new contract will be extended at the conclusion of the current contract period. If a new contract is not extended, the final year of the current contract is a terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.

(D) The standards of notice set forth in rule 3335-6-08 of the Administrative Code apply to clinical/teaching/practice faculty appointments.

3335-7-08 Annual review, reappointment/nonreappointment, and promotion review procedures.

The procedures for reviewing clinical/teaching/practice faculty annually and for reappointment/nonreappointment and promotion shall be set forth in the relevant college, school or department appointments, promotion, and tenure document. A college, school, or department may provide for the possibility of transfers from the tenure faculty track to the clinical/teaching/practice faculty if appropriate to its circumstances. A unit that permits transfers must abide by the following:

(B) When a tenured faculty member transfers to the clinical/teaching/practice faculty, tenure is lost; and

(C) All transfers must be approved by the school director or department chair, the college dean, and the executive vice president and provost.

3335-7-10 Transfers from the clinical/teaching/practice faculty to the faculty-track.

Transfers from the clinical/teaching/practice faculty to the tenure-track faculty are not permitted. Clinical/teaching/practice faculty may apply for tenure-track positions and compete in regular national searches for such positions.

Proposal to Amend Rules 3335-17 and 3335-5-19 related to Clinical Faculty Titles
