

3335-3-34 Schools, departments, divisions, and sections; defined and located.

(A) The units of a college organization for instruction, research, and service are the school, department and division.

(B) Each of these units should normally meet the following qualitative requirements: (A particular unit may not meet all the criteria, but the formation of a unit that does not should only be approved when circumstances dictate that approval is important to the academic development of the university.)

(1) A recognized, discrete area of academic concern not already included within the mission of another school, department or division;

(2) A proposed or existing academic program at both undergraduate and graduate or graduate professional levels;

(3) A source of faculty members prepared to offer academic work in the subject concerned;

(4) An academic subject that offers research and/or public service opportunities in addition to formal classroom teaching and has the potentiality for developing recognition by other scholarly groups;

(5) An academic field that has developed or is in the process of developing a student clientele either for the purpose of major programs or as an important "service" discipline to other major programs;

(6) The ability to assume primary fiscal responsibility.

(C) Schools and departments shall have a minimum of ten faculty positions spread through at least the three academic ranks of assistant professor to professor, unless persuasive academic reasons demonstrate the need for exceptions.

(D) A school is differentiated from a department as follows:

(1) The undergraduate or graduate work offered by a school may lead to "tagged" degrees.

(2) Recipients of "tagged" degrees shall be recommended for such degrees by the faculty of the appropriate school.

(3) A school, with the exception of the graduate school, may be organized into departments, divisions, or sections.

(4) A school, with the exception of the graduate school, shall be responsible to a college for administrative purposes. Curricular proposals developed by the school shall be transmitted to the council on academic affairs for review and action after approval by the college dean or designee~~after coordination with the college secretary and after fiscal approval of the dean has been secured.~~

(5) A school may establish its own admission and retention policies and requirements within the framework of university policies and may retain student personnel records for those students enrolled in degree programs under the control of the school. To facilitate the conduct of these activities, a school shall appoint a secretary, with the responsibilities outlined for a secretary of a college (see rule 3335-3-33 of the Administrative Code).

(E) A "division" is an academic unit established within a college or a school to provide for a developing need in a circumscribed subject. The head of such unit shall be known as the chair of a division, shall have academic responsibility, and may be assigned fiscal responsibility by the respective dean of the college or director of the school. This unit shall be responsible for instruction, service, and research in a specific academic concern. Such units may be established in any field in which a new department is not feasible, but in which there is a possibility that growth in the subject may eventually lead to the status of a department. However, the determination to establish such a unit need not be based solely on the presumption that such a unit will attain this status. The status of these units shall be reviewed periodically by the council on academic affairs.

Rules of the University Faculty Updated June 3, 2016

The function of a section shall be to assist the parent unit in the administration of the subject and to provide an organizational structure for relationship with professional organizations or other individuals with similar interests. The faculty member in charge shall be known as the section head. The head of the section is appointed by the administrator of the parent unit and has responsibilities delegated by the administrator of the parent unit. The formation of a section must be reported to the council on academic affairs.

(G) Schools, departments, and divisions shall be located with respect to colleges as shown in the current catalog of "The Ohio State University Bulletin - Course Offerings."

(H) The establishment or abolition of schools, departments, and divisions shall require approval by the council on academic affairs, the university senate, and the board of trustees (see rule 3335-3-37 of the Administrative Code).
